Workmen are making the necessary changes in the Reformed church edifice to install a \$2,000-pipe organ, one-half of the cost of the organ being paid by Andrew Carnegie. The Reformed congregation is in luck.

THE STAR office will have a larger and more attractive line of calendars this year than ever before. Business men should hold their orders until a representative calls. We can save you agents' and jobbers' profits, as we buy direct from the makers and importers.

Norman E. Mack, of Buffalo, a Dem-ocratic national committeeman, was asked to define the word bonanza. Mr. Mack has had some experience in mining propositions, and replied: "A bonanza is a hole in the ground owned by a d—d Har."

If the scenes and conditions in the Meyersdale bituminous region are the fruits of organization, then Windber—miners and business men alike—can congratulate themselves on the fact that no organization has a foothold here.—Windber Era.

That awful grinding, stabbing pain in the back is from the kidneys. A dose of Pineules will cure it over night. Pineules is a new discovery put up in a new way. A delightful remedy and specific for all Kidney and Bladder troubles. Sold by Elk Lick Supply Co. 12-1

A farmer came to town a short time ago and bought a half pound of fine cut tobacco, a package of breakfast food and some brown knitting yarn. He threw them on the table, and the next morning his wife cooked the yarn for breakfast, the farmer filled his pipe with breakfast food, and no one discovered the mistake until the lady attempted to darn her stockings with the tobacco.

You cannot cure piles by external application. Any remedy to be effective must be applied inside, right at the seat of the trouble. Man-Zan is put up in a collapsible tube, with a nozzle, so that it reaches inside and applies the remedy where it is most needed. Man-Zan strengthens the blood vessels and nerves so that piles are impossible. Man-Zan relieves the pain almost instantly, heals, soothes, cools and cures. Sold by Elk Lick Supply Co. 12-1

Archie Hamilton and family, of Roynton, were taken to the County Home, several days ago, as they were not able to support themselves. If we wanted to we could name several depraved old "roosters" at Roynton that were very sorry to see old "Belle" taken away.

An old lady who had never ridden on a railway car recently visited a station and was shown into the waiting room. She took a chair and prepared to enjoy herself. After sitting quietly for a half hour, she reached over and touching a stranger on the arm, remarked: "It rides real easy, don't it?"

Jan. Taylor, of Kendallville, Ind., was seriously diseased with kidney and bladder trouble for 20 years. He tested every known remedy without much benefit, until he used Pineules. This new discovery cured him, and Mr. Taylor advises all persons suffering from kidney or bladder trouble to get a bottle of Pineules at once. Sold by Elk Lick Supply Co. 12-1

Irvin Maust, who is now in Ohio, orders THE STAR sent to his address, so that he can get the news from home. James Easton also orders the paper sent to his address at Roseville, W. Va., and Miss Mabel Berkey, who is attending the State Normal at California, Pa., is another new subscriber on our list.

Swindlers are said to be after the farmers with a stock food remedy, and another gang works them for fruit trees. One appoints a local agent, and he signs a note, of course. The other offers to buy all the fruit the farmer has to sell. Both games are too easy for anybody with common sense to get into.

Mr. and Mrs. Charles Winter, of Baltimore, Md., are spending a two-week's visit in this city. Mr. Winter will be remembered as the genial chief clerk of Carlos Mares and Ehlen Brothers when they used to be engaged in the coal business in this region. That was some years ago, and during that period Mr. Winter was a frequent business visitor here. He speaks five languages and has many warm friends here.

A new theory that is proving success-ful in the cure of Coughs, Lung and Bronchial affections is offered in Bee's Laxative Honey and Tar. This remedy cures the mucus, heals the membranous lining of the throat, lungs and bronchial tubes; wards off Pneumonia and strengthens the system generally. Croup and Whooping Cough disappear before its use as snow before the sunshine of Spring. It's pleasant. Sold by Elk Lick Supply Co. 12-1

Marshall Field, of Chicago, is said to pay taxes on more property than any other man in the United States. He gave in to the assessors \$40,000,000 value of personal and real estate property in the city of Chicago. New York's chief taxpayer, on real estate, is John Jacob Astor, whose tax holdings are estimated to be worth \$35,800,000. William Waldorf Astor appears to be safe from the poor house with \$27,500,000 of real estate.

