Croup is quickly relieved, and Whooping Cough will not "run its course" if you use the original Bee's Laxative Honey and Tar. This Cough Syrup is different from all others because it acts on the bowels. You can not cure Croup and Whooping Cough until you rid the system of all congestion, by working off the cold through a copious action of the bowels. Bee's Laxative Honey and Tar does this, and cures all Coughs, Croup, Whooping Cough, etc. No opiates. Sold by Elk Lick Supply Co. 6-1

At one o'clock p. m., Thursday, April 13th, 1905, Wm. J. Lichty will sell at public sale, at his residence in this borough, a large lot of very desirable household goods, consisting of articles too numerous to mention. Be sure to attend the sale and secure some of the great bargains that people will get the benefit of.

You can apply ManZan inside, right where the pain is? It is put up in collapsible tubes with nozzle attachment for introducing it. ManZan stops pain instantly and cures all kinds of blind, bleeding, itching and protruding piles. Sold by Elk Lick Supply Co. 6-1

Ten years ago a farmer put his initials on a dollar, went to town and spent it with a merchant. Before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce, and three times he heard of it in the pockets of his neighbors. The last time he got it four years ago, he sent it to a mail order house. He has not seen that dollar since, and never will. That dollar will never pay any more school or road tax for him, will never build up any or brighten the homes of the community. He sent it entirely out of the circle of usefulness to himself.

The old "Betsy" Wagner house is being pulled down this week to make room for a handsome residence to be erected by C. K. Haselbarth. The old building was sold to "Bennie" Wagner, who will use the lumber in the erection of a new work shop. The old house was built about 56 years ago, prior to which time most houses in this community were built of logs. Nearly all of the old log houses have been pulled down and replaced by frame and brick structures, but a few of them still remain and are in a fair state of preservation. The oldest house in Salisbury is the one occupied by Burgess Livengood. The old "Betsy" Wagner house was one of the first frame buildings to be erected in Salisbury, and many years ago the late John Glatfely and the editor's father conducted a general store in it.

Backache is never known to those persons who take an occasional dose of Pineules. The value of the resin obtained from the Pine tree has long been recognized in the treatment of diseases of the bladder and kidneys. One dose of Pineules will give relief, and one bottle will cure. Sold by Elk Lick Supply Co. 6-1

In a village "back yonder" on the pike an old deacon, in shaving himself on Sunday prior to church time, made a slight cut with the razor on the extreme end of his nose. Quickly calling his wife, he asked her if she had any courtplaster in the house. "You will find some in my sewing basket," she said. Finding it, he soon had the cut covered, and at church, in assisting with the collection, he noticed every one smile as he passed the plate, and some of the younger people laughed outright. Very much annoyed, he asked one of his assistants if there was anything wrong with his appearance. "Why, I should say there was," answered the assistant. "What is that upon your nose?" "Courtplaster, of course." "Why, no," said his friend, "that is the label from a spool of cotton, reading, 'Warranted 200 yards long.'"

It is generally known that Great Salt Lake, which in its line has but one rival, the Dead Sea of Palestine, is gradually drying up; but it may not be so generally known that there is expert opinion which affirms that our Salt Lake is certain to disappear within the lifetime of people who are now in their thirties, even of some now in their forties. Nay, more, there are scientists who have made careful studies of the fluctuations of the lake during the past several years, and who declared that it will be practically dried up within a quarter of a century. During the past eighteen years there has been a total fall of considerably over twelve feet, and the water now in the north arm, the deepest part of the lake, is now less than forty feet in depth. Three causes have been assigned for the shrinkage of depth: evaporation, irrigation, and a subterranean outlet. There are ardent advocates of each of these theories. Western Pennsylvanian.

