END OF QUAYISM; FIGURES TALK

Returns From the Primaries Thus Far Held Show This Result. QUAY'S LAST HOPE IS GONE. His Faction Cannot Count Nearly as Many Votes as They Had Last Year.

SECRETARY ETTLA QUILTS HIS JOB. Says Young Men Have No Chance With the Machine—The Bosses are Trying to Lead the Republican Party in Twain—They Care Only for Themselves—A Stinging Letter From Mr. Ettl.

While in Somerset, last Saturday, we were informed by a well known and reliable citizen of that town that a school principal who is well known to many people in Salisbury got into trouble during the week, small hours of last Friday night.

HOUSE OF REPRESENTATIVES. Quayites 61, Anti-Quayites 25, Democrats 60. SENATORS. Quayites 21, Anti-Quayites 8, Democrats 13. ON JOINT BALLOT. Quayites 82, Anti-Quayites 23, Democrats 23.

THE END OF QUAYISM. In the compilation of the foregoing table, an effort was made to get the exact result of the contest for the office of the next legislature. The Quay figures are more than generous. In them are included Quay candidates for both the senate and house, who have been nominated in districts where Quays and Democrats are sure to be re-elected to with every prospect of defeating the machine representatives at the polls in November.

Mr. Ettl. declined the invitation. He wrote a letter saying that the committee represented not the Republicans of the state, but one man and that the bosses in charge of the committee were not the most honest and upright men in the county.

nominate than yourself. "At that time it occurred to me the differences existing in our party, city and this, would be at an end and a general getting together of all factions for the good of the party would be consummated."

At the next fusion in Nebraska the Democrats will doubtless be called upon to apologize for presuming to exist. "BRYAN, Adlai, Aguinaldo, Agoncillo and Anti-Everything" will not be an attractive combination for American voters.

A POLITICAL party that puts forth a platform, and then tries to explain that it doesn't mean what it says, naturally invites the suspicions of the voters.

MR. CROKER has instructed the Tammany orators to appeal to the young men. He evidently hopes to make headway with those who don't have to pay the ice bills.

MR. ALGOLD has pronounced Mr. Bryan the greatest man in the civilized world; and Mr. Bryan has all along contended that Mr. Algold is one of the best judges of greatness extant.

THE Republican administration goes to the country on its accomplishments. Incidentally, it will be materially strengthened at the ballot box by the mistakes of the Democracy.

Those who vote for Bryan vote to abandon a condition more prosperous than ever before enjoyed by any nation for the purpose of trying a financial experiment condemned by all nations.

Is the silver question out of politics, why was it hammered into a political platform? The Democratic party never pointed with pride to any business measure that it ever enacted.

THE Democratic press is telling the people that the McKinley prosperity is only skin deep. Perhaps they are right, but there is no question about the Cleveland adversity having reached to the joints and marrow of the body politic.

THE Hon. E. Ellery Anderson, the leading representative of the former Southern men who make New York their home and represent the large interests of the South, has declared his opposition to the Kansas City ticket.

THE Hon. Adlai E. Stevenson possesses a keen faculty for adapting himself to changed conditions. He now refers to Democrats as "Bryan men."

THE Democratic delegates at the Kansas City convention were parties of the first part, and the voters to whom the platform is addressed are the party of the second part, while the platform itself is the instrument setting forth the respective duties and obligations of the two parties to the contract.

SOMEONE ought to give the Somerset Herald a more rope, for in its frantic efforts to become disentangled and below at the same time there is danger of strangulation.

IT comes with a poor grace from modern so-called Democrats to oppose expansion—even island expansion—when that has been the traditional policy of the party from the days of Jefferson to the days of Buchanan.
