

SCORES KILLED IN WRECK

Frightfully Fatal Collision on the Southern Railway.

ORDERS WERE DISOBEYED.

MANY WERE FATALLY INJURED.

One Engineer Fails to Take the Siding Assigned to His Train Regularly.

Sixty-two people are dead and over 100 injured, some of them fatally, as the result of a head-on collision between two passenger trains on the Southern railroad near Hodges, Tenn., last Saturday. Disobeying of orders caused the disaster.

The collision was between east-bound passenger train No. 12 and westbound passenger train No. 15 from Bristol. No. 12 was a heavy train, carrying two Pullmans, two day coaches and a mail and baggage car. No. 15 was a light local train. The greatest loss of life occurred in the eastbound train, while in the westbound train only the engine crew were killed.

Relief trains were dispatched from Knoxville within an hour.

This appalling loss of life resulted apparently from the disregarding of orders given to the two trains to meet at a station which has for a long time been their regular meeting point. The claim of failure to see either the station or signals cannot be set up by the engineer of the westbound train because he was alive to enter a plea of defense, as the accident happened in broad daylight, and according to the best information obtainable, he had the order in a little frame in front of him as his engine rushed by the station. A mile and a half further on it came full upon an eastbound passenger train making for Hodges, in compliance with instructions to meet the westbound train, which carried the sleepers from the east of Knoxville, Chattanooga and other southern cities.

The possibility exists that the ill-fated engineer may have been asleep, but nothing is known save that the orders were not obeyed. The trains were on time, and were not making over 35 miles an hour, yet the impact as they rounded a curve and came suddenly upon each other was frightful.

Both engines and the major portions of both trains were demolished. The engineers of the two trains were crushed, their bodies remaining for hours under the wreckage of the locomotives.

Both engines and all of the coaches of No. 15 were literally demolished, the smoker and baggage car completely so. The sleepers remained on the track undamaged. Both engines lay to the north of the track, jammed together into one mass of indescribable ruins. The cars which were demolished were piled on the wrecked engines.

JUDGE PARKER'S LETTER.

Democratic Candidate Issues Formal Acceptance.

Judge Alton B. Parker's formal letter of acceptance of the Democratic nomination for the Presidency was given out for publication. In stating his position upon the issues formulated in the platform of his party the nominee definitely accepts the challenge of President Roosevelt in relation to executive pension order No. 78. Judge Parker declares if he shall be elected he will revoke that order and endeavor to compass the end desired through legislation by congress.

Touching upon imperialism at some length the letter declares the power of the President is almost as great as that of some European monarchs, and makes an appeal for the return to that constitutionalism that existed in the time of our fathers.

Tariff reform is demanded by the people and is imperative.

He declares he favors further legislation looking to the curbing of the trusts.

He favors reciprocity, which would benefit both manufacturer and consumer, and cites President McKinley's last public speech as showing that he appreciated the value of reciprocity. The Philippines should be independent, he says, as soon as their people are reasonably prepared for freedom, in justice to them, and to preserve their own rights.

NEW RUSSIAN ARMY.

Czar Chooses New Commander and Plans Reorganization.

The czar announces the organization of a second Manchurian army, to consist probably of 360,000 men, and to be commanded by Gen. Grippenberg, who will take equal rank with Gen. Kuropatkin, of the first Manchurian. The czar's rescript, while praising the valor and energy of the Japanese, makes it plain that Russia intends to spare neither money nor men in bringing victory to her arms as speedily as possible. It is reported that Grand Duke Nicholas will probably be made commander-in-chief of the two Manchurian armies.

Engineer Burned to Death.

A passenger train on the Norfolk and Western road was wrecked at Lockburn by spreading rails. The engine, tender and baggage car were derailed, but the passenger cars remained on the track. None of the passengers was injured. Engineer William D. Simonon of this city, was burned to death under his engine. Fireman Frederick W. Kyle, of Columbus, was fatally scalded.

MANUFACTURES IN LEAD.

Exports of Farm Products Fall Below Manufactures.

The increase in exports of manufactures and decrease in exports of agricultural products are discussed at considerable length in a report of the chief of the Bureau of Statistics of the Department of Commerce and Labor. For the first time in the history of the export trade of the United States manufactures exceeded \$459,999,000, and agricultural products for the first time fell below 50 per cent. of the total domestic exports. The total exports of domestic manufactures were \$452,445,629, against \$407,526,159 in 1903, and \$433,851,756 in 1900, the highest record in earlier years. The total value of agricultural products exported was \$353,855,367, against \$373,322,832 in 1903, and \$443,811,020 in 1901, when the highest total of agricultural exports was recorded.

