

MRS. EMMA FLEISSNER  
Suffered Over Two Years—Health Was in a Precarious Condition—Caused by Pelvic Catarrh.

**HEALTH AND STRENGTH RESTORED BY PE-RU-NA.**

Mrs. Emma Fleissner, 1412 Sixth Avenue, Seattle, Wash., Worthy Treasurer Sons of Temperance, writes:  
"I suffered over two years with irregular and painful periods. My health was in a very precarious condition and I was anxious to find something to restore my health and strength."  
"I was very glad to try Peruna and delighted to find that it was doing me good. I continued to use it a little over three months and found my troubles removed."  
"I consider it a splendid medicine and shall never be without it, taking a dose occasionally when I feel run-down and tired."  
"Our files contain thousands of testimonials which Dr. Hartman has received from grateful, happy women who have been restored to health by his remedy, Peruna."

**Cages for Grasshoppers.**  
There is a regular business in Italy of making little wire cages for grasshoppers. The insect is regarded as lucky and if one can be kept alive in the cage for a month it is believed the year will be prosperous. The superstition arose from this incident: A cardinal of the Medici family invited a bishop to dine with him in his garden. The cardinal handed the bishop a glass of wine. A grasshopper fell from a tree into the wine and the bishop did not drink it. The wine was afterward found to have been poisoned.

**Long Service.**  
John B. Atkinson, 75 years old, and a Pennsylvanian who has been for 40 successive years in the office of the second auditor of the Treasury department, claims he is older by 10 years in point of service than any other government employe in Washington.

**A STRONG STATEMENT**

By Col. J. M. Guffey, Democratic National Committeeman of Pennsylvania.

Col. J. M. Guffey, of Pittsburgh, Democratic leader of Pennsylvania, and one of the greatest producers in the world of oil, coal and gold, writes:  
Gentlemen: It is a pleasure to endorse Doan's Kidney Pills. Having found them of great value I have always been glad to recommend them to my friends. They are excellent.

(Signed) J. M. GUFFEY.  
Doan's Kidney Pills, a specific for backache, bladder troubles and all kidney disorders, are sold by all dealers. Fifty cents a box. Foster-Milburn Co., Buffalo, N. Y.

**A New Motor Roadway.**

A roadway or track for motor-propelled vehicles has been invented recently by Dr. T. A. Johnson of Xenia, Ill., which promises a valuable means of transportation. It consists of two parallel tracks of concrete formed so as to present an outer flange, and a broad roadway with a strengthening rib running down into the hollow, which has been reinforced firmly in the ditches previously excavated. This roadway is designed for motor vehicles, both passenger and freight, the cars having rubber tires. The track can be used as a toll line for automobiles. The inventor has also a device which can be attached to the steering lugs of the vehicle, preventing contact of tires with flanges, and obviating steering by motorman. Scientific American.

**WE SELL A \$300 PIANO FOR \$195**  
To introduce. Buy direct and save the difference. Easy terms. Write us and we'll tell you all about it.  
HOFFMANN'S MUSIC HOUSE,  
577 Smithfield Street, Pittsburgh, Pa.

TOWER'S CLOTHING CO., Limited, A. J. TOWER CO., TORONTO, CAN. BOSTON, MASS., U.S.A.

**Household Matters**

**Care of Milk.**  
Milk which has been standing any time in a jug should always be carefully poured into another, leaving a little at the bottom, for this portion of the milk is injurious to health and has often been known to cause typhoid fever.

**For Hot Dishes.**  
The housekeeper who cannot have a zinc covered kitchen table will find several squares of hard wood an inch in thickness and about five inches across a great convenience for setting hot dishes on. The wood should be sandedpaper and each block have a screw-eye, with which it is hung under the ledge of the table.

**To Clean Woodwork.**  
Woodwork that has become yellow or is badly stained may be cleaned with a mixture of a pail of hot water and two table-spoonsful of pulverized borax. Use a coarse cloth and soap it occasionally and sprinkle a little powdered borax on it for the worst spots. Rub the woodwork well and use plenty of fresh, clean water to rinse.

