FINANCE AND TRADE REVIEW

BUSINESS OUTLOOK BRIGHT

Railways, Although Purchasing New Equipment, Are Unable to Relieve Freight Congestion.

R. G. Dun & Co.'s "Weekly Review of Trade" says: Almost without exception reports are favorable regarding the Nation's commercial progress.

Producers and consumers of steel is at a new maximum without the unsettling influence of a return to the inflated prices of a few years ago.

Railway earnings in October were 6 per cent. larger than last year, and foreign commerce at New York showed gains of \$2,537,606 in exports and the same week of 1904.

Bradstreet says: Activity, in fact buoyancy, still characterizes practically all lines of trade and industry.

Industry retains the lively appearance noted for some time past. In railway lines the efforts making to handle the immense business offering are such as were never put forth before.

Features deserving note in the iron and steel trade this week are the very liberal orders placed for cars and other rolling stock.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations! It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed.

A great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Hotel English, Indianapolis, Ind., writes of her cures as follows: Dear Mrs. Pinkham—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and womb troubles. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life."
