Estimates of the value of the wheat crop in western Kansas show that in many cases the crop for this year is worth four times the price of the land, based on sales at the beginning of the year. The southwestern crop estimate is 104,000,000 bushels of winter wheat.

Wm. A. Kaun and W. G. Donges, who used to live in Salisbury and Garrett, recently moved from the latter place to Pittsburg, where THE STAR will visit them weekly. Mr. Kaun sends his kind regards and best wishes, and we wish both families success in their new location.

All old-time cough syrups were designed to treat throat, lung and bronchial affections without due regard for the stomach and bowels, hence most of them produce constipation. Bee's, the original Laxative Honey and Tar, gently moves the bowels and cures all coughs, colds, croup, etc. Bee's Laxative Honey and Tar is the original Laxative Cough Syrup. Look for the letter B in red on every package. Sold by Elk Lick Supply Co. 9-1

The editor of this paper isn't much of a horse-fancier, and seldom pays any attention to a horse; but we couldn't help noticing and admiring a beautiful and thoroughbred equine brought to town last Monday evening, from Lexington, Ky., by C. H. Jennings, the well known lumberman. It was the handsomest horse seen in Salisbury for many a day.

There are more deaf-mutes than blind in the United States by about 10,000. On the other hand there are more blind in one eye than semi-mutes (deaf but able to speak) by about 10,000. It may be a matter of interest to know that the proportion of the deaf is greater among the white population, and of the blind is greater among the colored.—California News.

In a gang of laborers, one hot day last week, one man was working with his hat off. The boss came along and said: "Mike, why don't you put on your hat? Don't you know your brains are liable to be affected in this kind of weather unless you protect your head?" "Begorra! if I had any brains, do you think I'd be workin' on such a day as this?" said Mike.—Cumberland Courier.

The most wonderful cure for piles is Manzan, put up in collapsible tubes with nozzle attached. It reaches the spot, stops pain instantly, and cures all kinds of blind, bleeding, itching or protruding piles. Sold by Elk Lick Supply Co. 9-1

Last Saturday Superintendent Garrett, of the Merchants Coal Company, went east on a vacation. He will remain about three weeks, and THE STAR and his many other friends wish him a very pleasant vacation. Mr. Garrett's position has been a very trying one during the past two years, owing to the long and bitter miners' strike, and he is surely entitled to a rest and some recreation.

George and John Krausse, who are students of the Williamson School of Mechanical Trades, Delaware county, Pa., arrived home last Sunday morning, and will spend their vacation with their parents, Mr. and Mrs. B. F. Krausse, who reside on Gay street. The boys like the school and are making excellent progress in their studies and trades. They will return about the end of this month.

Messrs. F. P. Beachy, Eli Miller, Rosa Lichty, C. J. Lichty and Geo. Dull left Monday morning on a tour of inspection through Assiniboia, Canada. Much is being said of this section, and people are flocking there by the thousands. This delegation can consider themselves sent as spies, and we hope they will return us a true report and say that we are able to go in and possess the land.—Carleton (Neb.) Leader.

Our Town Council did a mighty good job when they took practically all of Street Commissioner Newman's authority from him and passed it over to John W. Ringler, who has charge of the stone crusher and nearly all of the men employed by the borough. Ringler knows how to get work out of men and how to make road, while Newman is an expert at killing time and piling up bills for which the borough gets little value.

Pineules contain the alterative and diuretic properties found in the native pine. A certain cure for all liver, kidney and bladder diseases. A single dose of Pineules will relieve the worst case of backache in one night. Sole by Elk Lick Supply Co. 9-1

A goose 41 years of age is the curiosity reported from Fannetsburg, and it is certainly one of Franklin county's remarkable, says the Chambersburg Public Opinion. This venerable goose, however, is feeling the effects of age and can barely move about on its legs. It is owned by Crawford and Miss Anna Everett. The certainty of its age is accounted for from the fact that

it made its appearance on the Everett farm the same year as did Crawford Everett.

Beware of the statement "Selling below cost." The vital question to the customer is what it costs him, not what you lose. He knows you are not in the business for fun, and if you are continually admitting that you are selling below cost, he is likely to conclude that either you do not know your business well enough to buy right, or that you are deceiving him. In either case his confidence in you is shaken. Better say "We bought them right, you get the benefit."—Salesmanship.

The Braymer (Mo.) Bee brought suit against a delinquent subscriber recently in court for several years' back pay. The case was tried before a jury with eminent lawyers on both sides. The defendant's plea was that he had notified the post-master to discontinue the paper and refused to take it from the office. The jurymen were out but a few minutes when a verdict was rendered in favor of the plaintiff, together with the amount of the cost, making a total of \$22. The way to stop a paper is to pay all arrears and notify the publisher either in person or by letter.

The original is always the best—imitations are cheap. Bee's Laxative Honey and Tar is the original Laxative Cough Syrup. It is different from all others—it is better than all others—it is better than all others, because it cures all coughs and colds and leaves the system stronger than before. The letter B in red is on every package. Sold by Elk Lick Supply Co. 9-1

And behold some advertisers went forth to advertise. Some carried paint and brushes and besmeared the rocks, fences, gates and barns. The cows, horses and asses admired the artistic colors, and the small boys covered them with mud. Some carried posters both great and small which fell by the wayside and were chewed up by Billy goats, pasted on pantry shelves and used for other purposes. None of the advertising paid, and the advertiser snored aloud and sold not, while the advertiser who placed his advertisement in the local newspaper, where it was read by all, was kept busy selling goods and banking money.—Ex.

In this season of thunderstorms it is interesting if not exactly profitable, to read an ancient interpretation of them. The "Prognostication Everlasting of one Leonard Digges," published in 1556, tells us that thunder in the morning denotes wind; at noon, rain, and in the evening, a great tempest. He goes further still, and declares that "Sunday's thunder should bring the death of learned men, judges and others; Monday's, the death of women; Tuesday's, plenty of grain; Wednesday's, bloodshed; Thursday's, plenty of sheep and corn; Friday's, the slaughter of a great man and other horrible murders; Saturday's, a general pestilence plague and great death."

Big Somerset County Lumber Concern Buys New Locomotive.
The Babcock Lumber company at Ashtola last week added to its railroad equipment a new 65-ton railroad locomotive, which was built to order. It is a massive pile, being one of the largest engines ever constructed for a private corporation. The Babcock Lumber company has 30 miles of railroad which reaches its various lumber tracts. In speaking of the business of the company, President Edward Vose Babcock said Saturday that during the last three months the output of the big mills broke all records. "The mill is now turning out," he said, "five million feet of lumber per month, and that's sawing some," he added.

Mr. and Mrs. Babcock, with their servants, are now occupying the magnificent Hemlock Lodge in Ashtola, where they have lavishly entertained Johnstown and Pittsburg friends.
