Whiskey \$1.10 PER Gallon.

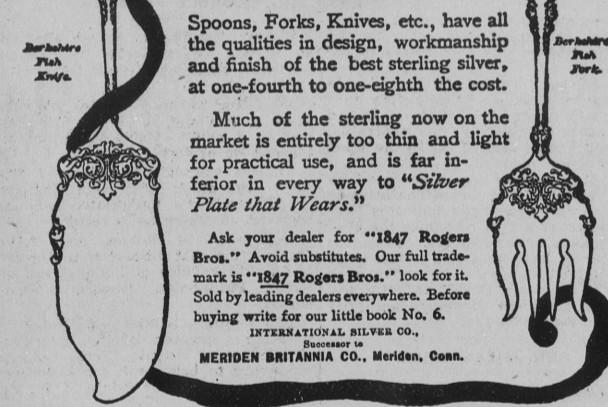

We claim to be the LOWEST PRICED WHISKEY HOUSE. We really sell whiskey as low as \$1.10 per gallon, and mind you, distilled whiskey—not a deception of chemicals—but of course it's new and under proof. "CASPER'S STANDARD" 10 Year old whiskey is a liquid joy! It is actually produced by honest Tar Heels in the Mountain Section of North Carolina by the old time process. Every drop is boiled over open furnace wood fires, in old style copper stills, in exactly the same way it was made by our grandfathers a century ago. First rate whiskey is sold at \$5 to \$6 per gallon, but is not any better than "CASPER'S STANDARD." It is the best produced and most please every customer or we will buy it back with gold—we are incorporated Under the Laws of N. C., with an authorized capital of \$100,000.00 and the Peoples National Bank and Piedmont Savings Bank of Winston-Salem, N. C., will tell you our guarantee is good. This old honest, mild and mellow whiskey is worth one dollar per quart, but to more fully introduce "Casper's Standard" we offer sample shipments of this brand at half price, (packed in plain sealed boxes) 5 Quarts \$2.95, 10 Quarts \$5.00, Express Prepaid Anywhere in U. S. All orders and remittances (in stamps, cash or by check, etc.) as well as requests for confidential price list MUST BE ADDRESSED AS FOLLOWS:

Notable for Their Durability.

A most important feature of the flat, indestructible records used on the Columbia Disc Graphophone is their durability. The material used is a composition exclusively controlled by the Columbia Phonograph Company, pioneers and leaders in the talking machine art. While its peculiar character admits of its receiving the most minute vibrations, the composition is hard enough to resist wear. For this reason Columbia Disc Records outlast all others while they are vastly superior in quality. Instead of being of being scratchy and muffled, they are smooth, clear, resonant and possessed of a volume that is truly marvelous. Only those who have heard them can appreciate their durability. KENTUCKY OIL BOOM.

J. J. Hobbittzell, of Meyersdale, in Great Luck.

A recent dispatch to the Louisville Dispatch, from Barbourville, Ky., says: "The Byrley well is about half way between this place and the Hammons gusher of the Richard Oil Company. It was reported some days ago as having a capacity of fifty barrels, which was thought to be true by the operators and the men who drilled it. Yesterday, while it was being pumped, the capacity increased to 250 barrels, and it is still on the increase. No well for a long time has caused as much interest to be shown in oil circles. The well is close to town, and in the locality where but little land has been leased. J. J. Hobbittzell, of Meyersdale, Pa., has the Byrley farm under lease. Leases have suddenly jumped to \$100 per acre. Several leases were taken at this price on lands lying in close proximity to the Byrley lease. This property is only two miles north of here. The wells have been getting better as operations move down the creek toward Barbourville, and it is thought that one of the best wells in the field will be the result of the efforts to get oil within the town limits. The McDonald well, owned by Hobbittzell, is only about 200 yards from the Byrley well; the former still flows by natural force. The two will be pumped with the same power. The men who drilled in the Byrley well and the McDonald well will work in this neighborhood all winter, as Mr. Wm. Dabney, the contractor, has taken a contract to drill all winter for Mr. Hobbittzell. He has 500 acres at this point, and nearly that much around this place, and will have wells sunk on all the farms.

It was reported here at a late hour last night that the Miller well No. 2 was over-flowing, and that work had been suspended. This makes the fifth for Hobbittzell. He is the lucky man in this field at present. If the Miller well is as good as the Byrley and the McDonald, everything will be wild sure enough."

