Orient
For 1901
The 1901 Tailored Orient, like the custom made suit of clothes, is made to measure.
The Orient Leader for 1901, now ready for delivery, introduces for the first time in this country long cranks and high gear combination which actual test has shown will do all that is claimed for it. For winter riding or summer touring the Made-to-Order Orient will cover more ground with less exertion than anything short of an airplane.
A choice of gear up to 120 is offered with lengths of crank from 17 to 8 1/2 inches, and intermediate sizes, and an option on 26 or 28 inch front wheels.
The price of the Tailored Orient suit to measure is \$50.

Dr. Washington B. Jones, the Throat Specialist
has devoted thirty years of his life to the search for an efficient remedy for that scourge of America, Catarrh of the Nose and Throat. The American Catarrh Cure is the result of these persistent studies and long continued clinical experiments. It is an entirely new combination of modern chemicals and Indian Herb Medicines, which overcomes the most obstinate form of catarrh. When used for a sufficient length of time, a permanent cure is effected. Consumption may thus be averted as this is the ordinary result of chronic catarrh. Sold by druggists generally at 25c per bottle. Delivery order for the same price by Dr. Washington B. Jones, No. 120 North 4th Street, Philadelphia, Pa.

THE HAVENSTICK ART GALLERY
of Frostburg, will announce that beginning Wednesday, Dec. 12th, and every Wednesday thereafter until further notice, they will have a representative at Hay's Opera House to make sittings for any and all styles of Photo. work or enlargements, and guarantee their patrons the same artistic finish and workmanship that has characterized their studio work. In order to avoid multiplicity of small accounts, all subscriptions for three months or less must be paid in advance. These rates and terms will be rigidly adhered to.

NOTICE.
LADIES, I have opened my store in the Davis Building and have a sale of large assortment of Trimmed Hats—very cheap—prices are from \$1.50 to \$4.00. We will also take orders for winter store for retinning your old hats. Please leave orders early in the week so we can get them done by last week.
Thanking you for past patronage and hoping for a continuance of same, I am
Yours Truly,
Mrs. P. O'Rourke.

LOCAL AND GENERAL NEWS.
The gross earnings of the Salisbury branch for the month of August is \$134.00.
Robert, son of Mr. and Mrs. F. L. Livengood, is quite ill. Lung fever is the trouble.
If you want fine ribbons, go to Mrs. Williams. She has reduced the prices of her entire stock.
The most effective Little Liver pills made are DeWitt's Little Liver Pills. They never gripe. Miller & Shaler.
Mr. Wm. A. Kamm, who some time ago moved to Garrett, was in town this week shaking hands with his many old friends in Salisbury.
A cold, cough or a gripe can be "nipped in the bud" with a dose or two of Dr. J. C. Foley's Honey and Tar. Beware of substitutes. Miller & Shaler.
Pennsylvania has more post-offices than any other state in the Union, the number being 8,256. New York is second with 8,735, and Virginia third with 3,775.
The Catholic fair, festival and dance held in McKinley's hall, last week, was a great success, and the ladies of St. Michael's congregation demonstrated that they are very fine cooks.
It is announced that the Methodist congregation of Meyersdale will next year erect the finest church edifice in Somerset county. The new structure will be built of stone, it is said.
Cold and cough cures are numerous but the one that leads all others in merit, is Dr. J. C. Foley's Honey and Tar. It is in great demand these days. Miller & Shaler.

For Pneumonia.
Dr. C. J. Bishop, Agnew, Mich., says: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case. It is nothing so good. Miller & Shaler."
Reformed Church Services.
Mid-week services, Thursday evening. Senior instruction on Friday evening. Junior instruction on Saturday at 1:30 p. m. Sunday school, Sunday morning at 9:30. Divine services morning and evening.
A welcome to all.
H. R. S. MAY, Pastor.

