War on Weeds!

THISTLE-INE is sure death to Canada Thistles and all other noxious vegetation.

It can no longer be considered an experiment. That it is able to and does destroy weeds and thistles of all kinds, is shown by the hundreds of letters we have received from farmers, park, cemetery and highway commissioners, railroad officials, and others who have given it a thorough test. It is easier and cheaper to spray the grass and weeds in walks, driveways and street-gutters, with THISTLE-INE than to out or dig them out.

If you have a lawn or back yard in which you take pride, you will find THISTLE-INE a constant friend in destroying Dandelion, Burdock, Wild Lettuce, or other unsightly weeds.

You run no risk of failure in ordering, for when used according to directions, we guarantee the results to be entirely satisfactory. Send for Circular.

\$2.50 Worth Sent Free.

Dr. Miles, the Great Specialist in Diseases of the Heart, Nerves, Stomach and Kidneys.

Will Send a Trial Course of His New and Remarkable Treatment Free.

When an experienced physician offers to give away \$2.50 Treatments for diseases of the heart, nerves, stomach, kidneys or tropics, it is conclusive evidence that he has great faith in it. And when hundreds of prominent men and women freely testify to his unusual skill and the superiority of his New Special Treatments his liberality is certainly worthy of serious consideration.

That Franklin Miles, M. D., LL. B., is one of the world's most successful physicians is proven by hundreds of wonderful cures of well-known people. One patient cured after failure of eleven Grand Rapids physicians, one after being given up by thirty physicians, one after nine of the leading doctors in New York City, Philadelphia and Chicago failed.

The late Prof. J. S. Jewell, M. D., editor of the Journal of Mental and Nervous Diseases says: "Why all means publish your surprising results." Prof. J. P. Ross, M. D., Ex-President of Rush Medical College, wrote in 1874: "Dr. Miles has taken two courses of my private instructions in diseases of the heart and lungs."

Mr. Truman DeWeese, editor of the Chicago Times-Herald, states: "Dr. Miles cured me of years of inherited headache and dizziness." The well known manufacturer of Freepoint, Ill., J. C. Scott, says: "I had fruitlessly spent thousands of dollars on physicians until I consulted Dr. Miles." One thousand remarkable testimonials sent upon request.

As all may have the Doctor's Book, valuable advice and \$2.50 worth of treatment, especially prepared for their case, free, as a trial we would advise every sick one to send for them at once. Give a careful description of your symptoms. Address, Dr. Franklin Miles, Dept. G., Grand Dispensary, 413 to 423 Main St., Elkhart, Ind. 10-20

A Present to Our Business Men.

Last year the editor of THE STAR, at his own expense, had the Ad-Writer, a bright and interesting advertising journal, sent to nearly every business firm in this locality, and beginning with the October number, this year, we have renewed nearly all the subscriptions paid by us last year, and have also added a few new ones to the list.

The business people who receive the Ad-Writer need have no hesitancy in lifting the same from the postoffice, for they can rest assured that so long as the paper comes it is paid for by us.

It is a journal filled with bright and catchy advertising ideas, and at least some of our business men have been making good use of the same in their window displays and newspaper advertising.

The Ad-Writer teaches business men how to advertise, and it recommends newspaper advertising as the best and most profitable kind. Therefore, don't only use the ideas that THE STAR'S cash is helping you to in your window displays, but show your appreciation by advertising liberally in your local paper, which is far the cheapest and best way of advertising at your command. Help the paper that is trying to help you and your town. Don't be an ingrate, a miser or a clam. Up-to-date business men are always good newspaper advertisers, and the Ad-Writer will make it easy for you to do up-to-date advertising, if you will only persevere it well during your leisure moments and act upon its suggestions.

HOW TO CURE CORNS AND BUNIONS.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by E. H. Miller. 11-1

Two Miners Shot While on Their Way to Work.

On Tuesday morning while on their way to work, Wm. Kemp and Wm. Sutton, two miners residing at Summit Mills, were fired upon from ambush and severely wounded. The men were employees of the Somerset Coal Company and had been employed at one of the mines in the lower end of the region.

