I. Marsden, it was learned that he was suffering from catarrhal appendicitis, and he was advised by that physician to enter a hospital. He left over the B. & O. for Philadelphia, where he entered St. Joseph's hospital. An operation for the removal of the appendix was performed upon the young man Monday afternoon, by one of the well known surgeons of Philadelphia. The surgical operation, which lasted one hour and twenty-live minutes, was entirely successful. A message to the family, here, yesterday, stated that Mr. Harrison was getting along as well as could be expected, and that it was thought he would be able to return home in about one month.—Somerset Stendard.

Speer, of New Jersey, Uses Rollers instead of Feet.

It is from this district the vines were imported over forty years ago that now fill the vineyards of the Speer Wine Co., at Passaic.

At Passaic the same kind of grapes are crushed between large rollers of rubber, revolved by steam. This is the only place in this country where the real genuine Port Wine is made from the Oporto grape—and they are grown right in Speer's Vineyards.

These vineyards extend over ½ of a mile along one of the Main avenues of Passaic, and comprise fifty six acres. The soil being rich in iron makes the wine most valuable for Medical use.

SPPERS WINES

Are well known to be of the highest character, the oldest and most refined Wines in America, equal if not superior to any wines in the world. They consist of Port, Sherry, Burgundy, Claret, Sauterne Wines, and ** ** Climax Brandy. Mr. Speer has some Wine in his that he made over thirty eight years ago. All of Speer's Wines and Brandy are very old, rich, well rounded, soft and delicate. Every family should have a bottle or two of each variety of Speer's Wines and Brandy always in the home, for sickness or family use.