For Hoarseness.
Benj. Ingerson, of Hutton, Ind., says: "I have used Foley's Honey and Tar for months, and one bottle of Foley's Honey and Tar restored my voice. It is used largely by speakers and singers. Take no substitute. Miller & Shaler."
License to Drink.
The State of Oregon has hit upon a device to make men sober that would frighten the devil. Every man who drinks has to take out a license costing him \$5 a year, and unless he is authorized to drink, he cannot be served with liquor at any hotel or saloon. Every six months the names of persons licensed to drink are published in the papers so that the public may know those who are authorized to drink.—Lanark (Ill.) Gazette.
Oregon certainly has some peculiar laws. Aside from its new drinking law, which may or may not be a good one, it also has a law in regard to citizenship that is different from that of any other state. It is not generally known, but it is nevertheless a fact that Oregon is the only state in the Union where a negro cannot gain citizenship. The colored man is not only prohibited by law from becoming a citizen of Oregon, but he is also debarred from becoming a resident of that state. Oregon is strictly a White man's state.

A few from the Somerset Standard.
A house located just northeast of the Highland Inn was blown off its foundation during the storm last week. An infant child, asleep in the upper part of the house at the time, escaped injury. The liquor license of the Commercial hotel was transferred on the 14th inst. to Mr. E. E. Grove, of Johnstown, who will run the hotel in the future. Mr. Kifer, the former proprietor, has again taken up the position of traveling salesman for Love, Sunshine & Company, of Johnstown which he resigned last spring to engage in the hotel business.
Four members of the Somerset Smokers' Club Company were last week making an inspection of the Company's operation in the southern part of a county. They are U. C. Hatch, C. M. Schneck and W. A. Reed, all of Cleveland, O., and Parke Foster, of Ellyria. The Somerset Club Company's output has been introduced into a number of western cities for use in large buildings, and it is said the demand for it is growing to such an extent that the present force of workmen will be doubled the coming winter.
Representative-elect John P. McTigue of Pittsburgh has a pet measure which he will introduce in the coming session of the Legislature. It will establish a pension fund for teachers in the common schools who have served for twenty years or more. The measure will provide for five per cent. of the State appropriation for the common schools going into the pension fund, which will establish. This appropriation for 1899 amounted to \$5,500,000, and for this year to \$5,600,000. If the bill is introduced by Mr. McTigue, there will be a law there would be for this year \$250,000 in the fund.

Instant Relief from Toothache
can often be obtained by placing in the hollow tooth a small piece of cotton saturated with the famous H. H. Medicine. Sentimentalists will be pleased to know that, extending from the hip down the leg, producing great agony, is best treated by the H. H. Medicine. The same remedy is equally efficacious in Neuralgia, that excruciating nerve pain, which shows itself in the face, attention. Try it, and you will recommend it to your neighbors. Internal remedies for neuralgia, rheumatism and headache are all of them dangerous, and should therefore be avoided. Call for the genuine article, with the portrait of H. H. Medicine, 40 North Third Street, Philadelphia, Pa., on each wrapper, and refuse to accept worthless substitutes.

Clipped From the Meyersdale Record.
A new night crew has been put on the Salisbury branch. The work of this crew consists of distributing empties to the branch and hauling loaded cars to the Junction. Engine 1218, with J. A. Bane at the throttle, D. Guthrie doing the shovel and rake act, and Conductor H. Swanner carrying the books and orders, compose the crew.
Engine 1272, having a westbound freight, collided with helping engine 1061 at Salisbury Junction, yesterday morning. Both engines and several cars were badly wrecked, blocking the tracks for three hours. Agent H. M. Lynch had a narrow escape, one engine, in its plume, grazing the office where he was busily employed at his desk. No trainmen were injured.
Major Phil A. Shaffer, chief engineer for the W. K. Niver Company, spent Sunday in the city. From him we learn that it is the Niver Company that has purchased the 15,000 acres of coal land options that were held by Berlin parties on a tract in Brothersville township. He now has three surveying corps on the ground, and in a few days he expects to have three more at work. If the weather will permit he expects to have his part of the work along so that in about sixty days he can commence locating shafts, for the company are anxious to get these mines opened up as soon as possible. They now have two Diamond drills at work, and they will have two more on the ground this week, making five in all. Several young men in the city have been given work with the surveying corps by Mr. Shaffer.