Reports differ, some having it that the men were the victims of several rifle shots, while another report says there was but one shot fired, and that it was a charge of buckshot from a shotgun. The men were wounded in the legs and will be unable to work for several weeks.

At the time of going to press we have heard of no arrests being made, but we understand that strenuous efforts will be put forth to bring the criminal or criminals to justice.

The affair is another sample of the fruits of Meyersdale Commercialism, McCullochism, Morganism and a few other worthless "isms" of this region.

GOOD FOR CHILDREN.

Miller. 11-1

Why He Did Not Get On.

He had low ideals.
He did not dare to take chances.
He had too many irons in the fire.
He was never a whole man at any time.
He thought a good business should run itself.
He did not appreciate the value of appearances.

He did not know how to duplicate himself in others.
He let gruff, indifferent clerks drive away his business.
He trusted incompetent friends with responsible positions.
He would not change fairly good methods for better ones.
He did things over and over again because he lacked system.

He thought he knew all there was to know about his business.
He tried to economize by cutting down his advertising appropriation.
He was a good, honest man, but he did not do business in a business way.

DOING AND DENOUNCING.

It must be remembered that the party which is to-day denouncing Roosevelt and the Republicans is the same party which denounced Lincoln and called the war a failure in 1864. It is the same party that denounced Grant in 1872. It denounced McKinley up to the very hour of his death. It is very easy to denounce. It is not so easy to do. Ever since 1860 the Republican party and its leaders have been doing, while the Democratic party and its leaders have been denouncing. And yet the old flag still waves, the constitution is still supreme.

Republican policies have carried the country to the forefront among the nations, and our people have progressed and prospered, except when checked by Democratic legislation and Democratic administration.

Under Roosevelt and Fairbanks the progress will be still onward, and the flag and the constitution will command the respect of the world.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by E. H. Miller. Trial bottles free. 11-1

A Miners' Union Disbands.

Scranton, Pa., Oct. 2.—The Oxford local of the United Mine Workers has disbanded, and yesterday surrendered its charter. This was the first local of the United Mine Workers to be organized in the Lackawanna district. The Oxford colliery was the only one in this region that worked all through the last strike, and is to-day the only colliery in the whole region working 10 hours a day. The fact that a union miner cannot work more than nine hours accounts for the dissolution of the local.

CONFESSIONS OF A PRIEST.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by E. H. Miller. Only 50c. 11-1

Foolish Boy and a Cow.

Harrison Miller, a boy of about nine years, living near Twenty-second street, was bringing the cow home from the pasture, late Thursday afternoon. He had a rope around her horns by which he led her. The other end of the rope he tied around his body. Becoming frightened, the cow ran, dragging the boy over the rocks and boulders through the brush and across the creek. When rescued the boy was unconscious. An examination by Dr. L. E. Davies showed some bad cuts and very severe bruises, but otherwise the injuries were not of a serious character.—Windber Journal.

Meyersdale No Longer the Metropolis.

The Windber public schools have an enrollment this week of 840 pupils, an increase of about 150 since the opening.—Windber Journal.

Ballad of Bryan's Boost.

"I tell you what," said William J., "I'm dead in love with Alton B. He'll raise the standard every day Of safe and sane Democracy. You'll never hear a knock from me—From slander I shall e'er refrain And offer him, on bended knee, A boost like Abel got from Cain!" —Ex.

China's Great Wall.

The great wall of China was built in ten years, and was finished 205 years before the birth of Christ. Twenty-six centuries have had scarcely any effect upon it. It is as enduring as the pyramids. Equipped with modern artillery and manned with soldiers armed and drilled in the modern manner, it would be as impregnable as the day it was finished.

The projecting masses of stone and brick which form its huge buttresses are alone estimated to contain more material than all the dwelling houses in Great Britain. Careful calculation long ago demonstrated that the Chinese wall contains more material than is sufficient to cover the entire circumference of the earth on two of its circles with two walls each six feet high and two feet thick. It is nearly fifteen hundred miles long, and is carried over the highest mountains, the deepest valleys, across wide rivers, and over all manner of obstacles. It is a greater wonder than any of the other "Seven Wonders of the World." It surpasses not only by its engineering devices and its marvelous stability every other effort of human labor.—The Western Pennsylvanian.
