War on Weeds!
THISTLE-INE is sure death to Canada Thistles and all other noxious vegetation.

It can no longer be considered an experiment. That it is able to and does destroy weeds and thistles of all kinds, is shown by the hundreds of letters we have received from farmers, park, cemetery and highway commissioners, railroad officials, and others who have given it a thorough test. It is easier and cheaper to spray the grass and weeds in walks, driveways and street gutters, with THISTLE-INE than to cut or dig them out.

If you have a lawn or back yard in which you take pride, you will find THISTLE-INE a constant friend in destroying Dandelion, Burdock, Wild Lettuce, or other unsightly weeds.

You run no risk of failure in ordering, for when used according to directions, we guarantee the results to be entirely satisfactory.

Send Circular.
