ALL good Republicans should go to the polls at next Saturday's primary and do their Christian duty by throwing a few more tons of political earth on the old Scull ring corpse. The old thing can't be buried too deep for the public good.

SOME of the Scullocrats are already charging unfairness, because persons who are known to have voted the Socialist and Citizens' Union tickets, last fall, will be debarred from participating in next Saturday's Republican primary. What in thunder do they take the Republican party for, anyway? A Republican primary is for Republicans only, and those who have gone after strange gods must first purge themselves and thoroughly cleanse their soiled political linen. They cannot be Republicans only at nominations, and Democrats, Socialists and general political fools at the elections. Any man has a perfect right to leave the Republican party whenever he chooses, but he can't come back and be in good standing on such short notice. The party rules require Republican voting at the elections, of those who would participate in Republican caucuses and primaries.

SOME of the self-styled "Stalwarts" talk very glibly about the fairness of the primary elections in "the good old days" when the Scull gang had full sway. They must think all the people have poor memories. They evidently forget the time that the Scull gang voted an old horse seventeen times at a certain primary in this borough. The horse was owned by James K. Livengood, who was a noted Scull ring politician, and other Scull henchmen held the primary. The old horse was presented at the polls seventeen different times, each time under a different name, and each time a Scull ring vote was deposited in the ballot box. When the votes were counted, there were more of them than the entire population of Salisbury. Those are the kind of primaries the old Scull ringsters are longing for. But Scull horses can no longer vote, and a good many kicking Scull jackasses will also be debarred at the coming primary.

THE old Scull gang does not want to own the men it persuaded to announce for office, namely: Begley, Walker, Wagner, Ankeny and "Edwie" Werner. The Scull organ, the Herald, now refers to them as "the orphans," and it evidently ridicules them for being so foolish as to announce. They wouldn't have announced, had it not been for promises of support made by the Scull gang. The five candidates named were playing in a double role, thinking they could successfully pose as both Scull and anti-Scull candidates. But they fooled nobody but themselves. The Sculls encouraged them to announce in order to create dissensions in the anti-Scull ranks, but they don't care who is elected or defeated. It's another bolt the Sculls are after this year, and when it comes, the old gang will get it where the chicken got the ax. Begley has promised a deputyship to a prominent strike leader in Salisbury, and the gentleman has been busy for months telling the strikers what a good friend of theirs Mr. Begley is. But the Salisbury strike leader isn't the only fellow claiming to have been promised a deputyship under Mr. Begley. Two other prominent strike leaders, one at Hooversville, the other at Garrett, claim to have the same promises from Begley, and they are indulging in the same kind of soft talk to the strikers that is being indulged in by the would-be deputy in Salisbury. "The orphans," as the Herald calls the five seven-sided gentlemen named, all want to be good anti-Scull men now, and they are sending out literature so declaring themselves. But they will fool nobody but ignoramuses. The people are posted, and they will not rally to the support of the five men who were induced to announce by the bolters.

DR. FAHRNEY ESTATE \$3,465,000.

Will of Patent Medicine Manufacturer Filed for Probate.

The will of Dr. Peter Fahrney, president of the Dr. Peter Fahrney Sons Company, manufacturers of patent medicine, was filed in the Probate court to-day. The estate is valued at \$3,465,000. The personal property is valued at \$2,700,000, and realty at \$765,000. All goes to relatives. To the four sons is left \$10,000 each, to be paid to them as soon as possible. The sons are Ezra C., William H., Joshua H., and Emory H. In lieu of the same amount to his daughter, Susan Emory Beachy, the testator left \$10,000 to her husband, Peter A. Beachy. To the widow he gave the homestead, together with its furnishings, horses and carriages, etc., and a large amount of property, including Chicago real estate and land in Lake county, Illinois. This was in lieu of her dower rights. The rest of the property is to be held in trust for the benefit of the members of the family for twenty-one years.

The trustees of the will are empowered to vote the stock of the medicine company and in time to form a limited partnership. This will have the effect of keeping the business in the hands of the family. The executors are the four sons.—Chicago Daily News, March 9th, 1905.

THE above will interest the many friends of Peter A. Beachy, formerly of Elk Lick township, this county. It will also probably convince Lou A. Smith, editor of the Meyersdale Commercial, that Dr. Peter Fahrney is really dead. "Lucifer" called the Meyersdale Republican down only last week for publishing an announcement of the death of Dr. Fahrney. The old pair of pants that presides over the Commercial denied the death of the said well known doctor, and the denial was made in its usual "smart aleck" style; but as usual, "Lucifer" merely made a fool of himself and showed that his paper can always be relied upon to deny the truth and publish false, misleading information. The old fool of the Commercial doesn't even know that the old corrupt political gang adheres to is "as dead as a door nail." "Lucifer" always "shoots off his mouth" before trying to learn facts.

BY THE TONIC ROUTE.

THE pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by E. H. Miller. 4-1

Millions for New Railways.

According to the Chicago Record-Herald the big railroad companies are preparing to spend millions this year for equipment and extensions. The Record-Herald gives the following as the appropriations of the leading systems making improvements:

Table with 2 columns: System Name, Amount. Total: \$201,000,000

Rockwood Hotel People Deny Charge.

There is probably not a bar keeper in Rockwood who does not know that "Micky" Miller is not compositentis, yet he was in a maudlin state of intoxication Tuesday night, and it is believed he drank at one or more of the local bars to get in that condition. Any man who will sell or give a drink of whiskey to such an individual is deserving of a more severe punishment than the law provides. It is quite time that the drunk makers were brought within spy-glass observation of some of the terms of the law, or their licenses revoked.—Rockwood Gazette.

STARTLING MORTALITY. Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness." 25c. at E. H. Miller's, the druggist. 4-1

A Month Without a Full Moon.

The month of February, 1866, was the most remarkable month in the world's history. January had two full moons, and so had March, but February had none. This had not occurred since the creation of the world, and, according to some astronomers, the same thing may not occur again for a period of 1,500,000 years, but we'll just wait and see.
