

"Disinfectine" THE MODERN MEDICATED SOAP

The Most Wonderful Product of Modern Science

Prevents Contagion

It is Healing, Soothing and Antiseptic

MANY DISEASES are caused by microbes and bacilli which lurk everywhere; in paper money, books, paper, carpets, rugs, clothing; on walls, windows, car seats, in toilet rooms, and even in the air we breathe. The hands sometimes or other, come in contact with all these articles and surroundings. THE SKIN ABSORBS. The hands are liable to carry the germs with articles of food or otherwise, to the mouth, where the germs are absorbed by the lymphatic and blood vessels, and in this way spread the poisonous germs through the whole system.

WHETHER EXPOSED TO CONTAGION OR NOT, people should always use "Disinfectine" Soap. Teach the children in schools and households to wash their hands with "Disinfectine" Soap, especially BEFORE MEALS. It is endorsed by the Medical profession everywhere. A public benefactor and scientific preparation worth ten times its price. There is only one "Disinfectine" Soap; all similar brands are imitations. Popular price, 10c. All druggists and reliable Grocers sell the cake by mail. Satisfaction guaranteed.

THE DEMOCRATS OWN IT

The Union Party Now Owned and Operated By Democrats.

WANT TO CAPTURE LEGISLATURE

Then They Would Proceed to Elect a Democratic Senator—Plans All Laid Out—Some Sensational Democratic Fakes Exposed.

(From Our Own Correspondent.) Philadelphia, Sept. 2.—What everybody has been expecting has at last come to pass. The Democracy has gobbled the so-called Union party at one gulp. On Saturday last the Democratic state leader, Colonel James M. Guffey, held a conference in this city with Frank M. Ritter, state chairman of the Union party, and completed the details.

It is a notorious fact that Democrats have been after Union party delegates right and left for weeks. The result of this is that the Democratic owners of the Union party have demanded an endorsement of Pattison and Guthrie or else they will "rough" the convention and make a scene.

The people in charge of the Republican state headquarters have kept themselves fully informed of the movements of the Democrats in their work of capturing the independent remnant in this city and state. An agent of the party went into Washington county and offered the delegates of the Union party three free transportation and all expenses to Philadelphia if they would vote to endorse Pattison. In this city the most unusual proceedings have been resorted to to capture delegates in the interest of the Democratic party.

A DEMOCRAT FOR SENATOR.

It is now understood that the deal between the Union party promoters and the Democratic managers includes not only the endorsement of the Democratic state ticket, but an arrangement for the selection of candidates for the legislature who will be pledged to vote for a Democrat for United States senator and the support of Democrats and Unionists of a fusion candidate for mayor of Philadelphia next spring.

In the promotion of the mayoralty scheme it is understood the so-called Union party state convention will undertake to authorize a reconstruction of the Philadelphia Union ward and city committees along the lines calculated to promote the deal already entered into. This means that an effort will be made to depose men in Philadelphia who favor Judge Pennypacker and substitute Democrats or those who are in harmony with the Democratic scheme.

A sample of the work they have been carrying on was furnished the other night in this city. Members of the Union Party committee of the Thirtieth ward met at Eighth street and Fairmount avenue and elected Louis Meunch and William McGowan as delegates to the state convention, instructing them to support ex-Judge Pennypacker for governor. The meeting, which was presided over by Joseph Wetrich, was invaded by members of the Democratic Ward Executive Committee, who wished to throw the support of the convention to Robert E. Pattison.

Falling in their efforts to stampede the convention the Democrats bolted, and held a second convention at 521 North Seventh street, where they elected representatives for Pattison.

A PACKED CONVENTION.

The Union party has held no primaries. A few men have gathered here and there and they have chosen their delegates. In some cases there has been snap judgment and in other cases two sets of delegates have been elected from the same districts. But the Pattison delegates will be admitted to the convention.

Of course there will be some Pennypacker men in the convention, but the Pattison men control the machinery of the party by purchase and they will see to it that Pattison has a majority in the convention. It will be a packed gathering and the Pennypacker delegates will not stand a chance of being treated fairly.

SOME DEMOCRATIC FAKES.

Sensational fakes are playing a prominent part in the Democratic campaign. A week or two ago somebody sent Hon. Robert E. Pattison an alleged infernal "machine." After a lot of exploitation it turned out to be a package of harmless stuff.

Last week the story was industriously circulated by the Democrats that State Insurance Commissioner I. W. Durham, the Philadelphia leader, who is in Colorado, was dangerously ill with a chronic disease. It is not a new trick to invent reports that this and that political leader are not expected to live long, owing to some malady that has taken hold of them. For the last dozen years Quay's enemies have from time to time reported him in a dying condition. Several years before his death the late lamented Chris Magee read in the newspapers that he was a dying man. And there have been other similar cases.

Commissioner Durham is in perfect health and will return to Philadelphia this week. He rides on an average 25 miles a day, and in a recent personal letter declared that he was never so well in his life.

Feet Swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." E. H. Miller.

Public May Hear Other Side.

