Bas Increased Threefold Within Five Year and Largely Since Annexation-Of More Value Than Our Business With Many European Nations.
"One reason why I am an expan-ioniti," said Senator Lodge in Wash ington the other day, while discussing the possibilities of our trade with our Island possessions, "is because I have watched the growth of our commerce with the Hawaiian Islands.
"Five years ago, in 1805, the total Hawaiian trade with the United States amounted to only \$11,500,000. Last year it reached \$33,500,000,having increased almost three-fold within five years, and most of this increaso has occurred within the past eighteen monts or so.
"We may not think that a business-of \$33,500,000 amounts to very much when our foreign trade is now run-ning up into the billions, but compare our trade with the Hawaiian Islands, with the Harger countries of the value of colonies to the United States which ship their products to us and by their food, provisions and clothing from this country.
