L. H. Halsey, Bishop C. M. E. Church, Atlan'a, Ga., writes:
"I have found Peruna to be a great remedy for catarrh. I have suffered with this terrible discase for more than twenty years, until since I have been using Peruna, which has relieved me of the trouble.

"I have tried many remedies and spent a great deal of hard-earned money for them, but I found nothing so effectual in the curve of catarrh as the great medicine, Peruna.

"I feet sure that Peruna is not only a triumph of medical science, but it is also a blessing to suffering humanity.

"Every individual who suffers with respiratory diseases will find Peruna a magnificent and sovereign remedy."—L. H. Halsey, Bp. C. M. E. Church.

Peruna is the most prompt and sure remedy for entarch that can be taken. Many a preacher has been able to concern the sure of the vast number of grateful letters on hand a bottle of Peruna, ready to meet any emergency that nay arise.

Your face, either."—Philadelphia Press.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to c. re with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, John, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mueous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, O.

AN OLD MAN'S TRIBUTE:

An Ohio Fruit Raiser, 73 Years Old, Cured of a Terrible Case After Ten Years of Sidney Justus, fruit dealer, of Men-

Sidney Justos, fruit dealer, of Mentor, Ohio, says: "I was cured by Doan's Kidney Pills of a severe case of kidney trouble, of eight or ten years' standing. I suffered the most severe-backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything, and often I could hardly straighten my back. The aching was bad at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful, and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

FINANCE AND TRADE REVIEW

RUNNING AT FULL CAPACITY.

Quarterly Reports of Leading Conerns Show Enormous Tonnage Yet to be Delivered. Railway

Earnings Larger,
R. G. Dun & Co.'s "Weekly Review
of Trade" says: Trade progresses steadily, all speculative excesses having been avoided thus far, and the numerous negotations now pending indicate that the maximum of activity is yet to come. Some irregularity in loubtedly due to exceptionally severe weather. The weakness of cotton al-so had a tendency to check operations in the South. Taken as a whole in the South. Taken as a whole, however, results for January were very much better than in the same month last year, particularly as to failures. Distribution of merchandisc is once more on a liberal scale, traffic blockades having disappeared, and in many cases large clearance sales having disposed of burdensome stocks. Collections are still somewhat irregular, but on the whole there is little cause for complaint. Few labor disputes are interrupting work, although several new controversies are threatened. Manufacturing plants are making the best returns. Iron funnaces and steel mills operate close to their full capacity, and the quarterly report of the leading concerns showed an enormous tonnage of business on the books at the end of the year, despite the fact that the closing months of 1904 made very good exhibits. Woolen mills maintain records of activity, but there is still much to be desired at the cotton plants, and shoe factories have only a moderate amount of business in sight. Railway earnings for January were 1.1 per cent. larger than a year ago, and foreign commerce at this port for the last week showed an increase of \$979.089 in exports and a gain of \$928.067 in imports. Prices of hides weaken only in proportion to the deterioration in quality that is sensonable, and the tone is really firm, with a fair volume of business in progress, Leather is quiet, with no disposition to force sales. Commercial failures this week in the United States are 259, against 305 last week, 335 the preceding week, and 246 the corresponding week is tyear. Failures in Canada number 30, against 43 last week, 24 the preceeding week, and 29 last year.

Bradstreet's says: Widespread cold weather hampers trade in nearly all lines, thus retarding, but not entirely checking the opening of spring distribution. Pig fron remains quiet, as heretofore reported, but this quiet in the crude form is not indicative of the very large business in finished products, said to be of next record proportion so far as orders on haad and specificat however, results for January were very much better than in the same

AN OLD MANY.

LIVE STOCK.

Statistics, supplemented by estimates where statistics are not available, show that the average cash income of the 180,000 farmers of Kansas is \$2,000 a year. Kansas has now about \$165,000,000 worth of live stock at work converting her rich grains and grasses into dollars, and her farmers have been quick to recognize the fact that well-bred stock constitutes better machinery for this purpose than does the old time scrub.

Women in Our Hospitals

Appalling Increase in the Number of Operations Performed Each Year-How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Ovarian and womb troubles are certainly on the increase among the women of this country—they creen upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhæa, diziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest them selves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations. When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backeache, bloating for flat ulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, revous-Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Lydia E. P. Rhham's Vegetable Compound as a last resort, and it not only saved me from an operation when the sum of the ovaries and would have to have an operation and ovarian trouble, and about the member of the ovaries and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation of the ovaries, proving the compound as a last resort, and it m
