Our old friend and college chum, "Newtie" Lenhart, has invited us to "come up" and get some of those political "peaches" and "plums" mentioned in last week's STAR. "They're ripe, now," says "Newtie." That will be news to most people acquainted with the wormy fruit we mentioned last week, which is known to be very green. Some of the "peaches" and "plums" mentioned, such as "Newtie," for instance, are soft enough to be ripe, but rotten and wormy fruit gets just as soft as ripe fruit.

You can prevent or cure all such complaints with Bee's Laxative Honey and Tar—an improvement over all cough, lung and bronchial remedies and the best Cough Syrup. 3-1

H. P. Gillet has a flock of hens that for the year 1904 was a big paying investment. His flock consists of 14 hens, and during the year he received 2,054 eggs, or an average of 147 eggs per hen. At 18 cents a dozen the receipts for eggs amounted to \$30.81, and the chickens sold and consumed amount to \$19.90, bringing the total receipts for the flock up to \$50.41. During the year the amount of feed bought was \$17.50, leaving a net balance in favor of the hens of \$32.19, or \$2.35 a hen.—Waterford Leader

Warning has been sent out by the Postoffice Department to hotel keepers, merchants and others, in various sections of the country, to beware of purchasing postal money orders, as swindlers are now operating with them extensively.—They purchase an order for sums like \$8 or \$8.80, and then raise it to \$80 or \$80. With the increased order they pay hotel bills or purchase merchandise for small amounts and get \$50 or \$80, as the case may be, in change. When the order is presented at the postoffice for payment, of course it does not agree with the advice, and by that time the "traveling man" has vanished to another town.

George Krause, who is a Freshman at the Williamson School of Mechanical Trades, near Philadelphia, is making fine progress in his studies. A large number of Freshmen were recently examined for promotion, but only seven were successful. However, George was one of the successful ones, and hence will be put into the Junior class. His father, Mr. B. F. Krause, showed us a letter he received from the boy a few days ago, and it was indeed a very creditable letter, well written, well composed and well punctuated. George is one of the present crop of Salisbury boys that will amount to something when he reaches man's estate.

How many valentines did you get? We got four, and one of them came from Boynton. It was addressed in the same hand that appears on a certain letter sent to a Somerset notary public, some time ago. We have a good notion to write to the Somerset notary public and have this valentine business stopped, for it works on our feelings like a rough file—"nit." But we guess the notary public is kept busy notifying people to keep the names of Boynton statesmen out of the newspapers. Guess we'll have to call on some good road supervisor or dog catcher to stop the valentine business, for really it's getting just too "orful."

The Elk Lick Supply Co. is advertising something new for Salisbury. It is an hour sale, which will be held on Feb. 23d, 24th and 25th. During those three days certain goods will be sold at greatly reduced prices during certain hours. Read the firm's large adver-

tisement in this issue and learn all about it. If you fail to attend the great hour sale, you will lose money by it, for the goods offered are of the very best, while the prices are astonishingly low. None but the best of goods are ever found at the busy, big store on the corner of Grant and Ord streets, for they sell goods there, not keep them, and their stock is always clean, fresh and up-to-date.

A few weeks ago some of the stone cutters employed at the new court house at Somerset volunteered to chisel a block of Bedford limestone into a handsome setting for a clock, with the understanding that it should be chanced off and the proceeds donated to Leader Otho Walter, of the Somerset Orchestra, who has been sick for nearly a year. The proposition of the stone cutters was eagerly accepted by Mr. Walter's friends, and as a result the handsome time piece was Saturday night awarded to William S. Anderson, chief draughtsman for Caldwell & Drake, who held the lucky number. At the same time Mr. Walter was presented with a purse containing \$130 in gold. Mr. Anderson afterwards presented the clock to the Musical Club.

Pineules is the name of a new discovery put up in a new way. A certain cure for all Kidney, Blood and Bladder diseases, and every form of Rheumatism. Pineules relieve Backache and Kidney pains permanently. If you need such a remedy let us show you the wonderful Pineules. Sold by Elk Lick Supply Co. 3-1

Joseph F. Joy, a son of J. R. Joy, who several years ago began working about electric and mining machinery, has been keeping his eyes open and doing some thinking. He has turned out to be quite an inventor, and is now the owner of some patents that promise rich returns. He has five patents in all, among which are the following: A device for oiling cars while they are in motion, an improvement on the Jeffery mining machine, and a mine locomotive. At present he resides in Monongahela City, where he has organized a stock company for the manufacture of his oiling device. Joseph is general manager of the company, at a nice salary. We wish the young man great success with his inventions. He is a first rate, hard-working, studious fellow, and all right thinking people like to see such young men succeed in their undertakings.

Barchus & Livengood's annual clearance sale, which has been in progress since Feb. 1st, has been the most successful sale of the kind that the firm has ever had. Last Saturday was the banner business day in that firm's history, the sales far exceeding those of any other day since the firm is in business. Barchus & Livengood have learned that in order to move a large stock of goods quickly, it is only necessary to offer good values at attractive prices, and then invest liberally in printers' ink. In that way they have been avoiding the accumulation of unseasonable and out-of-date merchandise. They never allow their goods to become shop-worn, unseasonable or out of date. They sell everything while it is yet in good condition and in season, no matter what reductions are necessary when the season for certain lines is drawing to a close. In that way they always keep their stock clean and fresh, and such storekeeping is always appreciated by the purchasing public.

Dr. A. F. Speicher's 50th Birthday Celebrated.

THE STAR received the following society item from a friend in Los Angeles, Cal. It will interest those of our readers who are acquainted with Dr. A. F. Speicher and family:

"At the home of Dr. and Mrs. A. F. Speicher, 3005 Vermont Ave., Los Angeles, Cal., a very pleasant social function took place Jan. 10th, 1905, it being the occasion of the fiftieth 'mile stone' reached in the doctor's earthly pilgrimage. It was a complete surprise to the doctor, and he could scarcely realize his position as he was ushered in among his friends and guests. It was a very enjoyable occasion, and a pleasant evening was spent together in games, music, refreshments and social enjoyment. The guests all wished the doctor a return of fifty more similar occasions, and such a thing could be possible, should he continue to reside in the land of sunshine and flowers. Those present were Mr. and Mrs. W. S. Livengood, Mr. and Mrs. G. W. Benford, Mr. and Mrs. S. A. Harper, Mr. and Mrs. J. R. Baner, Mr. and Mrs. F. M. Runkle, Misses Ada Bailey, Cora Harper, Grace Hawley and Dr. E. H. McMillen."

GRAVE TROUBLE FORESEEN.

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. H. Miller, druggist, at 50c a bottle. 3-1