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat. E. H. Miller.

Somerset Operators Must Comply With the Law.

Bernard Callahan, district mine inspector, has begun legal proceedings against Thomas Rees, mine superintendent of the Fairview mines, owned by Clayton & Galloway, of Baltimore, Md., located on Coal Run, Somerset county, for violation of the state mining laws. Inspector Callahan says there are no mines in the state where laws are violated so much as they are in Somerset county and that this case is only the beginning. He says certain sections are altogether disregarded and they are always the most important ones. He calls particular attention to the following:

Article 4, Section 1, which relates to the ventilation to be provided, requiring circulation of air through the mines, 100 cubic feet for every person employed therein, and in cases where fire damp has been detected, at least 150 cubic feet per minute.

Article 6, Sections 1, 5 and 8, relating to mine foremen and their duties. Mr. Callahan says these sections are criminally violated and must be obeyed. It is his duty to guard the workmen and he gives derelict Somerset county mine officials warning.—Westmoreland Democrat.

Spent More Than \$1,000.

W. W. Baker, of Plainville, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. E. H. Miller.

Joint Ministerial Meeting.

The Fall meeting of the Joint Ministerial Associations of Somerset and Meyersdale will be held on Monday, Oct. 20th, at Rockwood. Rev. E. Skyes, of Berlin, and Rev. H. King, of Somerset, will read interesting papers. All members are urged to be present, and visiting clergy are cordially welcome. C. F. GERHART, Secretary.

Forty Years' Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. E. H. Miller.

THE MIDLAND IS SOLD.

The Sum of \$50,000 is Paid for the Road.

The Pennsylvania Midland railroad was sold at master's sale at Bedford on Thursday of last week, to Hon. J. M. Reynolds of that place for the sum of \$50,000. Mr. Reynolds is said to represent the Pennsylvania company in the sale, and states that the railroad, of which already seven or eight miles are completed and the greater part of the route graded, will be pushed at an early date. The road mentioned extends from Cassina Station in Bedford county north 20 miles to the Brooks Mills, a station on the Martinsburg branch of the P. R. R. company in Blair county, connecting also at the southern end with the P. R. R. The price paid for the road does not include the mortgages against it, which, according to the terms of the sale must be paid by the purchasers. D. P. Reighard, a capitalist of Claysburg, Blair county, was one of the bidders at the sale.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquefies the mucus, always inflammation, removes danger. Absolutely safe. Acts immediately. Cures colds, coughs, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga.: "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." E. H. Miller.

Meyersdale Coal Company.

The Wells Creek Coal Company, at Listie, Somerset county, on the Somerset & Cambria branch of the B. & O., passed from the control of F. C. Keighley, I. W. Semans and T. B. Semans, all of Uniontown, the purchasers being S. A. Kendall, W. T. Hobbittzell, and F. B. Black, of Meyersdale, J. M. Black, of Somerset, E. T. Norton, of Connellsville, and J. L. Kendall, of Pittsburg. The consideration was in round figures \$100,000.

The property has been developed and worked for about six years, but there remains 550 acres of the Listie coal 5 ft. 2 in. thick, and the purchase included 150 acres of surface topping part of the coal. The mine is now shipping 600 tons of coal daily to the seaboard. It is fine steam coal. The cost of operation is reduced to the minimum by the fact that the coal is self-draining. Possession was given to the purchasers Oct. 1st.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and E. H. Miller will guarantee satisfaction or refund price. Trial bottles free. Reg. sizes, 50c. and \$1. 10-30

Addison News.

Oct. 6th.—A. Marshall Ross, of Confluence, died at his home in that town, Sept. 30th, aged 61 years. His death was caused by paralysis. Deceased was a gallant soldier of the R-bellion and was a sergeant in company E, 133d Pa. Vol. infantry. He is survived by a wife and several children. Deceased was a very highly esteemed citizen.

W. S. Darr has sold his hotel to Jasper Augustine, of Uniontown. The proposition is that John L. Rush will take charge and run it. John L. Rush is the father of James Rush, the proprietor of the Central Hotel. The consideration, we are informed, was about \$2,500, and we understand that the new landlord will be given possession about Nov. 1st.