**Drinking Ice Water.**  
Large drafts of ice water are always mischievous. If sipped slowly, so that the stomach does not become chilled, it is usually harmless; and eaten slowly, ice cream rarely injures even an invalid. Fruit juices diluted with cold water and sweetened to taste will quench thirst better than water, and are abundant at the hay and harvest season, when most needed.

**About Table Linen.**  
Plain tablecloths and napkins are made up very simply with ordinary or overhand hemming. Hemstitching of any kind suggests bedroom linen, and is not in favor for the finer weaves. A single large letter in old English script marks the napkins, and one corner of the tablecloth. One of the latest fancies is to have the initial or monogram directly in the centre of the napkin.

**The Baked Apple.**  
One of the most wholesome dishes is a baked apple. It is delicious at breakfast, as well as at supper. In fact, apples in almost any form are invaluable. For variety's sake, try peeling the apples before baking them. Peel and core them, fill the hollows with spice and sugar, and bake long enough to give them a thin, crispy crust. Sometimes a bit of butter is placed on top of each apple before putting in the oven. Serve them cold with whipped cream.

**RECIPES**

**Velvet Cream**—Two tablespoonfuls of strawberry jelly, two tablespoonfuls of currant jelly, two tablespoonfuls of pulverized sugar, whites of two eggs beaten stiff; then whip the cream, fill a small glass one-half full of the whipped cream, and fill the glass with the above mixture beaten to a cream.  
**Macaroni Oysters**—One-quarter of a pound macaroni broken up in small pieces. Cook in boiling salted water, and rinse in cold water to remove stickiness. Butter dish, season the oysters, use alternately in layers with bits of butter. Moistened with milk, crumbs on top. Bake forty to forty-five minutes in moderately hot oven.

**Young Chickens**—After cleaning, split them open down the back, remove all objectionable insides, wash thoroughly and wipe dry. Lay flat in the baking pan, sprinkle with salt and pepper; lay bits of butter all over the pieces and sprinkle with flour. A little thick cream may be added. Bake until done in a hot oven; or in a moderate one for one hour.

**Cucumber Aspic Jelly**—Peel and slice two large cucumbers and one quite small onion, and cook slowly for one hour in one pint of water; soak one-fourth box of gelatine in a little cold water until softened, then stir into the water until dissolved. Season with salt and white pepper, strain and let cool. Pour the jelly into cups to mold, and serve with salads.

**Dried Apple Cake**—Prepare by washing and soaking over night, two cupfuls of dried apples, squeeze dry and chop fine, and simmer two hours in two cupfuls of New Orleans molasses, and when nearly cold add to the cake. Make as follows: One cup of sugar, one-half cupful of butter, four cups of flour, two eggs, one dessert-spoonful of sour milk, spice with cinnamon.

**Fruit Pudding**—Line a mold one or one and one-half inches thick with ice cream made from strawberry ice cream. Fill the centre with fresh strawberries or any fruit desired. Cover the top with ice cream. Pack for two hours. The fruit may be mixed with whipped cream when it is put into the mold and whipped cream may be served as a sauce with this cream. Garnish mold with strawberries.—Miss R. M. Kingston, in The Home.

**Floating Island**—One quart of milk, five eggs and five tablespoonfuls of sugar; scald the milk, then add the beaten yolks, first stirring into them a little of the scalded milk, to prevent curdling; stir constantly until of the right consistency; when cool, flavor let it get very cold, and before serving beat up the whites of the eggs to a stiff froth, and stir into them a little fine sugar and two tablespoonfuls of currant jelly; dip this on the custard

**FINANCE AND TRADE REVIEW**

**DUN'S WEEKLY SUMMARY**

Business Outlook Constantly Improving and the Situation is Most Promising.

