## NOT IN ANY TRUST

Many newspapers have lately given currency to reports by irresponsible parties to the effect that **THE NEW HOME SEWING MACHINE CO** had entered a trust or combination; we wish to assure the public that there is *no truth* in such reports. We have been manufacturing sewing machines for over a quarter of a century, and have established a reputation for ourselves and our machines that is the envy of all others. Our "New Home" machine has never been rivaled as a family machine. It stands at the head of all *High Grade* sewing machines, and stands on its own merits. **The "New Home" is the only really HIGH GRADE Sewing Machine on the market.** It is not necessary for us to enter into a trust to save our credit or pay any debts as we have no debts to pay. We have never entered into competition with manufacturers of low grade cheap machines that are made to sell regardless of any intrinsic merits. Do not be deceived, when you want a sewing machine don't send your money away from home; call on a "New Home" Dealer, he can sell you a better machine for less than you can purchase elsewhere. If there is no dealer near you, write direct to us.

## Man Shall Not Live By Bread Alone!

That is what our Saviour said when the devil tried to tempt him on the mountain top. No one wants to live by bread alone. Good MEAT is wanted by all us, and even

like a roaring lion, seeking whom he may devour. But don't let the devil put it into your head that you can buy better MEAT than is sold at my shop. I kill good cattle and always sell as low as current prices will allow. For the best MEAT and the lowest living prices, always call on your servant.

## Eugene Field's Views on Ambition and Dyspepsia.

"Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tone. **Strengthening, Satisfying, Enriching.** Prepared only by E. C. De Witt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size. SOLD BY E. H. It Cures by striking at the root of the disease. Are you afflicted? address VICTOR REMEDIES CO., Frederick, Maryland.

**ALFRED SPEER,** THE ORIGINAL **Port Grape Wine Producer in America.** The first native wine sold and used in San Francisco and Sacramento was from Speer's Passaic, N. J., vineyards, was shipped around Cape Horn before there was any railroad to California, and are now being used by physicians and first families there as the richest and best wine to be had.

The juice of the Portugal Port Wine grape grown in N. J. is thick and rich same as the juice of pears and other fruits grown here. From California pears you can squeeze water as from a sponge; so with all fruits grown in California; while those grown in New Jersey are solid in substance—less juice but thick and richer. The New Jersey apples, for instance, make a cider that was always popular the world over. If you want a wine for sickness or for entertainments don't take cheap, watery wines but choose a first class old, full bodied, high grade wine from Speer's Passaic vineyards. Sold by Druggists.

**Immense Output of Lumber.**  
The Babcock Lumber Company at Ashtola last year smashed the fine record it had made the year before, sending out the following immense quantity of lumber:  
Hemlock, 39,503,663 feet; hard wood, 12,254,650 feet, making a total of 51,758,322 feet.  
The company also shipped 15,183,400 lath and 4,485,000 shingles. This surpasses the record of 1901 by some 15,000,000 feet of lumber.  
This, of course, is the product of the two mills of the company, located at Ashtola and at Arrow. Both are now being pushed to the limit, running night and day.—Windber Era.

## "Banquet Hall"—Applied to the New Baltimore & Ohio Dining Cars.

The Baltimore & Ohio Railroad has placed in service, within the past week, three magnificent new dining cars fresh from the Pullman shops. They are more completely equipped than any similar cars built by this famous company. The kitchens and pantries contain every perfected culinary device known, and the dining rooms themselves are as elaborate and beautiful as it is possible to make them.

The interior woodwork is mahogany finished in its natural color, which, together with the green ceilings and terra-cotta carpeting, lends a most pleasing effect.

The cars are lighted with both Pintsch gas and electricity, and are also provided with electric fans. An exquisite individual effect is given each table by electric candelabra.

While the china, glassware, linen and silver are in perfect accord with the surroundings, that most important feature, the menu—prepared by one of the best dining car services in the country—makes traveling via the Baltimore & Ohio Railroad indeed a pleasure.

These cars are operated between Chicago and Garrett, Pittsburg and Connellsville, Keyser and Brunswick and on Chicago and Cincinnati limited trains.

**In Bed Four Weeks With La Grippe.**  
We have received the following letter from Mr. Rey Kemp, of Angola, Ind: "I was in bed four weeks with la grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and I now use it exclusively in my family." Take no substitutes. E. H. Miller.

**Nothing Competes With Them.**  
The best is not only the cheapest, but the best is the only thing that is permanently satisfactory. This applies to talking machines with as much force as to anything that goes to make up the sum total of daily life. The new High Speed Moulded Records made by the Columbia Phonograph Company, pioneers and leaders in the talking machine art, are far superior to any records that were ever produced. They have great volume and are smooth, natural in tone and artistic. No desirable quality is lacking, and by the moulding process of record making the harshness and metallic quality which marred the earlier records is thoroughly eliminated. No other records can compete with them. Price: 50c each, \$5 per dozen. Write for catalogue. Ask about the new reproducer. The Graphophone and Columbia Records were awarded the Grand Prize at the Paris Exposition of 1900.

The Columbia Phonograph Co., 615 Penn Avenue, Pittsburg, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application. 1-29.

**It Fits People Around Salisbury, Too.**  
"His pockets empty, but the rest of him full a great deal of the time." This is an eastern newspaper's description of John L. Sullivan, the exponent. It fits a few characters around Uniontown also. Why will any one choose to be a bum in this age of grand possibilities and opportunities. Quit drinking; cease dissipation; get to work and be of some use to yourself and others. Don't be a bum or a drone in this world of action in which success and happiness are the portion of him who will to earn them.—Uniontown News Standard.

**Gigantic Plans for P. R. R.**  
Philadelphia, Jan. 7.—Tremendous plans have been approved by President A. J. Cassatt for the development and extension of the Pennsylvania railroad. With his chief advisers he is preparing to put the great railway system in position to meet fully the demands upon its transportation facilities and to prepare against probable future requirements.

The financial scheme to empower the management to raise upward of \$400,000,000 new capital is a necessary preliminary step to carrying out the plans President Cassatt has in mind. Plans under consideration contemplate work that will cost \$100,000,000. Among the greatest undertakings proposed is the six-tracking of the line between Philadelphia and New York. This alone will cost \$10,000,000. The main line will also probably be six-tracked as far as Lancaster. Work now on hand and under immediate contemplation will cost, in addition to what has already been spent and provided for, about \$85,000,000, according to rough estimates. Here is a schedule: New York terminal, \$30,000,000; two extra tracks to New York, \$10,000,000; Pittsburg improvements, \$8,000,000; Washington terminal, \$5,000,000; Maryland low grade line, \$3,000,000; Newport line, \$1,500,000; Philadelphia improvements, \$2,000,000; Wilmington elevated, \$4,000,000; Newark elevated, \$1,500,000; New Brunswick elevated, \$1,000,000; Camden elevated, \$1,000,000; Philadelphia to Pittsburg, \$10,000,000; new locomotives, \$6,000,000; total, \$85,000,000.