The gain in manufactures over agricultural products in the export trade of the country is shown in the fact that in 1874 manufactures exported amounted to but about one-fifth as much in value as agricultural products exported; in 1884 their value was about one-fourth as much; in 1894 nearly one-third as much, and in 1904 more than one-half as much as that of the products of agriculture, while in the closing months of the year, May and June, manufactures for the first time in the history of our commerce actually exceeded agricultural products in value of exports. This decrease in the value of agricultural products exported is the more striking when it is considered that the export price of cotton averaged higher during the year than in any prior year for more than a quarter of a century, and that the value of raw cotton exported was greater than in any preceding year, and formed nearly one-half of the total value of agricultural products exported.

REAL WAR NEWS SCARC.

Information About Japanese Movements Kept Secret.

Secrecy veils the movements of the Japanese armies in Manchuria, and little that is indicative of developments in the situation is permitted to reach the correspondents. Apparently four Japanese armies are converging upon Mukden, but although the distance to be covered is not great several days are expected to elapse before there ensues a battle with the forces under General Kuropatkin. Improvement in the weather conditions is regarded as advantageous to the Japanese.

There is no news from the direction of Port Arthur, though it is probable that fighting is in progress there. There is no confirmation of the report that the Russian cruiser Gromobol has left Vladivostok in pursuit of a Japanese transport.

TELEGRAPHIC BREVITIES.

Thomas H. Tibbles, Vice-Presidential candidate of the People's party, has issued his letter of acceptance.

The buildings of the Canada Hardware Company, in Montreal, were burned. The loss is \$530,000, insurance, \$385,000.

President Walmesley, of the Manufacturers' Association, declared in a speech that New England would hold her cotton-mill industry.

Fire in the sixth floor of the Christian Pepper Tobacco Company's factory, in St. Louis, resulted in the destruction of practically all the stock. The loss is \$90,000.

Fire at the plant of the J. A. Fay and Egan Company, manufacturers of wood working machinery, situated at Front and John streets, Cincinnati, caused a loss of \$200,000.

Four Killed by Train.

While returning from the christening of a baby at the Sacred Heart Polish Roman Catholic Church on Talbot avenue, Braddock, Pa., four persons, two men and a woman and the baby that had just been christened, were killed, by being struck by a fast train on the Pennsylvania railroad.

RAN INTO SLEEPERS.

One Killed and Twenty-six Hurt in Railroad Wreck.

The Western express from New York to Chicago on the New York Central railroad was wrecked at Lock Berlin, N. Y. Mrs. Newman Erb was killed and 26 others injured. The engine of the train, while running at a high rate of speed, struck a broken rail, derailling three sleeping cars filled with passengers. The engine and day coaches remained on the track. When the train stopped the sleepers were between tracks Nos. 1 and 2.

A heavy fast freight train from the west, running at a high rate of speed, swung around the curve and before the trainmen could get a flag before the engine of the freight struck the first sleeper and cut off about one-half of the car for the entire length. Then it plunged into the rear sleepers, demolishing them. The freight cars completed the destruction of the sleepers.

Maj. L. C. Norman, twice State Auditor, and one of the best-known politicians in Kentucky, died from heart trouble.

Effort to Wreck Home.

A neighbor passing the residence of J. C. Maben, president of the Sloss-Sheffield Steel and Iron Co., at Birmingham, Ala., found a bottle on the front steps with a burning fuse attached. The bottle contained dynamite enough to wreck the building. The man who found the bottle told the police that he saw a white man run away from the step. A strike of union miners is on at the mines of the company.

PUPILS PLUNGE TO DEATH

Floor of Vault Gives Way and Many Fall Into Excavation.

NINE BODIES TAKEN OUT.

Accident Happens During Recession—Parents Charge School Officials With Negligence in Affair.

At Pleasant Ridge, seven miles north of Cincinnati, possibly 10, school girls were suffocated in a vault during the forenoon recess, and a score of others narrowly escaped the same horrible death.

During the rest of the day this suburb was wild with mingled excitement, sorrow and indignation, and those openly charging the calamity to official negligence are making serious threats, among them being many women.

The large building is used for a high school, as well as for all lower departments. All of the victims were from primary grades. On opposite sides of the spacious ground in the rear of the school building are two outhouses. When recess was given about 30 of the smaller girls were in the outhouse assigned to them, when suddenly the floor gave way, precipitating them into the vault below.

This vault is 12 feet deep and walled up with stone like a well. There was in it 4 feet of water that would have been over the heads of the children falling in it singly, but those falling first filled up the vault partially, so that others were not entirely submerged.

The girls fell 8 feet from the flooring, and the struggles of those who were on top kept at least nine underneath until they were dead. The frame sheds of these vaults were about 20 feet square without windows, and only one narrow doorway, so that only one girl escaped from the door. She ran into the school building and told the teachers what had happened.