R. G. Dun's & Co.'s weekly review of trade says:  
Activity broadens in commercial channels and confidence expands because of the many evidences of conservatism. Business is brisk and improving, although there is no disposition to start a boom either in commodities or securities. Manufacturers receive liberal orders for motor deliveries, many dealers having covered spring requirements, and shipping departments are forwarding as freely as traffic facilities will permit. Current retail trade is not equaling expectations, but this is attributed to mild autumn weather, and preparations for the future are undiminished. Especially good news is received from the iron and steel centers, output of mills and furnaces increasing without relieving the pressure for quick delivery, particularly in structural and railway departments. Wages were voluntarily increased at primal cloth mills, and scarcely any labor disputes are noted. Much complaint is heard regarding freight blockades, several contracts being accepted subject to delay in transit, which is seriously retarding grain exports. Nevertheless, railway earnings for October thus far show a gain of only 1.6 per cent, compared with last year's figures. This should be qualified by the statement that preliminary reports are chiefly from the southwest, where quarantine conditions and the tardy movement of cotton make an unfair comparison with last year's figures, which were swelled by unprecedented shipments of cotton. Statistics of foreign trade for the United States eclipsed all September records last month, which was particularly gratifying in view of the fact that a loss of over \$11,000,000 in exports of cotton had to be made up elsewhere. Another splendid exhibit is assured for October. Evidence of conservatism are more numerous in the primary markets for textile fabrics, although there is no weakness in quotations, but rather more indications of inherent strength.

**Where They Get Left.**  
When "Constant Reader" or old "Veritas" writes letters to the Pekin Tsing Rao, they do not begin by saying that they have subscribed for the paper over since it started. It has been published for 1,400 years.—Tospeka Journal.

**Permanent Cure.** No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer, 271 Broadway, New York. Dr. R. H. Kline, Ltd., 381 Arch St., Phila., Pa.

**Pls-o's Cure** cannot be too highly spoken of. See our cure.—J. W. O'Brien, 322 Third Avenue, N., Minneapolis, Minn., Jan. 6, 1910.

**The Russian Alphabet** contains thirty-five letters.

**Face Like Raw Beef**—Thought She Would Lose Her Ear—Healed Without a Lincin—Mother Thanks Cuticura.

"My little girl had eczema very bad when she was ten months old. I thought she would lose her right ear. It had turned black, and her face was like a piece of raw meat, and very sore. It would bleed when I washed her, and I had to keep cloths on it day and night. There was not a clear spot on her face when I began using Cuticura Ointment, and now it is completely healed, without scar or blemish, which is more than I had hoped for. (Signed) Mrs. Rose Eicher, 221 Eckford St., Brooklyn, N. Y."

**Corrosion in Steel Frames.**  
Professor Charles L. Norton of the Massachusetts Institute of Technology says that a great deal more care should be taken in protecting steel work and wrought iron work from corrosion. Concrete is a far better safeguard than stone or terra cotta against fire, he says. The Boston sky-scrapers are viewed with suspicion by Professor Norton.

**How's This?**  
We offer One Hundred Dollars Reward for anyone of Catarrh that cannot be cured by Hall's Catarrh Cure.

**Two-Story Autos.**  
Added to the "steering Washington" cars, which for years have been one of the conveniences sought out by visitors at the capital, there are now two lines of immense, two-story automobiles, each vehicle carrying almost as many people as a large street car. These now make regular trips around the city, and are doing a very large business. A "barber" accompanies each car and explains the several points of interest. This service in the aggregate gives strangers in Washington an opportunity to see the city at small cost such as is offered by no other city of the country. The large automobiles resemble in general appearance the street cars of England, with their winding steps in the rear leading to the roof.

**One Thing He Learned.**  
Bishop Potter was preaching one Sunday evening in a small town in the Adirondacks, where he has a summer camp, says the New York Times. When the services were over a tall, gaunt man, with the air of a backwoodsman, came up to the Bishop with an outstretched hand.  
"I've heard ye preach twice afore this," he said, "an' I like yer preachin'." I allus I'arn something new from ye. I rid ten miles to-night to hear ye, an' I'd rid ten more, fer as usual, I heard something new to-night that I never knowed afore."  
"Well, I'm glad of that," said the Bishop shaking the outstretched hand; "and what was it you learned to-night?"  
"Why, Bishop, I found out fer the first time in my life that Sodom and Gomorrah wuzn't twins."

