"All right," interrupted the weary buyer, "suppose you keep quiet for five minutes, and give it a chance."—
Philadelphia Press.

"And you say you had \$100 about you the other day?" interrogated the lady in the wayside cottage.
"Yes, mum," responded Tired Tim.
"Well, how did you get rid of it?"
"Me coattails give 'way. Yer see, it was in de shape of a hundred-dollar bulldog."

Willing to Give Us.

The beggar approached the bald-headed man whe was enjeying his after-dinner eigar on the veranda.

"Please, sir," said the mendicant, "have you a copper you could spare?"

"Sure." replied fine man behind the weed. "You'll find him on the back porch making love to the cook."

of saying witty things, does he?"
Eudera—"Well, not exactly. He said he couldn't help laughing every time you spened your mouth."

Newspaper Interests in Conbination.

RECENT invention has revolutionized the art of making printing inks, and a substantial reduction in the cost of manufacture has given The Standard Ink Works such a strategical advantage over their competitors in the ink trade that the editors and publishers who control and largely own the business have decided to invite the financial co-operation of the general public in an immediate enlargement of the

The purpose of the corporation is to secure to American newspapers the absolute control of their ink supply independently of any industrial combination or other outside influence, and, at the same time, to make money for its stockholders through the sale of printing inks to publishers and printers in all parts of the civilized world.

The corporation owns and operates, in New York City, s printing ink factory having a capacity of 10,000 pounds of printing ink a day. The factory is equipped with the latest and most highly improved machinery for the manufacture of all grades and colors of printing inks.

The corporation owns and operates, outside of New York, a modern

and fully equipped factory for the preparation of the materials from which printing inks are made. This factory represents an outlay of between \$50,000 and \$100,000 in cash. It has a capacity at present of 100,-

It is the intention of the corporation to bring the capacity of its New York City factory up to the full capacity of the works.

By reason of the recent improvement in the quality of the materials

and the reduction in the cost of manufacture, the corporation is able to offer to investors this plain business proposition: It can manufacture better printing inks at a lower cost than any other maker of inks in exist-ence. It can sell good inks for less than it costs other concerns to make poor inks, and still earn generous dividends on its outstanding investment. The profits of manufacture, under the new and more favorable conditions, will range from 100% to 300%.

The corporation has no debt, no preferred stock, no bonds. All stock

is common stock, full-paid and non-assessable

Only stock actually issued counts as capital. Dividends are paid

only on issued stock. The active management of the business is in the hands of practical and experienced men, all except two of whom have had many years' experience as editors and publishers. The Executive Board of Directors is made up as follows:

Major General Oliver Otia Howard, U. S. Army (retired), Burlington, Vermont; Robert Hunt Lyman, 53-63 Park Row, New York City; Henry W. B. Howard, Polytechnic Institute, Brooklyn, N. Y.; B. Peele Willet, 142 Fifth Avenue, New York City; Hiram C. Haydn, 173 Bell-flower Avenue, Cleveland, Ohio; Edward B. Smith, 156 Fifth Avenue,

New York City; William Willard Howard, 17 Broadway, New York City.
For the purpose of extending its business by the construction in
New York City of a larger factory for the manufacture on an extensive
scale of all grades and colors of printing inks, the parent corporation now offers for sale a limited allotment of its capital stock at the low price of fifty cents a share (par value, \$1.00, full-paid and non-assessable). When this sale is closed (which may be at any time without notice).

the price of stock will be advanced to \$1.00 a share.

Subscriptions to this allotment of stock should be sent to Mr. Wil-

liam Willard Howard, Treasurer, 17 Broadway, New York City.
Circulars describing the enterprise in detail will be sent free to any address on application.
