Dr. Parkhurst says solemnly that the drunkard's path leads to the hearse and to the grave. He might as well have added that the sober man's path leads in the same direction. It's a sure "pop" for both, sagely remarks the Cumberland Courier.

Last week our Methodist friends elevated a fine new bell to the belfry of their new church spire, on Ord street. The new bell has a remarkably clear and pleasing tone. The whole church has been overhauled and remodeled, which adds much to its good appearance.

The original is always the best—imitations are cheap. Bee's Laxative Honey and Tar is the original Laxative Cough Syrup. It is different from all others—it is better than all others—it is better than all others, because it cures all coughs and colds and leaves the system stronger than before. The letter B in red is on every package. Sold by Elk Lick Supply Co. 9-1

The Chicago strike is off, practically, and the striking teamsters are hunting new jobs, as they will not be taken by the old employers. Serves them right. If a full grown man does not know when he has a good thing he ought not to depend on a walking delegate to make him wise, says the Lanark (Ill.) Gazette.

Hugh C. McKenrick who is here in the interest of the International Correspondence Schools, of Scranton, Pa., has a very fine exhibit in the window of Schramm's grocery. There are many young men in this vicinity who should see Mr. McKenrick and learn of the great advantages he has to offer along the line of useful education.

One dose of Pineules taken at bedtime will entirely relieve the most obstinate case of backache before morning. Pineules is a certain cure for all kidney and bladder troubles. Sold by Elk Lick Supply Co. 9-1

The Town Council of Grand Rapids, Mich., proposes to turn the tables in the curfew law matter. Instead of passing ordinances to keep the children off the streets, they propose to go after the gadding mothers, arguing that if they stay at home and attend to their duties the children will remain there, too, and they're about right.

Word was received here this morning to the effect that Mrs. George Letchworth, formerly Miss Mary Easton, is ill beyond recovery, at her home, which we believe is in Bedford county. This is distressing news to that lady's many Salisbury friends. Her sister, Mrs. George Fogle, has hastened to her bedside, we understand.

A farmer has discovered that he can obtain soft water from hard water by the use of his cream separator. He pours the water into the machine just as he would milk, first running a high rate of speed. Soft water comes out of the milk spout while the rest comes out of the cream spout. It seems almost incredulous that this should be so. Maybe it isn't; try it.

We are in receipt of a copy of the Thunder Mountain News, published at Roosevelt, Idaho, and bearing date of July 22nd, 1905. By perusing its columns we notice that potatoes were selling at Roosevelt, during July, at 15 cents per pound or \$9.00 per bushel. Our friend Sam Kimmel is located there, and in spite of high prices of eatables, he is prosperous, hearty and happy.

William Lambert, one of our old schoolmates of the days of 1874 to 1877, was in town last Sunday visiting his brother Edward. He is a resident of McKeesport, Pa., where he is following contracting in the cementing and plastering lines. It was his first visit to Salisbury in 22 years, and, naturally, he beheld many changes. "Billy" is looking well, and he is the same genial, humorous chap as of yore.

Here is the latest tribute to the "kicker," by one who has evidently been around a bit: "If there was an ice-cold lemonade spring in every garden, it bread grow on sunflower stalks, and if every blade of grass was tipped with \$10 bills, a certain class of cranks would kick because there are no straws in the lemonade, no butter or preserves on the bread, and because the grass didn't produce \$20 instead of \$10 on the blades.

All old-time cough syrups were designed to treat throat, lung and bronchial affections without regard for the stomach and bowels, hence most of them produce constipation. Look for the letter B in red on every package. Sold by Elk Lick Supply Co. 9-1

Wolfey, under the editorship of Gen. W. H. Koontz. Susan Diehl Daniels, wife of John Daniels, of West Salisbury, Pa., died on the 7th inst., aged 53 years, 5 months and 25 days. She died of cancer of the stomach, of which dreadful malady she suffered a long time. Mrs. Daniels was a good woman and was greatly esteemed by those who knew her. Dr. T. F. Livengood, of Elizabeth, N. J., spent Monday and Tuesday in this, his native town, accompanied by his aged mother, who for the past year has been residing with her daughter, Mrs. W. H. Dill, of Meyersdale. The doctor is looking hale and hearty, and he seems to improve with age, in every way. His numerous Salisbury friends were sorry indeed that he could not remain with us longer, this trip. The editor and family enjoyed a short, but pleasant visit from him, and are under obligations to him for some presents delivered for our youngest son, the doctor's namesake. 9-1

A good joke is told on a Grantsville man, who for some time had been troubled with pimples on his nose and concluded it was time to "do something for it." He looked around in the pantry and found a bottle of liniment, which he applied twice a day for several days. In the meantime his nose got no better, but instead began to assume gigantic proportions. At last he consulted his wife about it and asked her advice. She asked him what he had been doing for it, and he said that he had been using that liniment in the pantry. "What liniment?" she asked. He got the bottle and showed her. "Well, of all the fools, you beat all!" screamed the wife. "That ain't liniment; that's a bottle of 'bust developer' that Mary Ann sent to Frostburg for."

Every man owes it to himself and his family to master a trade or profession. Read the display advertisement of the six Morse Schools of Telegraphy, in this issue, and learn how easily a young man or lady may learn telegraphy and be assured a position. 12-1

We introduced to our readers in last week's issue a new feature which we believe will be appreciated. "The Home Circle" department is one that will interest all classes of readers, but more especially does it appeal to the wives and mothers, the queens of our homes. It is our highest ambition to give our readers the class of reading they most relish. This department will appear each week, providing our readers so desire. Your home paper has much to do in moulding the opinions of the family circle which it weekly visits. It is our highest ambition to have the columns of this paper moral and elevating in what little influence they may sow in this community. If you are pleased with this new feature, do not be backward in letting us know it. If you enjoy it, send us a letter or postal card as an encouragement. Even an editor can enjoy an occasional rose thrown in life's thorny pathway.

The most wonderful cure for piles is Manzan, put up in collapsible tubes with nozzle attached. It reaches the spot, stops pain instantly, and cures all kinds of blind, bleeding, itching or protruding piles. Sold by Elk Lick Supply Co. 9-1

A bad wreck occurred on the Somerset & Cambria railroad, at Kaufman's Run, last Thursday morning. A broken rail caused the train to leave the track, turning the coaches down an embankment.
