STATE POLICE LAW.

Officers are Authorized to Make Arrests Without Warrants—Act as Forest Fire, Game and Fish Wardens.

Below is the full text of the measure passed by the last legislature and approved by the state executive on May 2, 1905. The provisions of the new law are of special interest to the people residing in the rural localities throughout the state:

An act creating the Department of State Police; providing for the appointment of a Superintendent thereof together with the officers and men who shall constitute the force; defining their powers and duties, and making an appropriation for the expenses connected therewith.

Section 1. Be it enacted &c., that it is hereby created and established the Department of State Police; the head of which shall be Superintendent of State Police to be appointed by the Governor, by and with the advice and consent of the Senate, serve for a term of four years from the date of his appointment, and who shall receive a salary of three thousand dollars per annum, to be paid quarterly upon warrant of the Auditor General drawn on the State Treasurer.

Section 2. The Superintendent of State Police shall be provided by the Board of Public Grounds and Buildings with suitable offices at the Capitol, in Harrisburg, and shall give a bond to the Commonwealth, in the sum of twenty thousand dollars per annum; one clerk, who shall be a competent bookkeeper, at a salary of fourteen hundred dollars per annum, and a competent stenographer at a salary of twelve hundred dollars per annum.

Section 3. He is also authorized to appoint the State Police Force, which shall consist of four companies, or platoons, each consisting of a captain, at a salary of fifteen hundred dollars per annum, a lieutenant, at a salary of twelve hundred dollars per annum; five sergeants, at a salary of one thousand dollars per annum, and fifty men, at a salary of seven hundred and twenty dollars per annum. No applicant shall be appointed by the State Police until he has satisfactorily passed a physical and mental examination, based upon the standard provided by the rules and regulations of the police force of the cities of the first class, in addition to which each applicant must be a citizen of the United States, of sound constitution, able to ride, of good moral character, and between the ages twenty-one and forty years.

Section 4. It shall be the duty of the Superintendent of State Police to provide for the members of the Police Force, suitable uniforms, arms, equipments, and, where it is deemed necessary, horses; and to make such rules and regulations, subjected to the approval of the Governor, as are deemed necessary for the control and regulation of the police force. It shall also be the duty of the Superintendent to establish local headquarters in various places. For that purpose he is hereby authorized to do so, by lease or otherwise, so as best to distribute the force throughout the various sections of the Commonwealth, where they will be most efficient in carrying out the purposes of this act to preserve the peace and prevent crime.

Section 5. The various members of the Police Force are hereby authorized and empowered to make arrests, without warrant, for all violations of the law which they may witness, and to serve and execute warrants issued by the proper local authorities. They are also authorized and empowered to act as forest fire, game and fish wardens; and in general, to have the power and prerogatives conferred by law upon the members of the police force of cities of the first class, or upon constables of the Commonwealth; and are intended, as far as possible to take the place of the police now appointed at the request of the various corporations.

The State Police Force shall, wherever possible, co-operate with the local authorities, in detecting crime and apprehending criminals, and preserving the law and order throughout the state.

Section 6. That the sum of four hundred and twenty-five thousand dollars, or so much thereof as may be necessary, be, and the same is hereby specially appropriated to pay the salaries and expenses necessary to carry this bill into effect; the same to be paid on warrant drawn by the Auditor General upon the State Treasurer out of moneys in the State treasury not otherwise appropriated.

Section 7. All acts or part of acts inconsistent herewith be, and they are hereby repealed.

Sold Truth.

The Jeannette Dispatch is willing to give the devil his dues and accept all kinds of "tainted money" if it can be put to good use.

And so does every other man with common every-day horse sense. The people who are making an outcry against "tainted money" are simply playing to the galleries for a little cheap notoriety. We regret to say that even some of the professed humble and willing workers in the Master's vineyard cannot withstand the temptation of posing in the limelight of publicity.—Connellsville Courier.

BENT HER DOUBLE.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at E. H. Miller's drug store; price 50c.

Too Much Water in the Coal.

The directors of the Pittsburg Coal Company yesterday passed the dividend for the last calendar quarter, and that concern thus took its proper place in the list of rotten trusts. With the Crucible Steel Company and the American Window Glass Company, not to mention others, it fell into the line, to which it has long belonged, of that brilliant galaxy of local promotions known as the "weak sisters" of Pittsburg. Too few parts coal, too many parts water, it has reached the water level. Mismanaged from its birth, "bottle nursed" from the beginning, it has accepted rank with the weaklings. During the past quarter it earned less than one-half the sum necessary to pay the dividend on its preferred stock; and, therefore, at least, after repeated dodgings and after several times paying dividends when there was no legal nor moral warrant for them, it has been decided to no longer attempt to maintain its position between "hell and the boiler shop," but to take refuge in the neutral ground known as the scrap heap.—Pittsburg Times.

