War on Weeds!

THISTLE-INE is sure death to Canada Thistles and all other noxious vegetation.

It can no longer be considered an experiment. That it is able to and does destroy weeds and thistles of all kinds, is shown by the hundreds of letters we have received from farmers, park, cemetery and highway commissioners, railroad officials, and others who have given it a thorough test. It is easier and cheaper to spray the grass and weeds in walks, driveways and street gutters, with **THISTLE-INE** than to cut or dig them out.

If you have a lawn or back yard in which you take pride, you will find **THISTLE-INE** a constant friend in destroying Dandelion, Burdock, Wild Lettuce, or other unsightly weeds.

You run no risk of failure in ordering, for when used according to directions, we guarantee the results to be entirely satisfactory. Send for Circular.

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to buy in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by E. H. Miller. 11-1

Addison News.

Oct. 23th.—Last Sunday night Elder H. S. McClintock preached in the Christian church to a large audience.

Mrs. Kate Sanners died at her home in Confluence, last Tuesday. Interment was made in the Addison cemetery on Thursday. Deceased was a daughter of James Watson, of Confluence, and is survived by several small children. This makes the seventh burial in the Addison cemetery within the last six or seven weeks.

Jasper Augustine, of Uniontown, Pa., was in Addison last Monday attending to business.

Following is a list of recent real estate transfers in Addison: Wm. F. Barkley has bought the F. J. Shirer property for \$900. E. J. Shirer has bought the Jasper Augustine property for \$2700. Hugh Null is at Salisbury for a week or two, in charge of the telegraph office, on account of the death of the regular operator's father.

Mrs. Edna Rhoderick returned to her home near Hadentown, Pa., last Friday. She had been here visiting her parents, Mr. and Mrs. E. Largent, for three or four weeks.

Miss Jessie Reschberger, who has been visiting friends for the last few weeks at Homestead, will return home this week.

ONE OF MANY.

H. A. Tisdale, of Summertown, S. C., suffered for twenty years with the Piles. Specialists were employed and many remedies used, but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many, many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ringworm, skin diseases, etc. Sold by E. H. Miller. 11-1

Roosevelt Licked.

It is now evident that Roosevelt is going to be licked this campaign. We have received from The Coupon Press, Washington Heights, Chicago, a book of 95 stickers like a postage stamp, only larger, each being a half tone portrait of the president with the title "Four Years More For Teddy." They look very neat on a letter head or envelope, and as the idea is rather novel, they will, no doubt, be licked by thousands of Roosevelt's admirers. The publishers will send a sample book to parties sending ten cents and mentioning this paper. This is a special offer to our readers.

A JUDICIOUS INQUIRY.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by E. H. Miller. 11-1

THE REPUBLICAN HARVEST.

Democrats and free-traders are fond of taunting Protectionists and Republicans with the assertion that it is claimed that the Republican party is responsible for good harvests. The fact is that no Republican speaker or writer ever made such a claim, but it is also true that Republicans and Protectionists do claim that the value of the farmer's crops is due in a large measure to Republican legislation and to the operation of our splendid protective tariff. The American Agriculturist, one of the highest authorities in the country, announces that the value of our agricultural products will probably this year exceed that of any previous year in our history. Yet our crops in amount will not be extraordinary, nor have they been during the past few years. In 1896 the corn crop in particular measured nearly a billion bushels more than some years since, and yet in value the farmer only received about one-half which he has been receiving for the past few years. This is where the Republicans' claim that the tariff is a benefit to the farmer is fully substantiated. The full measure of employment which has been enjoyed by our working classes during the past few years, their high wages and the consequent high standard of living have given us a home market and a purchasing power which has brought to the farmer this large prosperity and great reward in return for his labors.

The farmers of the United States according to a census basis will this year receive nearly six billions of dollars in return for their labor, and if we should include in this estimate the value of what the farmer himself and his family consume, the amount would approximate the stupendous sum of ten billions of dollars. These figures are indeed marvelous, but none the less true. Yet they would be cut in half were we living under the operation of low tariff or what would be the same thing, free trade.

ROOSEVELT AND PARKER.

From the Troy Times.
Roosevelt's beliefs are known. If Parker knows what he believes or believes what he knows, the people have not been able to discover it from his utterances.

Roosevelt was nominated unanimously on the platform of his party. Parker was nominated by "crooked and indefensible" means, and immediately took issue with his party's declaration of principles.

Roosevelt has been tested by three years of brilliantly successful service in the office for which he was nominated. Parker is taken from the bench, and his political experience has been as Chairman of Hill's Democratic State Committee.

Roosevelt is supported by such men as Hay, Root and Taft. Parker's backers are Hill and Belmont and the two Murphys and Devery.

Roosevelt represents Protection and honest money. Parker stands on a Free Trade platform and voted twice for Bryan and Free Silver.

Roosevelt or Parker? The choice is urgent for the citizen and easy for the patriot.

G. O. P. TO COL. WATTERSON.

"Give to Power an inch and it will take an ell." (From Henry Watterston's editorial "The Eve of Battle.")

Of course it will, Mahs Henry, and for that reason we Don't want your kind of party.

To get the inch, you see?

We tried it twice with Grover, and when you got the inch, you reached for more, by thunder, and caught us in a pinch.

Perhaps you still remember the hard time that befell, When Democratic power Was reaching for the ell.

Suppose, now, you had got it, And every theory, Of Bryan had been practiced, Where would our credit be?

Where would we stand with nations? What would the whole world say With Uncle Sam presenting A currency of hay?

True, there is a little power Of your kind, and a cinch Might not be coming to you If you should get an inch.

But we can't trust you, Colonel, There really is no need, And if you got that ell, sir, It would be 'ell indeed.

W. J. LAMPTON.

The Democratic managers feel very much as if they might just as well fold up their tents and close headquarters, so far as this campaign is concerned, says the Democratic Atlanta Constitution. So say we all.

BROKE INTO HIS HOUSE.

A Severe Cold For Three Months.

The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried FOLEY'S HONEY AND TAR, and eight doses cured me."

A Chattanooga Druggist's Statement.

Robert J. Miller, proprietor of the Read House Drug Store, of Chattanooga, Tenn., writes: "There is more merit in FOLEY'S HONEY AND TAR than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined."