A smooth talker is traveling over the country purporting to be getting up a directory of the rural routes of the country. He gets ads from the merchants to help pay for the publication, promising them the support of the patrons in proportion to their help. Then he sells the directories to the mail order houses, who flood the country with catalogues. This is a fine scheme to get the home merchants to pay for a list which is intended to benefit the mail order houses only, the natural enemies of the home merchants.

The same old chestnut rumor has again been sprung this week, to the effect that the coal operators of this region are about to recognize the union and sign a scale agreeing to pay the George's Creek rate. It's the same old lie sprung by strike leaders to keep their deserting brethren in line. Nothing could be farther from the truth, say the operators, and only a few days ago 36 more of the strikers went to work in the region at the 55-cent rate. We are sorry that the 60-cent rumor is not true, but it isn't, and that's all there is to be said.

Some time ago our old friend and college chum, Dr. Howard DeLozier, had a horse placed in his charge by Attorney J. C. Lowry, of Somerset, with instructions to thoroughly train and break the animal, then sell it. The doctor did as he was bid, and then because he wouldn't "break" himself, too, by handing over all the money to J. Calvin, he was arrested on a charge of embezzlement. The doctor gave bail for his appearance at court, and we think by the time J. Calvin gets through with our old college chum he (Calvin) will be sorry that he started legal proceedings.

Our fellow townsman, Mr. N. E. Miller, who returned home from his extended western trip, says that he was very much surprised at the political situation in the states of Iowa, Illinois, Indiana and Nebraska. In conversation with Democrats he gleaned the fact that Parker will not receive as large a vote as did Bryan, four years ago. He is not popular with the farmers, whom he found loud in their praise of President Roosevelt and the present administration. From what he learned from Indiana Democrats, the impression is that Democracy has no hopes for victory in that state.—Meyersdale Republican.

The heavy hail and rain storm that visited this locality on Friday afternoon was the worst storm of the kind that ever visited this locality, at least in the remembrance of the present generation. The hail were not so excessively large, but the storm lasted for several minutes, and it is estimated that here in town they fell to the depth of at least two inches. The leaves on the trees were riddled, as were plants and flowers in the yards, but there was very little that the storm could damage at this season of the year. Grapes probably suffered the most, and a great many of them were knocked off the vines.—Meyersdale Republican.

Bee's Honey and Tar is different from all other remedies offered for the relief of cough, lung and bronchial troubles. It contains Antiseptic properties that destroy the germs, and Solvent properties that cut the phlegm, allowing it to be thrown off, moves the bowels gently. Cures Croup, Whooping Cough and Colds in one night. Sold by Elk Lick Supply Co. 12-1

We could name, if we felt so dispo-sed, about four fellows that belong to no trades union, and who work at a non-union mill, who are having entirely too much to say about non-union miners and their affairs. They use the term "scab" very freely, but they do not stop to consider that all non-union workmen are regarded as "scabs" and "blacklegs" by the men who belong to the various unions. The fellows we refer to are not working on a union basis in the mill where they are employed, and they also know that they are afraid to attempt to organize or join a union. They are acting sensible in working on a non-union basis where they are, but they should also show enough good sense to keep their abusive mouths shut concerning other non-union men.

The case of Samuel Bowser against William Gardner, which was to be tried in court, last week, ended rather disastrously for Samuel, who had Gardner arrested for calling him a "scab," making threats, etc. Samuel had a pretty good case, and he could have easily lodged "Windy Willie" behind the bars, but he made the mistake to imbibe too freely of spiritous, vinous and malt "bug juice," and before he knew what he was doing he knew nothing, and he spoiled the whole mess by being intoxicated in the court room and chiming in when another case was in progress. He was fined for contempt of court, the Grand Jury ignored his case, and he was ordered to pay the costs of prosecution. It cost him a little over \$30, but "Sammy" wasn't soft enough to pay the costs of the defense, which we are told the United Mine Workers must plank down. Certain parties tried to bulldoze the plaintiff into paying some \$20 of costs for the defense, but "Sammy" just "wunk" the other eye and told 'em to go to. The prosecutor doesn't have to put up for the costs of the other side, and "Windy Willie" has proven himself an expensive luxury to the miners' union. "Sammy" says he blames no one but himself for losing his case, and he frankly acknowledges that he made a mistake when he got full and attempted to help Judge Kooser to run the business of the court; but he wasn't dumb enough to "cough up" over \$20 that the other fellows are in for.

CHAMBERLAIN'S COUGH REME-DY AIDS NATURE. Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold by E. H. Miller.