A SURPRISE PARTY.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure, for headache, dizziness and constipation. 25c. at E. H. Miller's drug store.

Train Stoning.

The death of a passenger on the Baltimore & Ohio railroad between this place and McKeesport, caused by a blow from a stone hurled by some malicious scoundrel at the train as it passed by, is not the first accident of the kind, though the result was unusual and distressing.

The stone-thrower probably did not intend to commit murder, but his act might without any straining at the law be construed as a capital offense. There are some crimes wherein malice is assumed by the law, acts wherein deliberate intent is taken for granted. Premeditation is essential to a verdict of murder in the first degree, yet premeditation is presumed in cases of poisoning.

The man or boy who throws stones at a passing train must likewise be presumed to have acted wilfully, deliberately, maliciously. The hand that cast the stone that killed Alexander H. Campbell was the hand of a murderer whose neck should feel the vengeance of the noose. It may not have been premeditated homicide, but it was malicious murder, and one is quite as bad as the other.

The train-stoning animal is dangerous, and he should be suppressed if he has to be obliterated.—Connellsville Courier.

Can an Editor Tell the Truth?

Occasionally we meet a man who insists that an editor could always tell the whole truth in his paper, if he wanted to. He can't do it and continue in the business, remarks an exchange. A Missouri editor tried it and was invited to leave town, and the request was put so forcibly that he "got." Here are some of the items that put him out of business:

"John Bonin, the laziest merchant in town, made a trip to Belleville yesterday."

"John Doyle, our groceryman, is doing a poor business. His store is dirty, dusty and noisily odoriferous. Besides he spends a good part of his time loafing around town. How can he expect to do much?"

"Rev. Styx preached last Sunday on charity. The theme was a good one, but the sermon was rot."

"Dave Shukey died at his home in this place, the doctor gave the cause as heart failure. The facts are that Dave was drunk, that whiskey killed him, that everybody knows it, and that the doctor lied when he said it was heart failure."

"Paddy Smith's 'blind pig' is running wide open seven days in the week and no one knows it better than the village dads."

"Married, Miss Lylvia Rhodes and James Canahan, last Saturday evening at the Baptist church. The bride is a very ordinary girl who knows no more about cooking than a rabbit and never helped her mother three days in her life. She is no beauty and has a gait like a fat duck. The groom is a well known and up-to-date loafer. He's been living off the old folks all his life and don't amount to shucks. They will have a hard life of it."

"Arch Abercrombie thrashed his wife again Sunday."

Our Flag the Oldest.

The star-spangled banner is older than any one of the present flags of the European powers—we are reminded by the Paris Figaro.

It was adopted in 1777 by the Congress of the thirteen colonies of North America, then at war with the mother country. The yellow and red Spanish flag came out in 1785; the French tri-color was adopted in 1794; the red English emblem, with the union jack in the upper corner, dates from 1801; the Sardinian (now the Italian) flag first fluttered in 1848; the Austro-Hungarian flag was one of the consequences of the compromise of 1867; the present German flag first appeared in 1871, and the Russian tri-color is quite a recent affair. The only modification that the American flag has undergone since its origin consists of a new star every time a new state is taken into the Union.

THE DIAMOND CURE.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanhook, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequaled quick cure for Throat and Lung Troubles. At E. H. Miller's drug store; price 50c. and \$1.00, guaranteed. Trial bottle free. 8-1

Arrested for Embezzlement.

The Pittsburg Times of July 18th contained the following paragraph concerning a commercial traveler who has been coming to Salisbury for several years:

"A. C. Parker, of Johnstown, Pa., was arrested last night at the Union station by Albert H. Swineheart, of the Pennsylvania railroad detective bureau, on a charge of embezzlement preferred by Bissinger Bros., of 545 Liberty avenue, Pittsburg. Parker was employed as a traveling salesman, and is alleged to have taken about \$200 of the firm's funds. Information was made before Alderman Edward Levergood, of Johnstown. Parker left Johnstown yesterday for Pittsburg, and was arrested upon his arrival at the Union station."

THREE GOOD AND JUST REASONS

There are three reasons why mothers prefer One Minute Cough Cure: First, it is absolutely harmless; Second, it tastes good—children love it; Third, it cures Coughs, Croup and Whooping Cough when other remedies fail. Sold by E. H. Miller. 8-1
