Here is good advice which we clip from an exchange: "Keep your money in circulation. Don't salt it away. Pay your debts as fast as you can. Have patience with one another. Buy your

goods of the home merchant. Encourage home industries and home enterprises, and give the home mechanics all the work you have to let out."

The Oil City Blizzard tells of a man at Reno, Pa., who killed a 3-year-old hog, recently, that dressed 54 pounds. That man must have taken lessons in raising porkers from our esteemed fellow citizen John Kann. If our memory serves us right, John raised a hog nearly that big in one year. The Reno man can't do quite that good, but we know John Kann.

While hunting at Armstrong run last week two young men chased a rabbit into a joint of oil well casing that was lying on the ground. When they attempted to chase the rabbit out, behold not one bunnie, but two emerged from the casing and scurried away into the underbrush, and the hunters were still further amazed to see a half-grown groundhog, which had also taken refuge in the casing, closely follow the rabbits in the rush for cover.—Oil City Derrick.

On the evening of election day a fight occurred between Ed. Phillips, a working miner, and Joseph Wagner, Jr., a member of the Gravel Hill gang. We don't know how the trouble started, but Phillips was "getting away" with his antagonist in great shape, when a lot of cowardly curs standing near jumped in and kicked Phillips half to death. They would have had a perfect right to interfere and stop the fight, but they had no right to jump in and help either Wagner or Phillips. A lot of arrests were made several days ago, and tomorrow the trials will take place. Next week we expect to be able to tell you all about the outcome.

Dayton of Meyersdale, drove to Coal Run, six miles south of Meyersdale, and arrested Samuel Turvey.
