Obituary—Rev. Henry R. Holsinger.

The above is a good portrait of Rev. Henry Ritz Holsinger, who was widely known among the readers of THE STAR as the founder of the Progressive Brethren church. Rev. Holsinger died at 8:50 o'clock, last Sunday evening, at the home of his daughter and son-in-law, Mr. and Mrs. Paul G. Nowag, Johnstown, Pa.

Deceased had been a sufferer from pulmonary troubles for more than a third of a century, and eminent physicians had assured him annually during that period that his demise was but a matter of a few months. Possessed of a will that never faltered and of a courage almost superhuman, Rev. Holsinger began a history of the Tunkers seven years ago, which he completed several years prior to his decease.

Henry Ritz Holsinger was born in Blair county, Pa., May 26, 1833. He was a direct descendant of the founder of the original Tunker church, better known as the German Baptist Brethren church, which was founded at Schwartzena, Germany, in 1708. His ancestors came from Germany to Philadelphia, where the first church of the denomination was founded in America.

Mr. Holsinger gave his entire life to church work. He was elected to the ministry in 1868, and ordained as elder in 1880. Besides his ministerial work, he was a publisher and editor of a number of religious papers.

About 1876 Rev. Holsinger came to Somerset county and published church periodicals at both Berlin and Meyersdale. He advocated certain reforms which brought about the formation of the Progressive Brethren church. For the principles which he advocated and sent abroad through his religious tracts and publications, he was charged with heresy by the church and ordered to be brought to trial, but was expelled without a hearing in 1881.

Mr. Holsinger kept on preaching, his own congregation at Berlin refusing to withhold its support. Other congregations in the east and west acknowledged his reforms and illegal conviction and stood by him.

The work of Henry Holsinger has been felt throughout the United States, and although he was the cause of a division in his church and dissent with regard to doctrine and principles, he never once regretted the steps he had taken.

Interment was made in the I. O. O. F. cemetery at Berlin, Tuesday afternoon. Funeral services were conducted in the Progressive Brethren church by Revs. J. H. Knepper, of Meyersdale, W. S. Bell, of Johnstown, and J. L. Bowman, of Berlin.

Old Doctor Domehead, of "science simplified."

He couldn't build a hencoop, by jingo, if he tried.

But dabbles deep in science—solves mighty problems, and

Each week instructs his class of three, "But—on the other hand—"

If you have the blues, consult old "Doc" Domehead; if fortune has frowned on you, consult "Doc" Domehead; if SHE has failed to smile, consult "Doc" Domehead. He is an advocate at the Simple Life, and his specialty is "Science Made Simple." He will make you laugh in spite of yourself, and will cure all your ills with the antics of himself and his class.

Doctor Domehead's class has taken the leading position in the Philadelphia Sunday North American's Comic Supplement.

You will get more fun out of these pictures than you ever had in your life out of a funny paper.

It is a new comic page that is really funny—a page with a laugh in every line.

With the old Doctor are Phoebe Ann, a scientific maiden; a fourteen-carat cutup whose name is Dennis, and studious Walter Longlegs—his "yes, sir" proposition—who, as the class, add to the gaiety of every situation.

The Doctor knows his business; he shows that at the start—"but—on the other hand"—there you get right down to the point, and, as the wily press agent is wont to declare, the point "must be seen to be appreciated," and to appreciate it thoroughly you should become one of the Doctor's patients at once.

INCREDIBLE BRUTALITY.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye. Good for burns and ulcers, too. Only 25c. at E. H. Miller's drug store.

GREAT SOUTHERN COMBINATION.

The Sunny South with This Paper for only \$1.60 for Both One Year.

The Sunny South, of Atlanta, Ga., is the South's great literary weekly. Its wide circulation in over 80,000 homes proves its popularity where it is well known. It is devoted to literature, romance, fact and fiction, and its well edited and interesting columns each week make good the wide claim that is urged for it.

The continued stories are from the best authors and the interest is maintained from week to week by the liberal installments that are presented. Its short stories, sketches, anecdotes, incidents of travel and adventure, poems and paragraphs, give it a life and genuine interest not found in ordinary story papers.

The Sunny South is rapidly becoming the family story paper for all American firesides. It is not sectional in any sense, and yet it is truly Southern in its literary excellence. A subtle charm steals out from its columns, suggesting balmy breezes, sunny skies and sweet-scented, delightful landscapes. It is a delight of a life and civilization that is peculiar to the South, or we might say that it is more intensely American. A sample copy will be sent free to all who will send a postal card request, which shall contain also the names and addresses of six of your neighbors, to the Sunny South, Atlanta, Ga.

We have made a clubbing arrangement with this Southern literary weekly whereby we can offer THE STAR and the Sunny South both one year for only \$1.60. If you wish to take advantage of this exceptional offer, please send at once. Remit by safe methods and address all orders to THE STAR, Elk Lick, Pa.

WE WILL TRUST our agents with complete salesman's outfit, we have confidence in our proposition, and feel sure any man with a little ability can make a success of the business. Twenty dollars (\$20.00) a day can be made by any kind of a live man. Write for catalogue. Exclusive territory given. DENTLER MANUFACTURING CO., Philadelphia, Pa.