It is difficult to cure a cough or free yourself from the discomforts of a cold unless you move the bowels. Bee's Laxative Honey and Tar acts on the bowels and drives all cold out of the system. Then comes its soothing effect and strengthening influence upon the throat and lungs. For Croup, Whooping Cough, Colds, and all Lung and Bronchial affections, no remedy is equal to the original Laxative Honey and Tar. Sold by Elk Lick Supply Co. 6-1

Some idea of the peculiar notions our foreign population have of our laws can be gleaned from a story hailing from one of the towns in the southern part of the county. A short time ago a couple called at the office of a justice of the peace and made application for a marriage license. The Justice filled out the usual application and forwarded it to Register Charles C. Shafer, who returned the license promptly. After lifting and paying for the license, the apparently happy couple went on their way rejoicing, but to the utter surprise of the Justice, the bridegroom returned, the other day, and wanted his

money back. When the officer asked him why he wanted to do that, he replied: "Me live with woman four days and no like her. Me want money back." This request was refused, and the son of sunny Italy cannot yet understand why the usual bargain counter privileges do not extend to the matrimonial market.—Somerset Standard.

Last week the Court issued to M. D. Thomas a Constable's commission. No one was elected to that office at the last borough election, as the vote was a tie between Mr. Thomas and John J. Walker. Both of the candidates petitioned to court shortly after the election, each trying to land the office for himself. The knowing ones, of course, declared that the Court would appoint neither of the applicants, but they didn't know as much as they pretended to know, and that's usually the way with blowhards. The majority of the best people of this town had no fears at any time that Mr. Thomas would not be appointed, as he had far the stronger petition of the two, and most of our substantial citizens voted for him at the polls. The other fellow's supporters were principally striking miners and a few others who have unjust personal grudges at Mr. Thomas. M. D. has served as Constable before, and he proved himself a very good officer in that capacity. Mr. Walker also served as Constable one term, but his official record during the past year was not such as to enable him to retain his former great popularity with the substantial citizens of the town.

CHEATED DEATH.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolf, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve-trouble, and keep them constantly on hand, since, as I find they have no equal." E. H. Miller, the druggist, guarantees them at 50c. 5-1

Railroad Improvements at Rockwood.

A new machine shop is to be built at Rockwood by the B. & O. The structure will be 40 by 75 feet in size and will have one track for engines. The building will be equipped with lathes and other up-to-date machinery for extensive repairs on engines and cars, and this will require the employment of several additional machinists. An oil and sand house is also to be constructed. The Rockwood depot is to be overhauled, painted and supplied with a basement heater and other modern appliances. It is reliably stated that not less than \$200,000 has been appropriated for B. & O. improvements in Rockwood, according to various newspaper reports.

A TRIED AND TRUE FRIEND.

One Minute Cough Cure contains not an atom of any harmful drug, and it has been curing Coughs, Colds, Croup and Whooping Cough so long that it has proven itself to be a tried and true friend to the many who use it. Mrs. Gertrude E. Fenner, Marion, Ind., says: "Coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. After trying a number of remedies to no avail, One Minute Cough Cure entirely cured me." Sold by E. H. Miller. 5-1

Well Known People Undergo Surgical Operations.

John Meager, whose health had been rapidly failing for nearly a year, was operated upon at his home, last Saturday, by Dr. Miller, the noted Cumberland surgeon. Mr. Meager's case had been diagnosed as gall stones, and the operation proved it to be correct. In addition to the gall stones, the patient's liver was found to be greatly enlarged, but it is now believed that he will rapidly recover, as the operation seems to have been very successful, and the patient is getting along nicely, which his many friends will all be glad to learn.

Several days later Dr. Miller operated on a daughter of Daniel I. Miller, of Springs, for the same trouble that Mr. Meager had been suffering with. The operation was very successful, and we understand that 23 gall stones were removed. We are told that Dr. Miller will operate on another patient in this vicinity before returning home, but have not learned full particulars.

Pender and His Company.

The Pender Company, which will appear at Hay's Opera House, Salisbury, Pa., Wednesday and Thursday evenings, Apr. 12th and 13th, ranks among the best of its kind now touring America. The performance does not consist of magic alone as is the case with most magicians, for Pender presents a varied program, magic, ventriloquism, thought transference, music, etc. Pender is undoubtedly the foremost exponent of ventriloquism before the public today. His work is clean, witty and full of laughter and merriment. You will miss a rare treat if you miss the Pender show.
