When a physician tells a woman suf-fering with ovarian or womb trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals arefull of women coming for ovarian or womb operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of ovarian and womb trouble cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margret Merkley of 275 Third Street, Milwaukee, Wis., writes:

Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had ovarian trouble and ulceration and advised an operation. To this Istrongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Ovarian and womb troubles are steadily on the increase among women. If
the monthly periods are very painful,
or too frequent and excessive—if you
have pain or swelling low down in the
left side, bearing down pains, leucorrhoa, don't neglect yourself: try Lydia
E. Pinkham's Vegetable Compound.

### RESTORED HIS HAIR

Scalp Humor Cured by Cuticura Soap and Ointment After All Else Failed.

Ointment After All Else Falled.

"I was troubled with a severe scalp humor and loss of hair that gave me a great deal of annoyance. After unsuccessful efforts with many remedies and so-called hair tonics, a friend induced me to try Cutioura Soap and Ointment. The humor was cured in a short time, my hair was restored as healthy as ever, and I can gladly say I have since been entircly free from any further annoyance. I shall always use Cutioura Soap, and I keep the Ointment on hand to use as a dressing for the hair and scalp. (Signed) Fred'k Busche, 213 East 57th St., N. Y. City."

STEADY DEMAND.

Orders Are Constantly Growing and Plants Are Assured of Activity for Many Months to Come

R. G. Dun & Co.'s "Weekly Review of Trade" says: Trade returns are increasingly satisfactory, continued high temperature accelerating distri-bution in all the leading lines. The

increasingly satisfactory, continued high temperature accelerating distribution in all the leading lines. The closing days of March brought greater confidence regarding the future, and results for the first quarter of 1905 proved even more favorable than was anticipated when the year opened. Sanguine expectations of manufacturers who made extensive preparations are now being realized. Reports from the South indicate that the period of hesitation is about over and agricultural sections are stimulated by prospects of a good season for planting. Freight congestion has followed the heavy shipment of spring merchandise, and railway earnings in three weeks of March were 8.2 per cent. larger than in 1904.

Official returns make the cotton crop fully a third larger than the one preceding, and still prices are far from demoralized. With the subsidence of floods the mills have resumed, water traffic is heavy, and the percentage of unemployed is seasonably reduced. Buyers are arriving in large numbers at the leading jobbing centers.

Immigration continues to surpass all records and international markets improve as conclusion of the war seems imminent. Foreign commerce at this port for the last week showed a gain of \$2,404,617 in imports and a decrease of \$817,924 in exports, as compared with 1904.

A steady demand is noted in all departments of the iron and steel industry, orders constantly coming forward and most plants are assured of activity for many months, while some mills decline contracts for shipment any time before 1906. Mild weather improves the quality of hides, especially from the Southwest, and the tone of the market is decidedly firmer. New England footwear factories are receiving a fair amount of new business from salesmen at the West, and duplicate spring contracts also arrive, calling for immediate delivery. A better feeling is noted in the primary market for cotton goods. More injuries are received from China, but there is little prospect that desired deliveries can be made, as some lines are under order

Half the ills that are peculiarly woman's own are of a catarrhal character. Female weakness was not understood for many years.

Dr. Hartman deserves the credit of having determined its real character. He has been stored as a perfect complexion.

# Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

Alfred Gilbert, the artist, told his Royal Academy audience the other day—according to the report in the London Pall Mall Gazette—that the good artist never was a bad man, and the bad man was never a good artist.
