

# THE BLUE RIBBON OIL AND GAS CO.

o—Of—o

NEWTON, KANSAS.

This company has acquired leases upon two tracts of valuable oil land in the heart of the Kansas oil field. One tract consists of 80 acres, the other of 160 acres. A gas well of over 3,000,000 cubic feet daily is within 100 rods of the 80-acre tract, and good oil wells a little farther away. Some of these wells produce as high as 75 and 100 barrels a day. There are no less than two hundred oil wells within two miles of the 160-acre tract, some as close as fifty rods, one of which produced over \$6,000 worth of oil the first twenty-one days after it was shot. The lease on 160 acres one-half mile from this company's 160-acre tract sold recently for \$50,000, with no better prospects than on this company's property.

To develop these leases, a limited amount of treasury stock is offered at 10 cents a share, par one dollar.

One hundred dollars will \$1,000 worth of stock which carries with it no liability, and which cannot be assessed.

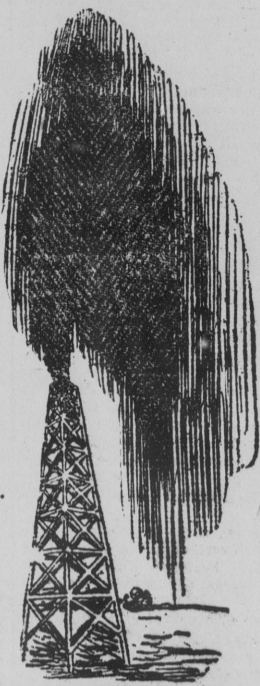

For one month's production last year in the Kansas field, over \$194,000 was paid in dividends.

This is a business proposition, conducted by business men in a business way. The small stockholders will be treated exactly like the large ones.

People here in Kansas who are familiar with the conditions of our property are buying stock at 10 cents a share, and as soon as a few thousand more shares are sold, work will be begun upon well No. 1, after which it is very probable no stock can be had as low as 10 cents.

For further particulars write to the undersigned, who is treasurer of the company and its heaviest stockholder, and to whom all remittances should be made.

C. M. BEACHY, Newton, Kan.

## NORTH DAKOTA LETTER.

ZION, N. D., Aug. 27, 1904.  
EDITOR STAR:—Once more we are in the midst of a glorious harvest time. Everybody is strictly in it—the harvest field. No rest for the weary until the winter blizzards say "halt!"

Towner county is easy one of the banner counties this year by way of a bumper crop, as the damage by rust in our section of country, including this and the surrounding counties, is but very slight.

Some few have threshed early barley that made 40 to 50 bushels per acre. Wheat is expected to yield from 25 to 35 bushels, and oats 50 to 75 bushels per acre.

We are having the finest of weather, and if the season continues favorable, everybody shall be happy, and the farmers can march to the polls this fall and give "Teddy" and "Charlie" a boost that will astonish the old Jacksonians.

But one doesn't hear much disputing of politics up here. Our editors are quite at peace with each other. The few Democratic and Prohibition editors don't cut much of a swathe in this state. Every county in the state gave McKinley a majority at the last presidential election, and as "Teddy" figured pretty prominently in this state years ago, he still carries the good will of the people, and none have any reason to go back on him.

At this writing I have one field of barley on shock and two binders and three shockers going around a big wheat field. Next week there will be a still larger field of wheat to tackle, and following that comes 80 acres of oats, and then one more barley field before I can say "done!" This will be my eighth harvest in the state, and the biggest and the best, and so can most of my neighbors say, too, for themselves. More after the fall election.

Respectfully,  
M. P. LIGHTY.

## BUCKLEN'S ARNICA SALVE

Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for Cuts, Corns, Burns, Boils, Sores, Swellings, Ulcers, Tetter, Salt Rheum, Fever Sores, Chapped Hands, Skin Eruptions; infallible for Piles. Cures guaranteed. Only 25c. at E. H. Miller's Drug Store.

## ARE TO BE COMMENDED.

Johnstown Journal.  
Since the people of Somerset county have determined to build a new courthouse, they are to be commended for their decision to do the thing right. Our southern neighbor is a century old, yet practically in its infancy, so far as material development is concerned. Fifty years from now anything but a first-class structure would look pitiful amid its surroundings, for Somerset is destined to become one of the most important industrial centers of the state. The expenditure of a quarter of a million dollars for a public building may look large at this time, but the foresight which dictates it is certain to bring credit on those who have it in charge. To realize this, one has only to compare the buildings which were thought extravagant in this city fifty years ago with those now being erected as a matter of course. Time passes rapidly and brings changes utterly unforeseen by those accustomed to look backward rather than forward.

## WHAT'S IN A NAME?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt, of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by E. H. Miller.

## HAY-FEVER SEASON.

Written for the Johnstown Tribune by J. G. Neymoo.

To Be Sung in Ragweed Time  
When the pollen of the ragweed's in the air,  
Then the poor hay fever victim's in despair—  
Kerchew—kerchew—kerchew,  
All the day and long night through.  
Yes, indeed, he's feeling blue;  
Life for him holds nothing fair.  
When the pollen of the ragweed's in the air,  
Then the nasal-twangling clan are full of care;  
With intermittent fever and alternating chills,  
The wise ones suffer patiently and pay no doctor bills,  
For they know 'twill run its course,  
For better or for worse,  
Though their hearts be sore with care,  
When the pollen of the ragweed's in the air.

When two victims chance to meet,  
With a wheeze and sneez they greet,  
"Kerchew—how—kerchew—do—you—do?"  
"Oh, I'm feeling very blue—kerchew,  
Kerchew—how—do—you—do?"  
"Oh, just about like you;  
And for life I do not care,  
When the pollen of the ragweed's in the air."

## War on Weeds!

THISTLE-INE is sure death to Canada Thistles and all other noxious vegetation.

It can no longer be considered an experiment. That it is able to and does destroy weeds and thistles of all kinds, is shown by the hundreds of letters we have received from farmers, park, cemetery and highway commissioners, railroad officials, and others who have given it a thorough test. It is easier and cheaper to spray the grass and weeds in walks, driveways and street gutters, with THISTLE-INE than to cut or dig them out.  
If you have a lawn or back yard in which you take pride, you will find THISTLE-INE a constant friend in destroying Dandelion, Burdock, Wild Lettuce, or other unsightly weeds.  
You run no risk of failure in ordering, for when used according to directions, we guarantee the results to be entirely satisfactory.  
Send for Circular.

Foley's Kidney Cure will positively cure any case of Kidney or Bladder disease that is not beyond the reach of medicine. No medicine can do more.

If you notice any irregularities, commence taking Foley's Kidney Cure at once and avoid a fatal malady.

A Merchant Cured After Having Given Up Hope.  
Foley & Co., Chicago.  
Gentlemen:—I was afflicted with Kidney and Bladder trouble for six years and had tried numerous preparations without getting any relief and had given up hope of ever being cured when FOLEY'S KIDNEY CURE was recommended to me. After using one bottle I could feel the effect of it, and after taking six fifty-cent bottles, I was cured of Kidney and Bladder trouble and have not felt so well for the past twenty years and I owe it to FOLEY'S KIDNEY CURE.  
James Smith, Bentons Ferry, W. Va.

A Veteran of the Civil War Cured After Ten Years of Suffering.  
R. A. Gray, J.P., of Oakville, Ind., writes:—"Most of the time for ten years I was confined to my bed with some disease of the kidneys. It was so severe I could not move part of the time. I consulted the best medical skill available, but got no relief until FOLEY'S KIDNEY CURE was recommended to me. I am grateful to be able to say that it entirely cured me."