Every question has two sides. Daniel Kough, proprietor of the Half-Way House at Windber for several years, aired his troubles last spring about getting a liquor license for his hotel, and an unsuccessful effort was made at the time by the opponents of J. A. Berkey to make political capital out of the case. That was Kough's side of the story. The other side will be revealed to the public when the case which J. A. Berkey has instituted against Kough for the recovery of \$200 alleged, to be due him for fees, is heard in court. Kough made three attempts to get liquor license, and twice drew a blank. Because the attorney employed to make the first effort was not successful, Kough neglected to pay him. The following year—February 1901—he changed "doctors," employing J. E. Gastelger, who was to elicit the help of J. A. Berkey. He was anxious that there would be no slip-up on the second effort and promised the attorneys additional pay, probably more than their fees amounted to, if they were successful in securing the coveted license. The court granted the license and Kough paid part of the promised fees without any objection. Because he was successful in getting the license in 1901, Kough employed Berkey again 1902 to present his petition to the court. The license was refused, and then came the first objection to the voluntary fee. Last June, when Mr. Berkey was a candidate for the Congressional nomination, Kough went before a justice of the peace and alleged certain matters which were afterwards printed and spread broadcast over the county for whatever effect they might have. Mr. Berkey brought suit before Justice Pisel for the balance due him and secured judgment, from which decision Kough has taken an appeal.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shiloh, Wash., and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure. E. H. Miller.

A TARIFF TEST

How Pennsylvania's Iron and Steel Industry Has Grown.

The fight in Pennsylvania this fall is one of the most interesting in the country, because of the large congressional interests involved. The proposed Democratic attempt to revise the tariff enters largely into the subject and increases the importance of the contest.

Of great interest to the people of this state is a special bulletin just issued by the census bureau. It shows that Republicans and a protective tariff have done for the state and its wage workers through the development of its iron and steel industry. The report says:

Pennsylvania's place as the leader in this industry is thus shown by the report. Of the total capital reported for active establishments in 1900, namely, \$590,530,384, Pennsylvania contributed \$321,985,659, or considerably over one-half, as compared with \$228,294,407 in 1890 (total \$414,044,844), still over one-half, and \$102,956,223 in 1880 (total \$206,904,965), a little less than one-half.

The average number of wage-earners employed in the whole country in 1900 was 222,607, who were paid wages amounting to \$120,836,338. Of these totals Pennsylvania gave work to 110,864 wage earners, almost one-half of the total reported, paying them \$61,908,405, or over one-half of the wages paid in this industry in the United States.

In 1900 the cost of all materials used by iron and steel establishments, including freight charges, amounted to \$522,431,701. Pennsylvania's contribution to this total was \$283,142,785, considerably more than the total cost reported by all the other states in the union. In 1890 the amount reported by Pennsylvania for cost of materials was \$180,220,237, compared with \$327,272,845 for the whole country, and in 1880 it was \$92,267,030, compared with \$191,271,150 for all the states.

The value of the iron and steel products reported by Pennsylvania in 1900 was \$434,445,200, compared with \$804,034,918 for the United States, or 54 per cent. of the total value reported. In 1890 the figures for Pennsylvania were \$264,571,624, and for the whole country they were \$478,687,519, Pennsylvania's contribution amounting to 55.3 per cent., slightly more than in 1900. In 1880 the value of the products made by iron and steel establishments in Pennsylvania was \$145,576,268, as compared with \$296,557,685 reported by the United States, the proportion of Pennsylvania being 49.1 per cent.

That New Party in Pittsburg.

Republicans throughout the state would have considerable more interest in the so-called "Ballot Reform Party," organized in Pittsburg last week, if it were headed by men of responsibility. The fact is that this organization has been formed to be used as a club by some politicians in Pittsburg. It is not entitled to the consideration of anybody, under the circumstances. There is a big fight going on in Pittsburg and this alleged "Ballot Reform Party" is only another and newer phase of the Pittsburg row. It is to be used against the regular Republican state ticket.

D. DODGE TOMLINSON'S

Celebrated H. H. H. Medicine is not a mere perfumed lubricating oil, the application of which serves only to amuse and occupy the patient, but is in reality a scientific combination of powerful chemicals and potent drugs, which have the marvelous property of going straight to the seat of the pain, where they act upon the lymphatics in such a manner, that the cause of the pain is absorbed and removed. It does not matter much whether the pain be due to an abnormal swelling, to sprains of the joints or strains of the muscles or tendons, to rheumatism, lumbago, neuralgia, sciatica, to toothache or headache, all of these are quickly relieved by the magic effect of H. H. H. No other medicine or liniment seems to equal it in the rapidity or certainty of its action. Often a single thorough application causes the pain and discomfort to vanish, as if by magic.

The H. H. H. is used only externally. It is put up in a 25 cent size and also larger bottles.

The signature and portrait of the inventor, Dr. D. Dodge Tomlinson, 400 North Third St., Philadelphia, Pa. is printed on the wrapper around each bottle. Sold by druggists. A slightly smaller sample vial will be delivered by U. S. Mail on receipt of 25 cents in stamps.
