Arch Cochrane, R. C. Fuller, Jacob Radcliffe, C. E. Snyder and Miss Cornie Keim all have our thanks for money paid on subscription during the week.

A cold, cough or a gripe can be "nipped in the bud" with a dose of two of FOLEY'S HONEY AND TAR, beware of substitutes. Miller & Shaler.

Robt. Beachy, Florence Speicher and Hattie Haselbarth are among those of our young people who have returned home from their studies to spend the Holiday season.

We learn with much regret that the family of Howard H. Keim, of Ladoga, Ind., is sorely afflicted with diphtheria, also that of one N. G. Keim's children of Elkins, W. Va., is very ill with typhoid fever.

Many have lost confidence and hope as well as health, because they thought their kidney disease was incurable. FOLEY'S KIDNEY CURE is a positive cure...

Mr. and Mrs. Leonard Tipton and their little daughter, of Keim, Pa., were among THE STAR's callers on Monday afternoon when they were out on their errands.

We are a little late getting out the paper this week, owing to the festive portion of the week. We never work on Christmas and the Fourth of July, then, too, our large calendar printing trade has been taking up nearly all of our time.

Don't use any of the counterfeits of DeWitt's Little Early Risers. Most of them are worthless or liable to cause injury. The original DeWitt's Little Early Risers are safe, sure, and sure to cure.

Our friends John W. Corbett and Leslie Ecker of media Sta. were here pleasant after Christmas call on Wednesday. As the result of their visit we are several dollars better off, for they two good fellows never forget to pay the printer, and by the way, did you ever take notice that men who travel on the square always get along better and have more money than those who are always on the beat? Good luck to them!

Hans Wilhelm last week moved his household effects into the residence he purchased last fall from Mrs. M. Dreyer, on Grant street. We were real sorry to see Hans moving out of the Betsy Wagner property, for we used to have lots of fun with his electric door bell when going home at night.

One of our prominent citizens has handed us quite a lengthy article on the existing and growing evils of our town, requesting us to publish the same. We haven't got room for it in our column, this week, but we will publish it in our next issue.

When the stomach is tired out it must first rest, but we can't live without food. Kodol Dyspepsia Cure "digests what you eat" so that you can eat the good food you want while it is restoring the digestive organs to health.

"Well, if I haven't earned my Sunday rest, then no man in Somerset has!" was a remark dropped by Charles Weimer, the popular local blacksmith, when he took off his apron, Saturday evening, says the Somerset Herald.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious. It is the latest discovered remedy. One Minute Cough Cure quickly cures coughs and colds and the worst throat and lung troubles. Miller & Shaler.

Mr. Jacob M. Dennis, a prominent farmer residing near Summit Mills, died on Monday last after an illness of about 20 years with a number of ailments that caused his death were kidney disease and inflammation of the bladder. Mr. Dennis was a consistent member of the German Baptist church, and a deacon of the Summit Mills congregation. He was highly esteemed by his friends and neighbors, and he will be greatly missed in the community where he so long resided.

A farmer in Addison township tells a good story of De Haven, Olen, who was in Addison on a hunting expedition some time ago. The granger had killed a pheasant, then got a local taxidermist to stuff it for him. Oscar came along and spied the bird, and after shooting at it until his entire supply of ammunition was gone, and his gun barrel was so hot that it would have split, he was charged to hold the bird for the taxidermist.

Cards are out announcing the marriage of Mr. Peter A. Beechey and only daughter of Dr. P. Fahney, of Chicago, who is to be married on Jan. 10th, 1901, at the bride's home. The groom is a former Elk Lick young man, a son of the late Abraham I. Beechey, and the bride's father is known to the people of Somerset county.

Dr. Fahney at one time did business in Meyersdale, if we mistake not, where he manufactured the well known Fahney family medicines. He went to Chicago some years ago to get into business, and he has since then prospered to such a degree that he is now a millionaire.

Our brother, A. S. Livengood, in ordering the address of his paper changed from Woodville, Kan., to Chicago, Ill., takes occasion to say: "My corn crop this year was a partial failure, owing to dry weather, but I had about 500 bushels. I had 20 acres of oats and five acres of wheat. This fall I put in 20 acres of wheat, which is looking splendid. I tilled all my crops myself, doing all the work alone, except harvesting, and I also helped some of my neighbors during harvest and haying time. This is the best neighborhood I have ever lived in. We have farmers here that raise from 30,000 to 40,000 bushels of wheat. That sounds like a fish story, but it is true. We have long and short distance telephones here, also rural free delivery of mails. The Demophas have all disappeared since Nov. 6th. In fact there were very few of them in this neck of woods before the election. Times are better than I ever saw them before."

A Meyersdale young lady attending church one Sunday evening not long ago, sat directly behind a tall, handsome dressed stranger with a piece of raveling hanging over his collar. Being a girl of the generous-hearted, whole-souled kind who grows up to be motherly old friends to everybody in town, she thought how glad she would be if a kind-hearted girl would do so much for her father if he should come to his back. So when the audience arose for prayer she concluded to pick it off.

When you need a soothing and healing antiseptic application for the relief of sore throat, cough, croup, and all lung diseases, it will be found in our store. It is very pleasant to take and can be relied upon to quickly cure coughs, colds and all lung diseases. It prevents consumption. Miller & Shaler.

Mr. George S. Scully, of Pittsburg, who has many warm friends in Salisbury and vicinity, wrote the editor a short letter on the 24th inst. Among other things Mr. Scully said: "Send me bill for THE STAR for year ending Dec. 31st, 1901. I also wish to renew for 1901, as the news of old Somerset county is always interesting to me. I had several good hunts during the winter season, and had good sport all fall. Next season we expect to go to Maine. I have never been in better health, having recovered entirely from the fever."

For Pneumonia. Dr. C. J. Bishop, Agnew, Mich., says: "I have used FOLEY'S HONEY AND TAR in three very severe cases of pneumonia with good results in every case. There is nothing so good. Miller & Shaler."

Another Word to the Ladies. We understand there are still a few ladies in Salisbury and vicinity who did not take advantage of our recent offer to send an elegant silver-plated sugar shell absolutely free of charge to any married lady who would simply ask for it, so we will renew the offer for a short time only.