The principal and other teachers rushed to the rescue. The screams of the girls were dimly heard within the vault. The teachers were soon reinforced by the entire population of the town, the police and fire department rendering effective service.

IRON TRADE PROSPECTS.

Reduction of Prices on Billets Has Small Effect on Sales.

The Iron Age says: The action of the billet association has attracted a good deal of attention, but is really not very important, since the tonnage of steel billets sold in the open market is insignificant when compared with the days before the consolidation. Then, too, the great bulk of what crude steel is sold, is delivered on old sliding scales based on the price of Bessemer pig iron. Therefore, the open reductions in prices of billets and sheet cars does not materially change the situation. It does not justify the expectations, evidently indulged in by some consumers, that prices in certain finished lines must be correspondingly reduced. Business in structural material does not appear to have been stimulated to any extent by the recent lowering in association prices on shapes. In fact, some sellers note that the market is rather quieter. In plate and shape trades, the principal effect of the consolidation has been to bring out specifications on old contracts, but for new business, consumers seem to cling to the conviction that the end of readjustments of prices has not yet come. The trade in merchant pipe is quieter, and there are again reports of slight shading. There is not much that is encouraging from the sheet and tinplate trades.

Timber Destroyed by Fire.

Timbermen who have visited Columbia county, Oregon, report that recent forest fires in that section have destroyed timber to the value of \$8,000,000. Most of it was owned by eastern capitalists.

WOULD SUPPLANT DOGMA.

Prof. Haackel Active in Free Thinkers' Congress at Rome.

Professor Ernest Haackel, of Jena University, who brought the greetings of Germans to the Congress of Free Thinkers which assembled at Rome, caused printed copies of his speech to be circulated.

He says the congress offers a favorable occasion to expound the ideas of scientists desiring to reorganize the world on the basis of science instead of dogmas, adding that in the middle of October there will be held at St. Louis an international conference for the conception of a progressist world, organized by the Federation of American Free Thinkers, having the same program and object as the present congress at Rome. Professor Haackel regrets that he is unable to gratify his desire to join in the St. Louis congress, but being requested to contribute his views to these congresses he presents his principles in writing.

Bjornstjerne Bjornson has been appointed honorary president for Scandinavia.

Scottish Rite Masons Adjourn.

Indianapolis, Ind., was selected as the meeting place of next year's convention of the supreme council, Ancient and Accepted Scottish Rite Free Masons at the closing session of the annual meeting at Boston. The report of the trustees, presented by Gen. S. C. Lawrence, showed invested funds of \$292,900.

The New Hampshire Republicans nominated John McLane, of Milford, for Governor.

NEW YORK DEMOCRATS.

State Convention at Saratoga Nominates Candidates.

The New York State Democratic convention was held at Saratoga and unanimously nominated the following ticket:

For Governor, D. Cady Herrick, of Albany, at present justice of the State Supreme Court.

For Lieutenant Governor, Francis Burton Harrison, New York, now a representative in Congress from the Thirteenth district.

For Secretary of State, John Wallace, Jr., of Monroe, now a member of the Assembly.

For Attorney General, John C. O'Brien, of Erie, the incumbent.

For Comptroller, George Hall, of St. Lawrence, now Mayor of the city of Ogdensburg.

For State Treasurer, William Muench, of Onondaga.

For State Engineer and Surveyor, Thomas H. Stryker, of Rome, Oneida county.

For Chief Justice of the Court of Appeals, Edgar C. Cullen, of Kings (Democrat), now an Associate Judge of that bench and the Republican nominee.

For Associate Judge of the Court of Appeals, William E. Werner, of Monroe (Republican), now of that bench by designation of Governor Odell and the Republican nominee.

BIG STEEL PLANT BOUGHT.

American Steel Foundries Company Will Control St. Louis Works.

President Charles Miller, of the American Steel Foundries Company, announced that the concern had purchased a controlling interest in the plant of the Commonwealth Steel Company, of St. Louis, which will be devoted to the manufacture of railway castings.

The price paid was about \$2,000,000. The sale was practically completed several weeks ago, though no announcement concerning it was made until now.

President Miller states that a great demand exists for railway castings, and the company has as many orders as it can fill. The company is constantly increasing its capacity and the output of the various concerns is 33 per cent larger than a month ago.

AGITATING HOLY WAR.

Spreading Discontent Among Followers of Buddha in Asia.

With the success of the British expedition to Tibet and the protest of Russia against the British-Tibetan treaty some of the Russian papers have become disturbed over the importance of the Buddhist pilgrimage to Mouran in February.

According to information from Mongolia the agitation for a holy war has not abated at the time of the pilgrimage to Ourga, in July last, continues. Wandering lamas are spreading the agitation not only among the Buddhists in Mongolia, but among the followers of Buddha in the Altai regions of central China, among the Russian Buriats and even beyond the Siberian borders and in India.