FREE SEEDS!—Through the courtesy of Congressman A. F. Cooper, THE STAR office has been supplied with 250 packages of vegetable seeds by the U. S. Agricultural Department. The seeds are for free distribution to all who call for them, while they last. First come, first served. tf

WHEN A MAN TELLS YOU it does not pay to advertise, he is simply admitting that he is conducting a business that is not worth advertising, a business conducted by a man unfit to do business, and a business which should be advertised for sale. tf

Lincoln Oil Company will Start the Drill.

Hon. O. P. Shaver, president of the Lincoln Oil and Gas Company, which has been prospecting in the north of the county for the past six months, states that drilling will be resumed within the next ten days, and rapidly prosecuted until the territory has been thoroughly tested. Cold weather, to a great extent, has retarded the progress of the work, but no further hindrance is anticipated from that source since the recent moderation in the weather. Gas from the Daniel Long farm will be utilized for raising steam in the boilers. There has been no subsidence in the pressure of gas from this well, which gives hope to the stockholders in this laudable venture that they will yet bring in the oleaginous fluid in paying quantities.—Berlin Gleaner.

A CHICAGO ALDERMAN OWES HIS ELECTION TO CHAMBERLAIN'S COUGH REMEDY.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by E. H. Miller. 4-1

Incendiary Fire at Rockwood.

On Monday evening of last week the large warehouse property of Penrose Wolf, at Rockwood, was totally destroyed by fire of an incendiary origin. The building contained at the time of the conflagration a carload of charcoal and about 80 tons of baled hay, none of which was saved, causing a loss of over \$1,000. The property was not insured. On Tuesday W. S. Nowell, of Milford township, was given a hearing before Justice of the Peace David Gildner, being charged with setting fire to the property. After hearing the evidence, the justice held Nowell for court, and in default of \$1,500 bail he was sent to the Somerset jail. After being incarcerated, Nowell, it is alleged, made a full confession. He says he was only recently released from the Allegheny county workhouse, says the Berlin Record.

Foley's Honey and Tar heals lungs and stops the cough.

WILLIAM SUTTON DEAD.

One More Foul Crime to be Charged to a Union Miner.

William Sutton, a miner employed by the Somerset Coal Company, whose body was riddled with buckshot fired by parties from ambush, while he was on his way from home to work on the morning of Tuesday, October 4, 1904, died from the effect of the wounds at his home in Summit Mills, Monday afternoon.

It is probable that the charge against Samuel Turvey, under bond in the sum of \$2,500 for his appearance to answer in court to a charge of assault and battery with intent to kill Sutton, will be changed to a higher grade. This is more of the fruits of unionism.

Charge the foul, cowardly crime to the influence of the Meyersdale Commercial, the depraved sheet which has been helping in an indirect way to sow the seeds of murder and anarchy among men who are too ignorant to properly understand the true principles of unionism and too unprincipled to be governed by law and order. The Commercial has had much to do with poisoning the minds of such men as the slayer of poor Sutton, whose blood cries to heaven against all who are directly and indirectly responsible for his death.

PLEASANT AND HARMLESS.

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucous, draws the inflammation out of the throat, lungs and bronchial tubes, heals, soothes and cures. A quick cure for Croup and Whooping Cough. One Minute Cough Cure relieves a cough in one minute because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated on the lungs. Sold by E. H. Miller. 4-1

A Bloody Fight.

Last Friday night Schramm's restaurant, which has acquired quite an unsavory reputation as a rough joint and loafing place for drunks and rowdies, was the scene of a bloody fight in which weights and a big cheese knife figured quite conspicuously. The fight was started by a young man named Engle. He walked up to Frank Brogan, who was quietly eating a sandwich and molesting nobody, and called him a "scab," at the same time striking Brogan in the face.

Brogan resented this, as any man would have done, and it was only an instant until others were mixed up in the scuffle. Chas. Reckner, a striking miner, knocked James Cochrane, a working miner, in the head with a weight, we are told, and he also gave John Schramm a nasty slash across the forehead with a large cheese knife. It is claimed that the blow with the knife was aimed at Brogan, which is probably correct, as the Schramm joint is considered strike headquarters, and it is not likely that Reckner would have purposely cut one of the proprietors.

John Walker was doing police duty that night, but no arrests were made. There is nothing strange about that, however, as the fight was started by a striker at strike headquarters. Had a working miner started the brawl or resorted to weights and a knife, there would have been arrests and prosecutions galore. It would surprise no one to hear of a murder in the joint at any time.

A Destructive Fire.

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. L. Tucker, editor of the Harmonizer, Centre, Ala., writes: "I have used DeWitt's Witch Hazel Salve in my family for Piles, cuts and burns. It is the best salve on the market. Every family should keep it on hand." Sold by E. H. Miller. 4-1

To Opera House Managers.

When opera house managers wish to insert advertisements of shows in THE STAR, they should be explicit and state just what they want. Remember, gentlemen, that we charge 5 cents per line each insertion for transient reading notices, and from 10 to 50 cents per inch for display advertisements, according to the amount of space wanted. Don't think for one moment that by enclosing one or two tickets worth from 25 to 75 cents that you can get for them from \$2.00 to \$5.00 worth of advertising. We are not built that way.
