NOT IN ANY TRUST

Many newspapers have lately given currency to reports by irresponsible parties to the effect that the **NEW HOME SEWING MACHINE CO.** had entered a trust or combination; we wish to assure the public that there is **no truth** in such reports. We have been manufacturing sewing machines for over a quarter of a century, and have established a reputation for ourselves and our machines that is the envy of all others. Our "New Home" machine has never been rivaled as a family machine. It stands at the head of all **High Grade** sewing machines, and stands on its own merits. The "New Home" is the only really **HIGH GRADE Sewing Machine on the market.**

It is not necessary for us to enter into a trust to save our credit or pay any debts as we have no debts to pay. We have never entered into competition with manufacturers of low grade cheap machines that are made to sell regardless of any intrinsic merits. Do not be deceived, when you want a sewing machine don't send your money away from home; call on a "New Home" Dealer, he can sell you a better machine for less than you can purchase elsewhere. If there is no dealer near you, write direct to us.

J. C. CORRIGAN, Agent.

LOU SMITH is an enormous fool, but for gall he isn't in it with his master, "Timmie" Scull. It is a well known fact that both Scull and Smith favored and worked in conjunction with the Democratic county committee to set up a complete fusion county ticket. They set up a ticket, too, that showed fraud on the face of it, and when J. A. Berkey decided to take the dirty schemers into court, then they withdrew their mongrel ticket as quick as lightning. "Lucifer" candidly admitted that he was sorry that the dirty job came to grief, but the cowardly "Timmie" is now claiming that he was for the straight Republican ticket all the time. What gall! What impudence! It took Mr. Scull from the time the result of the primary was known until this week to find out for sure that he is a Republican, and not until this week did he hoist the ticket to the head of his Herald, or "Bolters' Bazaar," as his paper is usually called. If Mr. Scull supposes for one moment that his deathbed repentance is deceiving anybody, he is sadly mistaken. And if he supposes for one moment that the Republican county organization, or the rank and file of the party care a straw what course the Herald pursues, he is laboring under a wrong impression. No one even cares whether Mr. Scull votes the Republican ticket, and it is not believed by very many people that either he or his principal henchmen will vote the ticket straight. There is some dirty work going on now that the dirty skunks think they are keeping completely hid from true Republicans, but in that they are also mistaken. The Herald people are noted for professing one thing through their paper and doing the opposite on the quiet. But let them go ahead, for they are politically dead and damned, anyway.

His Life In Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex., "billiousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c. at E. H. Miller's drug store.

Another Candidate Off.

Everett Republican.

As was announced in the Republican last week J. C. Lowry, Esq., of Somerset, was placed on the Democratic-Union ticket for State Senator in this district to run against Hon. W. C. Miller. Editor Alex. Grof had been pulled off by the Democratic bosses and General William H. Koontz put on in his place. Then Koontz withdrew and J. C. Lowry was put on in his place. On Monday of this week Mr. Lowry withdrew and now there is no one to take his place. The handwriting is on the wall, Hon. W. C. Miller will be elected by over 4,000 majority and no one wants to be buried under such an avalanche of votes.

Dr. Miller's record in the Legislature is approved by the people of this county and the other counties comprising the district. He supported every bill in the house calculated to benefit the farmer, the laborer and the miner. When the miners' bills passed the House in the last session, he, with other members of the House from the hard coal regions, did everything in his power to get the Senate committee to put those bills on passage in the Senate. With him in the Senate the next session the miners will have a firm friend and supporter. The miners in the Somerset coal regions will give him hearty support and it is believed the miners in the Broad Top region will do the same. Let a man be judged by his acts. Dr. Miller's votes in the Legislature speak for him. He made a magnificent record and is entitled to strong support from the people of this county. He is a generous, warm-hearted man personally. This is shown by the manner in which he has interested himself in getting help on numerous occasions for people in distress. Put him in the Senate and you will have the right man in the right place, and one who will be a friend at all times to everyone needing a friend.

Forty Years' Torture.

To be relieved from a torturing disease after 40 years' torture might well weigh the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Hanev, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. E. H. Miller.

Several Jolts.

There is a tariff on steel and there is the "Steel Trust." The tariff, it is said, is the mother of the trusts. The way to wipe out the trusts, it is said, is to wipe out the tariff. There is no tariff on petroleum, but there is the Standard Oil Trust. This gives a jolt to the theory. There is no tariff on steel rails in England. But the British steel rail industries have formed a trust to regulate the output and to control prices. Still the only way to wipe out the trusts, it is said, is to wipe out the tariff.—Jersey City Journal.

VOTE FOR COOPER.

Beware of Labor Tyrants in Disguise—A Few Words of Warning.

For a week or two O. W. Kennedy has been flooding Somerset county with letters, circulars, etc. In one set of the circulars Mr. Kennedy tells who he is, and among other things he claims to be a staunch friend of the working man. It is well enough to take Mr. Kennedy's statements with salt.

