that many people. Furthermore, the population at each end and all through the Elk Lick coal region is increasing by rapid strides. The electric road is sure to come, and the business men of Salisbury and Meyersdale should do all in their power to hasten it. We need such a road, and now is the time to act. He would often upbraid the family and relatives for lack of faith. He tol them that with faith enough they could fly. A good sister of the good man constructed a pair of wings, and after attaching them to her shoulders, jump-ed from a second-story window to take an acrial voyage. The result was a twenty-foot fall to the ground, and both arms were broken. The preacher rushed to her assistance and tenderly picked her up, remarking, "Susan, you have the right faith, but the wrong dop." An Elkins visitor said his father was of THE STAR is mailed. Mr. Eli Folk, one of the many good fellows over at the village of St. Paul, handed us a couple of dollars on sub-scription, Monday last, remarking as he did so that Tux Strax is an all right paper, but that he thinks it is a little roo rough on the Democrats sometimes. However, he likes the paper because it speaks its sentiments, and he admits that its sentiments, and the admits that its sentiments, and regoreally on the right side. But politically he thinks we are all wrong, and that's just what we think of a whole lot of good fellows over at St. Paul-they are all right, only their polities should be Republican. At a meeting of the Democratic mem-bers of the Somerset County Bar As-sociation, held in Somerset on Friday, February 8th, it was agreed that the Democratic lawyers should take no part in the appointment of a President ludge, in case Somerset county, is made a separate judicial district. The fact of the action taken was not an-onenced until last week, the current issue of the Somerset Democrat con-taining a brief statement of the meet-ing. II. L.