Boston Wool Market.

While all grades have been in request, there has been an especially good movement in secured wools, speculation tendency having caused them to change hands freely. The market for pulled wools is firm, with moderate offerings. There is a good demand for territory grades. Foreign wools are steady. Leading quotations follow: Ohio and Pennsylvania double extra and above, 34@35c; extra, 30@31c; No. 1, 33@34c; No. 2, 32@33c; fine unwashed delaine, 26@27c; fine washed delaine, 26@27c; Michigan, extra and above, 26@27c; No. 1, 30@31c; No. 2, 29@30c; fine unwashed, 21@22c; 4, 3 and 1/2 blood, unwashed, 27@28c; unwashed delaine, 25@26c; fine washed delaine, 32@33c; Kentucky, Indiana, etc., 3 and 1/2 blood, 29@29 1/2c.

Many Officers Killed.

Official returns of the casualties among the Russian officers at the battle of Liao-Yang show them to be 465 killed or wounded, including six Generals and 39 field officers. Eighty officers were killed, 372 were wounded, and 13 are missing.

MORMONS EXPELLED.

Two American Missionaries Must Leave Hungary.

Count Tisza, the Hungarian minister of the interior, has rendered a decision prohibiting Mormon propaganda within Hungary upon the ground that such a movement is undesirable both from the standpoint of state policy and religion. The immediate occasion of the decision was the expulsion of two Mormon missionaries, Franklin Pingree and William Wetzel, who came from Salt Lake City to Temesvar 18 months ago, and attempted to organize a Mormon community among Hungarians who had formerly resided in Utah.

The two missionaries were promptly expelled, whereupon their Hungarian friends appealed to the minister of the interior, the result being the present decision.

Former State Senator Edward C. Stokes was unanimously nominated for Governor by the Republican State Convention of New Jersey in session at Trenton.

Two Trainmen Killed.

Fast freight No. 94 on the Baltimore and Ohio Railroad struck a wagon loaded with 750 pounds of dynamite at the crossing at North Branch, W. Va., four miles from Cumberland, Md. Two persons were killed and eight were injured, three of them seriously. The dead are: C. Walter Whitehair, front brakeman, Brunswick; Nelson Pike, Martinsburg, veteran engineer, scalded all over and internally; lived two hours.

ELECTRIC CAR BLOWN UP

Struck Box of Dynamite which Had Dropped from Wagon.

BODIES TERRIBLY MANGLED.

Every Window Within the Radius of a Quarter of a Mile Was Shattered.

An electric car containing 32 persons was blown to pieces in Melrose, Mass., by striking a 50 pound box of dynamite that had fallen off an express wagon. Six persons were killed outright and three more died of their injuries within an hour. Nineteen others on the car were taken to the two hospitals suffering from severe injuries. At least a score of persons in the immediate vicinity of the explosion were hurt by flying glass and splinters.

So great was the force of the explosion that all but ten feet of the rear portion of the car was blown into small pieces, while every window within a radius of a quarter of a mile was shattered.

The immediate vicinity of the accident presented a fearful spectacle when those in the neighborhood reached the scene. The ground was strewn with legs, arms and other portions of the bodies of those who had been killed, while shrieks and groans came from the writhing forms of the injured.

The express wagon from which the dynamite fell was driven by Roy Fenton, who discovered that the box had dropped off and rushed back to find it, but before he got within 100 yards of the box the car struck it and was blown up. Fenton was arrested.

For more than three hours there was the greatest confusion, and it was difficult to obtain the names of any of the dead or injured or to ascertain the cause of the accident. Thousands of people rushed about trying to find relatives and friends, and the hospitals were besieged.

The car contained mostly men on the way to their homes in this city, the accident taking place only a quarter of a mile from Melrose Center, but among the dead was a woman and her babe.

CLAIM TIBET WAS COERCED.

Official Organ Says England Has No Right to Assume Protectorate Over Country.

Russia officially maintains that Great Britain has broken faith in the matter of the Tibetan treaty and Ambassador Benckendorff has been instructed to lodge a general protest at the British foreign office. According to the Russian view, Great Britain's pledges to Russia only contemplated the regulation of trade between India and Tibet and she disclaimed any purpose to meddle with the internal or political affairs of the country. Instead of so doing, Russia claims that a treaty was forced upon the Tibetans which created a virtual protectorate over the country. Moreover it is contended the sovereignty of China, compromised the regulation of trade between India and Tibet and she disclaimed any purpose to meddle with the internal or political affairs of the country. Instead of so doing, Russia claims that a treaty was forced upon the Tibetans which created a virtual protectorate over the country. Moreover it is contended the sovereignty of China, compromised the regulation of trade between India and Tibet and she disclaimed any purpose to meddle with the internal or political affairs of the country.