In the first place, Mr. Kennedy is a high-salaried officer of the Frick Coke Company, and everybody knows that the Frick Coke Company employs more scab labor than any other concern in Western Pennsylvania. Of course, the Frick concern pays some of its skilled workmen good wages, but the majority of its work is performed by the most degraded and poorly paid class of laborers that can be found anywhere in America. Huns and Slavs are employed to take the place of Americans, because they cost less money and can be more easily enslaved and imposed upon than Americans.

Secondly, the Frick Company employs no men for officers and bosses who are staunch friends of the laboring man. If Mr. Kennedy would be the friend of the working men that he claims to be, and especially of organized labor, he couldn't hold his position with the concern.

Thirdly, it is generally good policy to steer clear of these fellows who are never known to be friendly to laboring men until they are candidates for office. That's the kind of a man Mr. Kennedy is, and his loving twaddle sounds too much like a deathbed repentance just at this time.

Any working man who is a Republican and will allow Mr. Kennedy's honeyed words to capture his vote is not very smart. Vote for Cooper, the Republican candidate, who is a most excellent man, and who represents the party that has enacted all the legislation that was ever enacted for the benefit of the laborer. A union miner who knows whereof he speaks has the following to say in the Meyersdale Republican concerning Mr. Kennedy:

EDITOR REPUBLICAN:—I desire to say a few words of caution to the laboring men of Meyersdale and Somerset county, as regards O. W. Kennedy, the Democratic nominee for Congress in this district, and his attitude towards organized labor. He has been the bitter foe of organized labor and by his direction unionism has been crushed out in Fayette county. He is against the United Mine Workers' organization, and when men went into Connellville to hold public meetings looking towards making an attempt to organize, he had men discharged for merely attending the meetings, and if necessary, I can furnish the exact dates and the number of men so discharged. He is now asking our assistance, when in 1898 he was doing all in his power to crush us. There are miners employed in this region today, besides myself, who are fully aware of what I say, and who, like myself, can tell all about Mr. Kennedy's attitude towards organized labor.

A UNION MINER.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easy. No disease costs more little lives than croup. It's attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquesfies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures colds, coughs, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga.: "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." E. H. Miller.

To Statesmen Out of a Job.

Well, gentlemen, what do you want? A change? Nominate your poison. State the remedy for a general condition of prosperity probably unexampled in this or any other country. How to introduce paralysis in the commercial world, how to stop the hum of machinery, how to reduce the demand for products of all sorts, how to increase wants and diminish the means of satisfying them, how to kill industry, to grow paupers to fill charitable institutions and empty workshops—these are some of the questions to which the massive minds of "statesmen out of a job" are now exclusively devoted.

The leap in the dark has been tried before. The man who tries it knows when he strikes the solid earth. In proportion to the distance he has to fall is the jar when he stops going down. Prudent men don't leap in the dark. They don't leap at all after they have reached a certain age. Old bones are brittle. It is easy to jump down. It is terribly hard to jump up.—Chicago Tribune.

The above is well worth thinking over, and we wish to warn voters of our own county and the state to be on their guard and vote the whole Republican ticket, state, district and county. It's the only safe thing to do. If you want to usher in another Soup House administration, then vote for Kennedy for Congress and for as many other Democrats as you can find on the ballot. But if you want prosperity to reign, then vote for Cooper for Congress and for the whole Republican ticket.

A Weak Stomach

Indigestion is often caused by overeating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

Wine Making in Portugal.

In great emergency when all the men are demanded in the vineyards, women are called to assist in wine treading. Our correspondent saw young women wearing their own garments which they skillfully gather up around them until they assume the biggest and most abbreviated of Dutchman's "britchen" costumes, while in the winery.

THIS IS A SCENE IN THE VILLAGE OF QUINTAS, PORTUGAL.

An improved method of mashing by machinery is adopted at the Speer Oporto Grape Vineyards, PASSAIC, N. J.

by which a barrel of grapes a minute is dumped in the hopper, that feed two large rubber rollers, between which the grapes are crushed. The Port Wine from Speer's Vineyards beats the world for its valuable medicinal qualities. None put on the market now, until nine years old. Weakly persons, Invalids, Females, and Aged persons, should always have a bottle in the house. If properly used it will restore health and prolong life. It is by all odds the Wine for weddings, social entertainment and family use.

A WONDERFUL WORK.

To be a man who can excel one hundred thousand men in any one line is good; to be one in a million is better; but to be the only living man (and the history of the world draws a perfect picture, is wonderful) author and illustrator of "Around the Pan," and "The Capital," (\$2.00 books) has done in his drawing of the best Japanese "his 'Around the Pan' contains one full-page Washington life pen and ink sketches and five hundred pictures of prominent men, ambassadors, and commanders participating in the Spanish-American War—comprising a collection of facts and figures in condensed form, will interest the entire civilized world.