**Dairying in Siberia.**  
Siberia, so long stretched before the imagination of the world as a land of snow and desolation that even now, when the Trans-Siberian railway has been built, and when the productive-ness of that vast country is beginning to be understood, one is rather surprised to hear that more than ten million dollars' worth of butter is annually exported from Siberia. Its great plains afford good grazing, and within three years after the railway was opened 1,000 butter manufactories were erected. The Government has now undertaken to furnish free instructions on a large scale in dairying and butter making.

**Will Move a Town.**  
Emery, Ia., a town of several hundred inhabitants, which sprung up about the site of a power station, will be transported bodily to Mason City, five miles away, in the course of a few weeks. The power plant has been moved to that point.

The New York Sun says: The not surprising excitement at Tokio simply proves again that the whole world of human nature is akin, pagan and Christian mobs, as for example those of the draft riots in New York during the civil war, the pagan Japanese of Tokio seem to have been less hysterical, less brutal and less god-hungry. Simultaneously with the Tokio despatches telling of the riots there came the report of the burning at the stake of a negro in Texas by a mob of two thousand Christians.

**ANT-GRIPINE**

**TO CURE THE GRIP IN ONE DAY**  
ANT-GRIPINE  
"HAS NO EQUAL FOR HEADACHE"

**PRICE, 25 Cts**  
IS GUARANTEED TO CURE GRIP, BAD COLDS, HEADACHE AND NEURALGIA.  
I won't sell Ant-Gripine to a dealer who can't guarantee it. Call for your MONEY BACK IF IT DOESN'T CURE.  
F. W. Diemer, M.D., Manufacturer, Springfield, Mo.

**COLLEGE**, located at Pittsburg, Pa. Come to this great Commercial and Manufacturing center for a Business Education; don't go to a small place where Stenographers and Bookkeepers are not required. Circulars.

**DROPSY** NEW DISCOVERY; gives relief and cures worst cases. Send for testimonials and 10 Days' treatment FREE. Dr. H. C. GIBBS & SONS, Atlanta, Ga.

**Tired, Nervous Mothers**

**Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.**

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female nervousness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly. The ills of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying? Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cross and snappy? If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous prostration than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women testify to this fact. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's ills.

Mrs. Chester Curry, Leader of the Ladies' Symphony Orchestra, 42 Saratoga St., East Boston, Mass., writes: "Dear Mrs. Pinkham—For eight years I was troubled with extreme nervousness and hysteria, brought on by irregularities. I could neither enjoy life nor sleep nights; I was very irritable, nervous and despondent. Lydia E. Pinkham's Vegetable Compound was recommended and proved to be the only remedy that helped me. I have daily improved in health until I am now strong and well, and all nervousness has disappeared."

Mrs. Charles F. Brown, Vice-President of the Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes: "Dear Mrs. Pinkham—I dragged through nine years of miserable existence, worn out with pain and nervousness, until it seemed as though I should fly. I then noticed a statement of a woman troubled as I was, and the wonderful results derived from Lydia E. Pinkham's Vegetable Compound, I decided to try it. I did so, and at the end of three months I was a different woman. My nervousness was all gone, I was no longer irritable, and my husband fell in love with me all over again. Women should remember that Lydia E. Pinkham's Vegetable Compound is the medicine that holds the record for the greatest number of actual cures of female ills, and take no substitute. Free Advice to Women. Mrs. Pinkham, Lynn, Mass., invites all sick women to write to her for advice. Mrs. Pinkham's vast experience with female troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice."

**ST. JACOBS OIL**  
and saves time, money and gets out of misery quickly.  
Price, 25c. and 50c.
