INSURGENTS REORGANIZED.
Aguinaldo Refuses to Accept Amnesty Offered by Uncle Sam—Many American Casualties Reported for Last Week.

Telegrams from Manila, dated Sunday, say: Senior Buencamino has received from Aguinaldo an answer regarding his peace proposals. Aguinaldo declines to consider them and declares that he is unwilling to agree to a compromise.

The amnesty expired September 21, and the conditions that existed previously have been resumed.

The insurgent demonstrations last week proved to have been more extensive than was at first reported. From Cagayan and Isabela provinces and the northeastern district of Luzon, come accounts of insurgent operations and American precautionary measures.

At Iloilo there was considerable activity and returning in white clothing to the garbioned towns of the district. As a resumption of insurgent operations is considered quite probable the Americans there are taking the necessary precautions.

The American casualties in killed, wounded or missing during the last ten days are reported to be: at Zamboanga, 10; at Simolan, at the end of Laguna de Bay, where the insurgents, after the engagement, delivered ten bodies to the dead.

Documents captured in Manila show that the insurgent activities in this city were ordered by rebels here, following instructions from the Hongkong base.

DR. TALMAGE'S SUNDAY SERMON.

AN ELOQUENT DISCOURSE.
Subject: Christ's Character—His Earthly Life Replete With Beautiful Examples—Fruitful Self-Sacrifice and Unselfish Help Bear Benefits of Others.

WASHINGTON, D. C.—In this sermon, which Dr. Talmage reads from Paris, he analyzes the character of the Saviour, and urges all Christians to exercise the qualities which were conspicuous in Christ's earthly life.

"Now, if any man has not the spirit of Christ he is none of His." "There is nothing more desirable than a pleasant disposition. Without it we cannot be happy ourselves or make others happy."

"We are not to be happy ourselves or make others happy. We are to be happy in the knowledge of the fact that an evil habit in our nature will grow into larger propensities, and that an iniquity not corrected will become the grandfather of a whole generation of iniquities."
