SALISBURY, ELK LICK POSTOFFICE, PA., THURSDAY, MAY 1, 1902.

NEWpublican conference at Pittsburg, last week, to fix a method for the nomination candidates for Congress in the new Twenty-third district, are dissatisfied with the adoption of the resolution giving each of the three counties in the district conference by three conferees. This means, of course, that the Fayette delegates want only such representation as will give Fayette the power to nominate all Republican candidates for Congress. If our new political relatives in Fayette have been indulging in any such pipe dream they ought to abate in dudlgence promptly. Since the "Frosty Sons of Tunder" will be refavel upon to furnish the Republican majorities for the district, they will demand their rights to furnish at least an occasional candidate.—Somerset Standard. **After the commencement exercises, the This paradoby the graduating class of 1902, of the Salisbury High School. Our dear old friend (?) Lou A. Smith announces in his last week's Commercial that he is going to be on his good behavior during the present political campaign. He promises to do no mudthrowing, but will he keep his promise?
In other words, can a hog forsake its filthy wallowings? Time will tell. In the same issue he makes such promises he publishes a whole column of hoghe publishes a whole column of hogwash calculated for no other purpose
than to bring about a campaign of personalities, the very thing he pretends
to seek relief from. The A in old "Lucifer's" name stands for Ananias, and it
is just as impossible for Lou Smith to
go through a political campaign without opening his mud and filth batteries
as it is for any other hog to be decent
and cleanly. Imagine the anguish of a
sow deprived of her wallow; think of
the misery of a cat in hades without
claws; think of the agony of a starving
buzzard that hasn't had a mess of carrion for a week; think of the terrible
condition of a fish out of water; then,
after thinking of all these things, you
may be able to form some idea of the
misery Lou Smith will be in if he attempts to pass through a political camdog to acquire any more sense than he had during his prime or to learn new tricks in his old days. But all his ranting and raving will harm no one but ing and raving will harm no one but himself. A man who has made a hog of himself as many years as Lou Smith has done, is not very apt to become de-cent in his dotage. But who cares what he does? He that is filthy, let him be filthy still, sayeth the Scrip-tures.

On this We Agree With Our Adver-

much good to agree with you on the above. For once you have made a statement that came straight from the heart. For once you have uttered a truth as firm as the everlasting hills. For once you have been honest enough to utter what you really think. But you are so weak, so vacillating, so wishy-washy, and so utterly, deplorably, pitifully, outrageously, lamentably and irredeemably politically depraved that you may go back on your own truthful statement before next week.

Next was a musical selection by the orchestra, after which Miss Marion Rees delivered a fine oration entitled "Blocks of Stone."

This was followed by a splendid essay entitled "Life—What We Make It." by Miss Elizabeth Engle, which was followed by another excellent selection by the orchestra.

Miss Harriet Hay then delivered a fine oration, entitled, "America's Traitor." The young lady ripped old Benedict Arnold up one side and down the other in such an earnest and eloquent way that it would have been little wonder if the arch traitor would have rolled over in his grave and startled the world with his groans.

The class prophecy was rendered by Miss Charlotte Boyer. It was made up of a large number of humorous and appropriate remarks and happy hits. It is earnestly hoped that Miss Boyer's dream concerning the fine new school house she mentioned will be speedily realized. If it isn't, some people in this town will have a whole lot to answer for when called before the Great Judge of the world. We ought to have a new school house this year summer. Bravo, bravo, old man! New Coal and Coke Company.

The charter of the Pennsylvania, Maryland & West Virginia Coal & Coke Company, of Johnstown, with a nominal capital of \$1,000 has been granted by the State Department at Harrisburg. It arrived yesterday through Keim & Weimer, attorneys, and was delivered to the local stockholders. The incorporators are D. B. Zimmer-man and George H. Love, of Somerset, and J. K. Love and W. H. The Compay has options on large tracts of coal land in the three states covered by the charter, although it is not expected that the lands in West Virginia and Maryland will be operated at present. The Pennsylvania territory consists of over five thousand acres of fine coal in Allegheny county, lying between the Pittsburg & Western and the West Penn railroads, although it is the present intention to operate it from the former road, and after delivering the ore to the furnaces, cars have to re-

trade and will send most of the coal mined over the Bessemer. Gray's Mills is the nearest settlement to the
