

THE SOMERSET COUNTY STAR

P. L. LIVENGOOD, Editor and Publisher.

Entered at the Postoffice at Elk Lick, Pa., as mail matter of the Second Class.

Subscription Rates.

THE STAR is published every Thursday at Elk Lick, Somerset County, Pa., at the following rates: One year, if paid spot cash in advance, \$1.25; if not paid strictly in advance, \$1.50. Six months, if paid spot cash in advance, .75; if not paid strictly in advance, .95. Three months, cash in advance, .45. Single copies, .05. To avoid multiplicity of small accounts, all subscriptions for three months or less must be paid in advance. These rates and terms will be rigidly adhered to.

Advertising Rates.

Transient Reading Notices, 5 cents a line each insertion. To regular advertisers, 5 cents a line for first insertion and 3 cents a line for each succeeding insertion. No business notices will be mixed with local news items or editorial matter for less than 10 cents a line for each insertion, except on yearly contracts. Rates for Display Advertisements will be made known on application. Paid Editorial Puffs, invariably 10 cents a line. Legal Advertisements at legal rates. Marriage, Birth and Death Notices not exceeding fifteen lines, inserted free. All additional lines, 5 cents each. Cards of Thanks will be published free for patrons of the paper. Non-patrons will be charged 10 cents a line. Resolutions of Respect will be published for 3 cents a line. All advertisements will be run and charged for until ordered discontinued. No advertisement will be taken for less than 25 cents.

LOCAL AND GENERAL NEWS.

The crowned heads of every nation, the rich men, poor men and misers all join in paying tribute to DeWitt's Little Early Risers. H. Williams, San Antonio, Tex., writes: Little Early Riser Pills are the best I ever used in my family. Unhesitatingly recommend them to everybody. They cure Constipation, Bilioussness, Sick Headache, Torpid Liver, Jaundice, Malaria and all other liver troubles. E. H. Miller. 2-1

Hezekiah Hawn, an old, well known and highly respected citizen of Elk Lick township, died last Thursday.

Don't forget to attend Barchus & Livengood's mid-winter clearance sale, Jan. 10th to 31st.

The Garrett County Bank at Oakland, Md., has made application to the Treasury Department to become a national bank.

Miss Gertrude Eckerd, who was reported quite ill in Pittsburgh, Penna., week before last, has recovered sufficiently to return home, we are glad to say.

Barchus & Livengood's annual clearance sale will commence Saturday, Jan. 10th, and close Saturday, January 31st.

Mr. John Meager was remembered in the will of the late Major Shaw, of Baltimore, to the extent of \$1,000. We congratulate Mr. Meager on his good fortune. May he live long to enjoy it.

Men's and boys' overcoat suits, underwear and shoes sold regardless of cost during Barchus & Livengood's clearance sale, Jan. 10th to 31st.

If you are one of Druggist Miller's good friends and customers you are in it this week for a nice fat check. It's in THE STAR, so all you have to do is to cut it out and get it cashed.

"Hello Central!" Hello! "Please give me No. 61—Victor Remedies Line. Baby has Colic. Victor Infants' Relief cures it."

Emery Fleisher, who several months ago moved to Tarrs, Indiana county, Pa., has again moved back to Coal Run. The old native blood is still the best, and Emery's friends are all glad to see him return.

The prevention of consumption is entirely a question of commencing the proper treatment in time. Nothing is so well adapted to ward off fatal lung troubles as Foley's Honey and Tar. E. H. Miller. 2-1

Many never truly live.—half eat and half asleep. Thousands miserably from Indigestion and Dyspepsia have been cured by Victor Liver Syrup.

Walter S. Easton has resigned his position with the Rand Drill Company, of New York City. He got a good salary from the aforesaid company, but did not like being away from his family practically all the time. He is now shifting cars at Tub Mill mines.

The festival held by our local tribe of Red Men, which closed on New Year's evening, was a very successful affair and netted a nice profit. The boys did themselves proud and were greatly complimented. They request THE STAR to return thanks for the liberal patronage given them.

Samuel Meese, a well known citizen of Garrett county, Md., was prostrated with a paralytic stroke, Tuesday, and died the night following. He was aged about 65 years and was well known to many of the people of Salisbury and vicinity. Mr. Meese was the father of Mrs. John Swartzwelder, of this borough.

Harvey Berkey, aged 26 years, died of smallpox at Rockwood, Tuesday, at the home of Dr. Hemminger, where he boarded. He taught school near Rockwood and was a son of Levi Berkey, of Somerset township. Ten cases of the dreaded disease are now reported from Rockwood, and the town is rigidly quarantined.

Fatal kidney and bladder troubles can always be prevented by the use of Foley's Kidney Cure. Sold by E. H. Miller.

