SECRETARY HAMILTON SPEAKS FOR OLEO

Sensational Utterances Attributed to the State Secretary of Agriculture. FUSION FRIGHTENS QUAYTES. They Are Trying to Read It Wherever They Can—Chester Fusion Papers Refused at Secretary of State's Office—The Dauphin Courts Are to Be Appealed To.

HAMILTON ON OLEO. "Secretary of Agriculture Hamilton, having been driven from one trench of false pretense to another, has at last come out into the open as an undisguised champion of oleomargarine. Before the great assemblage of farmers at Williams Grove on Thursday last, the desperate impudence to say that they had no cause to complain of butter was abundantly demonstrated.

INTELLECTUAL INTELLIGENCE. "Secretary Hamilton has shown the intelligence of the farmers while defending the picking of their pockets by the lawless competition of counterfeiters who use the same political machine that has him. They know, as Hamilton knows, that the sale of oleo is a crime, but they are not deterred by the fact that the law is on their side.

DR. HUMPHREYS' SPECIFICS. "The development of the west has borne heavily upon the Pennsylvania farmer. He has found his competition in the great cattle raising industry remaining to him is the dairy, and he has a right to demand that the market shall be preserved for him—outside against fair competition with the lawfully produced article.

REPORTS FROM ALL PARTS OF THE STATE where fusion tickets have been put in the field show that the Quays machine is going everything it can to prevent the movement and throw obstacles in the way of the anti-Quay Republican ticket. Reports from all parts of the state show that all of the old-time teachers had good moral characters. Bad men were sometimes given schools in y olden time, but in those days teachers were scarce, and directors had little or no choice of material.

YE OLD-TIME SCHOOL MASTER.

Our Schools of 50 Years Ago Compared With Our Schools of To-day. Following we publish the contents of an old document left at TOWNSHIP OFFICE some time ago by Mr. Frank Tipping, of Midland, Md. It is an interesting old document and will explain itself.

IT IS AGREED BY AND BETWEEN M. WELLEY AND JOHN KEIM, president of the board of directors of common schools of Elk Lick district, in Somerset county, that said Martin Welley shall, under the supervision and exclusive direction of the board of directors, teach in the school house or building at or near Robert Patton's, for the month of October, 1850, the compensation of fifteen dollars per month, to be paid at the end of each month, if desired, reserving the right for the board of directors, for the time being, to dismiss said Martin Welley from the school house and buildings, and premises here mentioned, to remain and be considered by all parties as remaining and being at all times the property of the board of directors and their successors.

STEVENSON'S MONEY VIEWS.

When Adlai Stevenson, Bryan's present running mate, was on the Presidential ticket with Grover Cleveland, he was a sound money man. So far he has not presented to the public any reasons for a change to the free and unlimited coinage of silver and a grave suspicion is being aroused that he is playing a confidence game on the confiding Populists and free silver Republicans.

RECOVERY OF THE BOUNDARY BETWEEN MARYLAND AND PENNSYLVANIA.

The recovery of the Mason and Dixon boundary line between Pennsylvania and Maryland has begun under a commission consisting of Dr. Henry S. Pritchett, superintendent of the survey; Dr. Wm. Bullock Clark, of the Johns Hopkins University; and State Geologist of Maryland, and Major Brown of Harrisburg, Pa. Capt. W. C. Huggins, of the coast survey steamer Blake, is also identified with the work.