Robert E. Ross is on the sick list. Mrs. Nannie Largent and her daughter Minnie, and Mrs. Jane Wright, were at Outcrop and Connellsville, last week, visiting friends.

Miss Jessie Rishbarger recently returned from Pittsburg, where she had been visiting friends for about two weeks.

Mr. T. J. Augustine, one of our leading merchants, and Miss Cynthia Lakin, of Keyser's Ridge, were married last Wednesday, at the home of the bride. The happy couple have gone to Washington, D. C., on a wedding tour. We wish them a long and happy life.

Quite a number of our people are going to attend the G. A. R. annual encampment at Washington. Among the number are E. Largent, E. L. Stark, C. Rishbarger, C. R. McMillen, Chas. Roberts, Daniel Nicklow and George Scully. We wish them a good time.

America's Famous Beauties.

Look with horror on Skin Eruptions, Blisters, Sores, Pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanishes before it. It cures sore lips, chapped hands, chilblains. Infallible for Piles. 25c. at E. H. Miller's drug store.

THE HORSE'S AFFECTION.

It Is Said to Be Only Yours While You Deserve It.

The affections of a horse are not inferior to his intellectual qualities; and, especially if made a pet, he becomes very fond of his master. In case of separation he remembers him for years. But his affection is different from that of a dog, which continues to love his master even though the latter abuses him greatly. Rough, unkind treatment will quickly estrange the affection of a horse, says David Buffum, in Success. Good horse sense discovers no particular reason why a horse should be devoted to a master who habitually maltreats him.

The intellect and affections of a horse point out two things so important to a trainer that he should keep them in mind until they become fixed habits of thought:

First—Never, under any circumstances, allow a horse to successfully oppose his will to yours. If you do he will remember it and (reasoning from experience) try it again.

Second—Always keep his affection, if he dislikes you he has no wish to please you; and, if his obedience is always perfunctory, you will make but little headway in training him.

These two points assured he will almost invariably try to do whatever you require of him—if he only knows what it is.

Superior to Imported Wines.

Dr. S. F. Howland, formerly of 29 West 42d St., New York, says: "I can say emphatically that the quality of Speer's wines for invalids is far better than any of the imported wines. His Port, Claret and Burgundies are extraordinary fine."

A PROSE POEM.

Look-ee here,
You old crane-legged, bat-eyed,
Jimmer-jawed and double-jointed
Parody on a political party,
Hopping over the country
Like a bull frog on a sand bar,
And bellowing at the very top
Of your squeaky old voice,
"I am the great Democracy—
I am the friend of the people—
And besides me they have no other."
Shut up your everlasting gab
And look at your record a minute.
What in thunder have you
Ever done to prove yourself
Worthy of respect—
Even the respect of a polecat?
You've "resolved" and "whereased"
And "opposed" and "denounced"
And "viewed with alarm"
Every time this country
Has taken a step forward
Under the fearless and faithful
Leadership
Of the noble old Republican party.
Yes, you've done that all right,
But point out, if you can,
One single instance where you've
Laid your shoulder to the wheel
To help the country out of a hole.
Put your finger on the star
That you added to the nation's
Crown of glory, if you can.
You caused the Civil War,
And you also gave us Grover.
Once you set on a nest
Of Wilson-Gorman eggs
From which you hatched out that
Low Tariff chicken, don't yer know?
Well, that was a beautiful bird.
Every man in those days
Wore some of that bird's feathers
On his elbows and knees, and also
On the basement of his breeches.
O Lordy, Mister Democrat,
Ain't you proud of your record?
Don't it make your
Guts growl with enthusiasm
To contemplate the glory of it?
If it don't it ought to,
And so ends this chapter.
—Mora-vian Falls (N. C.) Patriot.

His Life In Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex., "billiousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c. at E. H. Miller's drug store.

A REPORT of the Massachusetts Bureau of Statistics shows that notwithstanding the cost of living from 1887 to April, 1902, had increased in that State 13.83 per cent., the cost of such a family is 19.92 per cent. less than it was in 1872, and it is more than offset by increased wages. The same report shows that in Massachusetts factories' wages have advanced 25.37 per cent. since 1898, or nearly twice the increase in the cost of living. This shuts off the argument by Democrats that the working-man's dinner pail is a little shy of good measure.—Buffalo Evening News.

A Dozen Times a Night.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." E. H. Miller.