Our friend John O. Johnston took an eastbound train several days ago—where? Some say for Baltimore, some say for here and some for there. We think we could name a fair young lady in the state of West Virginia that could tell where John is this very minute. He went away single, but he may come back double. At any rate we hope he will come back.

The many friends of G. H. Hausan, Engineer, L. E. & W. R. R., at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He writes: "I was cured by using Foley's Kidney Cure which I recommend to all, especially trainmen who are usually similarly afflicted." Sold by E. H. Miller. 2-1

Merchant John E. Gnagey, of Accident, received prior to Christmas, orders from Pittsburg for 1700 turkeys. It is doubtful if there were that number of marketable fowls in the section of the county from which Mr. Gnagey draws supplies. He was unable to fill the order in its entirety, of course, but did the best he could under the circumstances by shipping to the market a few thousand pounds.—Oakland Republican.

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by E. H. Miller. 2-1

Melissa, a daughter of Demetrius Compton, of Elk Lick township, died very suddenly, last Thursday, after an illness of several years' duration. She was in her 25th year. The funeral was held at the St. Paul's Reformed church on Saturday, Rev. E. S. Hassler officiating. Miss Compton was a most excellent young woman and was highly esteemed by all who knew her. She used to be one of Elk Lick township's brightest teachers, and her untimely death is greatly regretted.

Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by E. H. Miller. 2-1

Two rural free mail delivery routes will soon be established in the county. The routes will be known as No. 1 and No. 2, one running north from Somerset and the other south from that place. These routes have been granted by the Post office Department out of a request made by the people living in the districts reached. The south route will serve 432 people, while the north route will reach 268 people. The carriers have not yet been named.

Joseph Patton, of West Salisbury, had quite a bad streak of luck one day last week. He was coming down the Thomas hill, south of town, with a two-horse wagon, when, owing to the icy condition of the road, the wagon slid around and upset. Mr. Patton was but slightly hurt, but a valuable gray mare was thrown and sustained a broken leg. The animal had to be shot. Mr. Patton had a box of dynamite on his wagon, but luckily it did not explode. However, the accident was bad enough, and we sympathize with him.

William Smith, postmaster at Devlin, Lawrence township, killed a pig last week which when dressed weighed 463 pounds. This is the largest hog reported to this office this year. The largest that has come to town was recently sold to Heller, who paid \$56 in cash for it. This reminds us that in the year 1863, when pork was 20 cents a pound, an Indiana county farmer brought over a load of dressed hogs and one he sold to Richard Mossop, which weighed 601 pounds, and for which Mr. Mossop paid him in cash \$100.20. This is probably the most money ever paid for one hog in Clearfield.—Raftsmen's Journal.

Don't Worry. This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously, and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by E. H. Miller.

A Scientific Discovery.
Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies that natural juice of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. E. H. Miller.

Miss Jennie Connor, a sister, at Mrs. Howard Neager, was married at the home of her parents, Mr. and Mrs. P. M. Connor, at Wells Creek, on New Year's eve. Mr. and Mrs. Howard Neager and J. W. Corbett, of this place, attended the wedding. Miss Connor is a charming young woman well known to some of our readers, but we have not learned the name of the lucky young man who won her. "Jack" Corbett reports a splendid time at the wedding and says all the guests had a fine time. We know "Jack" had a good time, for his young son, who accompanied him, came home with him that "pop had a girl over there." The treats are on you, "Jack."

Unconscious Form Group.
During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. E. H. Miller.

There was a big ice gorge at West Salisbury, last Friday, which threatened considerable damage; but by means of dynamite it was broken up and moved out without doing much harm. The ice took the remains of the old Boynton wagon bridge, same day, so that not even pedestrians can now cross the river at that point. The Salisbury mails are being carried via Coal Run, and the only way Boynton has to get mail to that place is to send a footman across the railroad bridge and intercept the carrier near Coal Run Junction. The new iron wagon bridge is on the ground, but no one has yet appeared on the scene to erect it. The new iron bridge across Tub Mill Run, of West Salisbury, is completed.

In Bed Four Weeks With La-Grippe.
We have received the following letter from Mr. Rey Kemp, of Angola, Ind. "I was in bed four weeks with la-grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and I now use it exclusively in my family." Take no substitutes. E. H. Miller.

It is well for the young man who has not enjoyed the advantage of a college education to indulge in a little self-admiration on the strength of the showing made by his own classmates—those who have not had a college training, but who, nevertheless, have won power in the world. A college education must be highly prized as an auxiliary to success, but it is only an auxiliary. The determining factor is in the man, and if the man has the right stuff in him he will win success whether he has been through a university or not. The greatest things in the world's history have been done by men who had no university schooling. Even today, when a higher education is so common a privilege, one can find in every walk of life dozens of leaders who had no college experience.—Ex.