Frantz in Again. "Lup" Frantz is again in the toils, and this time there is a possibility that he will remain behind closed doors for some time to come. Friday he threatened to kill E. E. Ross, the West Peach street jeweler, on the streets in Dawson. Frantz didn't have to carry out his threats and is now confined in the Uniontown jail, not being able to get anyone to put up \$500 for his appearance at the September term of court.—Connellsville News.

Murderer Said to Be in Captivity. It is reported, and apparently from reliable source, that the murderer of Peter Shumaker has been captured in Italy, and is being held for the authorities in this country. Two brothers of the murdered man went over to Somerset this morning to take preliminary steps to have him brought back. The crime was committed at Wellersburg on Christmas eve of last year.—Meyersdale Republican.

A BOY'S WILD RIDE FOR LIFE. With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove it's matchless for all Throat and Lung troubles. Guaranteed bottles 50c. and \$1.00. Trial bottles free at E. H. Miller's drug stores.

Physicians Bring Suit.

A suit was entered this week against the Poor Directors of Somerset county by Doctors Robert O. Christ and C. F. Livengood, of Boswell, for services rendered to indigent patients at Boswell during the prevalence of smallpox there several months ago. The plaintiffs claim, in their statement filed, that they acted under the direction of the authorities. The amount for which the suit is brought is \$271.04. Several families that were without the necessities of life were provided for by the physicians, who also secured nurses for them.

The Poor Directors refuse payment on the ground that each community must take care of its quarantined patients, this view of the law having been taken several times by the courts of this state.—Somerset Standard.

Correction Concerning Mrs. O. W. Boyer's Burial.

One of the meanest and most un-provoked lies published in the daily papers for some time, appeared last Friday in the Philadelphia North American, Baltimore Sun, Pittsburg Post and Cumberland Times. We have reference to a dispatch concerning Mrs. O. W. Boyer's burial, which was dated at Meyersdale and sent to the above named papers by some correspondent who evidently delights in sensation and falsehood, even if it does wound the feelings of those who are mourning for their dead.

The said dispatch has it that Mrs. Boyer was an agnostic, and at her request no funeral service of any kind was held at her burial. The correspondence further stated that no one was at the burial, except those actually necessary to do the work. There is not a grain of truth in the report, and the correspondent could as easily have learned the facts and sent a true account to the daily papers as to send a false account that is brutally unjust. Naturally the relatives of Mrs. Boyer are very indignant.

The deceased was not an agnostic, neither did she request that no funeral service should be held. She requested that the services be brief and devoid of eulogy, to which she was very sensibly opposed, and her wishes were carried out to the letter by the M. E. parson of Meyersdale. The funeral was attended by a considerable number of friends, and there is no room for sensation in writing a truthful account of it.

REUNION OF THE FIFTY-FOURTH.

Everything is progressing favorably for the reunion of the survivors of the Fifty-fourth Pennsylvania Volunteers, which will be held in Johnstown next month, and on which occasion the veterans will have as their guests the members of Col. Ashby Turner camp, C. W. V., of Winchester, Va. A meeting of the old soldiers of this city was held last Saturday evening in the G. A. R. hall, and a number of the preliminaries discussed.

The badge committee has already secured the emblems for the occasion and turned them over to the association. The badges are very neat, and consist of a button suspended on a red, white and blue ribbon. The button has a picture of Major Enoch D. Yutzky, who was the Major of the Fifty-fourth and at one time a resident of Ursina, Somerset county. It is also lettered as follows: "Thirtieth Regiment, Pennsylvania Volunteer Infantry, Johnstown, Pa., Oct. 4-5, 1864." The committee on transportation reported that it had succeeded in getting a rate of two cents a mile on the Pennsylvania and all of its branch lines. This is about two-thirds of the regular fare.

The ex-confederates will arrive in Johnstown the evening of October 3 over the S. & C. branch, and will be met by a reception committee of the local soldiers. This committee, which was appointed Saturday night, consists of Robert Parsons, William Fredericks and Jacob A. Glass. While the program of entertainment has not yet been made, it has been determined that there will be a parade at 10 o'clock the morning of the first day of the reunion. This will be participated in by the local soldiers and their guests, who will wear their blue and gray uniforms, respectively. It is probable that there will be a session in the G. A. R. hall just preceding the parade, when several addresses will be made, including an address of welcome and a response. It is expected that there will be about 50 members of the confederate camp in attendance.—Johnstown Democrat.

THE STOMACH IS THE MAN.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run-down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by E. H. Miller.
