

## Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured by Pe-ru-na.

Mr. C. B. Newhof, 10 Delamare street, Albany, N. Y., President Monticore Club, writes:

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by prostatic cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse, Cured by Pe-ru-na.

Mr. F. B. Richards, 609 E Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the States. Lassitude, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment.

"Finally a brother newspaper man, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a few days the disease left me, my kidneys resumed a healthy condition, and a complete cure was effected. I cannot too strongly recommend Peruna to those suffering with kidney trouble. To-day I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me an 'A' risk."

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

The Duke of Fife is said to be the only teetotal duke in the House of Lords, and is one of the few British land owners who do not believe in the accumulation of vast estates. For some years he has steadily parted with his land as opportunity arose, holding that one man cannot control vast stretches of territory to the best advantage of the community.

The Original Mrs. Grundy.

A writer tells of the origin of Mrs. Grundy, and says that "What will Mrs. Grundy say?" occurs in Morton's comedy, "Speed the Plow," written in 1789. One of the characters, Farmer Ashfield, growing weary of constant references to Mrs. Grundy, a character in the play, by his good wife, suddenly turns upon her with: "Be quiet, will ye. Always dinging-donging Dame Grundy into my ears. 'What will Mrs. Grundy say?' 'What will Mrs. Grundy think?' The phrase tickled the public ear at the time, and is still in fashion.—Scottish American.

Anti-Trust Weapons.

The Department of Commerce and Labor announces that it has added to its permanent equipment one bicycle, one binocular and one boring machine. The binocular is used to watch the trusts from afar, the bicycle to overtake them, the boring machine to penetrate their secrets, and the Bible to swear them. With such a plant at its disposal the department can have no good excuse to offer if it allows a single bad trust to escape detection and punishment in any corner of the nation.—New York Sun.

## FINANCE AND TRADE REVIEW

### LITTLE IDLE MACHINERY

Improvement Follows Settled Weather Conditions and Encouraging Reports are Coming in.

R. G. Dun & Co.'s "Weekly Review of Trade" says: Trade reports are still somewhat conflicting, but on the whole improvement has followed more settled weather and the outlook is considered favorable, even in sections where current business is irregular. Mercantile collections are not as prompt as in the East and elsewhere, but the liabilities of commercial failures in February were much smaller than a year ago.

Traffic blockades have been lifted, restoring a normal distribution of merchandise, and railway earnings in February were only 5.1 per cent. smaller than last year, despite the severe weather at the start. Little idle machinery is noticed in the iron and steel industry, textile mills are increasingly active, and New England shoe shops are shipping more freely than a year ago. Agricultural communities have prospered, cash prices of all farm products maintaining profitable positions, but the speculative markets are erratic. Foreign commerce at New York for the last week shows a gain of \$1,116,819 in value of merchandise imported, while exports decreased \$887,555 compared with the same week last year. Although some fractional declines have occurred in hides the market is well maintained, considering the fact that the quality is very poor at this season.

Commercial failures for the week in the United States are 245 against 322 last week, 258 the preceding week and 236 the corresponding week last year. Failures in Canada number 35 against 29 last week, 32 the preceding week and 27 last year.

## Purposely Lost His Leg.

A remarkable case has been brought to the attention of the manager of the Texas & Pacific Railroad by a letter which he has received from W. L. Marling, of Marceline, who lost a leg by being run over by a train while employed on that road as a brakeman.

He was paid \$3,000 by the company in settlement of the injury. Marling's letter reads: "Four years ago I worked for the Texas & Pacific, and at that time I was a bad man, reckless, careless, and had no respect for God or man. While under the influence of liquor I purposely lost my leg. But recently God has saved me, and my hope of heaven is sure. I want to make this confession, as the Good Book requires us to do. I have spent this money that I have received from you and am willing to contribute to anything that you should think just."—Kansas City Journal.

### A Bible in Marble.

Great as has been the amount of labor expended on the various Bibles of the world the palm for execution must be given to the Kutho-daw, which is a Buddhist monument near Mandalay in Burma. It consists of about 700 temples each containing a slab of white marble, on which the whole of the Buddhist Bibles, containing more than 8,000,000 syllables, has been engraved. The Burmese alphabet is used, but the language is Pali. This wonderful Bible is absolutely unique. The Kutho-daw was erected in 1857 by Mindon-min, the last King of Burma. The vast collection of temples, together form a square, with a dominating temple in the center. Each of the marble slabs on which the sacred text is inscribed is surmounted by an ornamental canopy in pagoda form.

Scalp Cleared of Dandruff and Hair Restored by One Box of Cuticura Soap. One Cake of Cuticura Soap.

A. W. Tait, of Independence, Va., writing under date of Sept. 15, 1904, says: "I have had falling hair and dandruff for twelve years and could get nothing to help me. Finally I bought one box of Cuticura Soap and one cake of Cuticura Soap, and they cleared my scalp of the dandruff and stopped the hair falling. Now my hair is growing as well as ever. I highly prize Cuticura Soap as a toilet soap." (Signed) A. W. Tait, Independence, Va.

### The Tsar's Dependence.

The Czar Nicholas II. is physically weak; his nerves are shattered, his will feeble. He is amiable, where iron-handedness is essential. He is dependent when a strong individuality is required. He is more than usually amenable to women's control, and the fair sex has on more than one occasion exercised power, if not calamitous, influence upon his life.—Everybody's Magazine.

### Billion Dollar Grass.

When the John A. Salzer Seed Co., of La Crosse, Wis., introduced this remarkable grass three years ago, little did they dream it would be the most talked of grass in America, the biggest, quick, hay producer on earth, but this has come to pass.

### BILLION \$ GRASS

Agricultural Editors wrote about it. Agr. College Professors lectured about it. Institute Orators talked about it, while in the farm home by the quiet fire-side, in the corner grocery, in the village post-office, at the creamery, at the depot, in fact wherever farmers gathered, Salzer's Billion Dollar Grass, that marvelous grass, good for 5 to 14 tons hay per acre and lots of pasture besides, is always a theme worthy of the farmer's voice.

Then comes Bromus Inermis, then which there is no better grass or better permanent hay producer on earth. Grows wherever soil is found. Then the farmer talks about Salzer's Tessino, which produces 100 stocks from one kernel of seed, 11 ft. high, in 100 days, rich in nutrition and greedily eaten by cattle, hogs, etc., and is good for 80 tons of green food per acre.

Victoria Rape, the luxuriant food for hogs and sheep, which can be grown at 25c a ton, and Speltz at 20c a bu., both great food for sheep, hogs and cattle, also come in for their share in the discussion.

## Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Mrs. J. W. Lang and Mrs. S. Frake

Of all the diseases known, with which women are afflicted, kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's illness—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so-called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the female organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing down pains, urine too frequent, scanty or high colored, producing scalding or burning, or deposits like brick dust in it; unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pain in the back running down the inside of her groin, she may be sure her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is. Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's ills.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes: "Dear Mrs. Pinkham:—I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the womb. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared. I cannot praise your medicine enough, and would advise all women suffering with kidney trouble to try it."

Mrs. J. W. Lang, of 626 Third Avenue, New York, writes: "Dear Mrs. Pinkham:—I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly."