Pneumonia and La Grippe.
Coughs cured quickly by Foley's Honey and Tar. Refuse substitutes. E. H. Miller. 2-1

Mrs. Sally Sipe, the twin sister of Mrs. John W. Beachley, died at her home in Merrill, Kan., on Thursday, Jan. 1st. The remains were laid to rest at Meyersdale on Monday, the 5th inst. The deceased was well known to many of our readers. She was a daughter of John C. Lichty, of Elk Lick township, who died about 20 years ago, and she was a sister of our fellow townspeople Samuel and David Lichty and Mrs. J. D. Livengood. She was the mother of four children, as follows: Gabriel and Edward, who reside in Nebraska; Mrs. Urias Saylor, who resides in Kansas; and Mrs. Albert Saylor, who resides in Seattle. Mrs. Sipe was twice married, her first husband being Wm. Beachley, of Meyersdale, who died many years ago, and who was the father of her four children. The deceased was a very highly respected Christian lady and was greatly esteemed by all who knew her.

Stop It!
A neglected cough or cold may lead to serious bronchial or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold. E. H. Miller

Finds Way to Live Long.
The startling announcement of a Discovery that will surely lengthen life is made by editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." E. H. Miller guarantees every 50c and \$1.00 bottle, and gives trial bottles free.

Indiana's Tall Men.
According to reliable statistics the state of Indiana produces the tallest men in the world. This curious fact comes out in the record made in the war department during the War of the Rebellion. By carefully prepared statistics it is shown that out of 114,254 soldiers supplied by Indiana, 15,047 were 5 feet 10 inches tall, 8,078 were 5 feet 11, 8,579 were 6 feet, 2,614 were 6 feet 1, 1,357 were 6 feet 2, 406 were 6 feet 3 and 330 were above this gigantic stature. Dr. Gould, actuary of the United States sanitary commission, commenting recently on these unique statistics, said:

"It is evident from our statistics that the Indiana men are the tallest of the natives of the United States, and these latter the tallest of all civilized countries." These figures seem to refute the oft-repeated statement that in the standing armies of one or two European countries the average height of its men exceed that of any other country in the world.—Chicago Tribune.

One Hundred Dollars a Box
is the value H. A. Tisdale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding itching and protruding piles, sores, cuts, bruises, eczema, salt-rheum and all skin diseases. E. H. Miller.

A Livengood Reunion.
The Livengoods held a family reunion at the old homestead, Christmas day, at which all the members of the family in this neck of woods were present, except E. P. It was in the nature of a surprise to Mrs. Fannie Livengood, who is seventy-three years of age, but still spry and active. It was a pleasant occasion, thoroughly enjoyed by all.—Lanark (Ill.) Gazette.

The Livengoods referred to by the Lanark Gazette are all descendants of people who used to reside in the vicinity of Salisbury. Some of the Livengoods settled near Lanark, Ill., about 40 years ago, and being noted as a prolific people, they obeyed the scriptural injunction: "Be ye fruitful and multiply." They multiplied rapidly and are now a mighty tribe in Carroll county, and they represent a great deal of wealth and influence in that locality.

Disc Graphophones and Flat Records.
Perfection in Disc Graphophones and Flat Records was quickly achieved by the Columbia Phonograph Company, the pioneers and leaders in the talking machine art, when it demonstrated the wonderful possibilities of the flat indestructible records. Up to that time nothing important had been accomplished. The machines were faulty and the records were not in the same class with the cylindrical records used on the graphophone. A knowledge of how to make disc records and the proper material of which to make them seemed to be entirely lacking. The wide experience of the record department of the Columbia Phonograph Company enabled it to grasp the true principles underlying the making of disc records, and the first product was a great deal better than anything that had been accomplished by others. With the lapse of time the improvement that has come with practice has placed the Columbia Disc Records far in advance of all others. They are characterized by smoothness, sweetness, clearness and naturalness. And while preserving all these desirable qualities they are the loudest records on the market.

The Disc Graphophone is made in three types, selling at \$15, \$20 and \$30. Seven inch records 50c each, \$5 per dozen; 10 inch records \$1 each, \$10 per dozen. The Graphophone and Columbia Records were awarded the Grand Prize at the Paris Exposition of 1900.

The Columbia Phonograph Co., 615 Penn Avenue, Pittsburg, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application. 1-8.

The Secret of Life
Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. They work wonders in curing Kidney Troubles, Female Complaints, Nervous Diseases, Constipation, Dyspepsia, and Malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by E. H. Miller druggist.
