MURPHY BROTHERS, McKINLEY BLOCK, SALISBURY, PA.

DROPS

TRADE MARK

CURES

RHEUMATISM

LUMBAGO, SCIATICA

NEURALGIA and

KIDNEY TROUBLE

"DROPS" taken internally, rid the blood of the poisonous matter and acids which are the direct cause of these diseases. Applied externally it affords almost instant relief from pain, while a permanent cure is being effected by purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. BLAND

Of Brewton, Ga., writes:

"I had been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could gather from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from 'DROPS.' I shall therefore prescribe it in my practice for rheumatism and kindred diseases."

FREE

If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of "DROPS," and test it yourself.

"DROPS" can be used any length of time without acquiring a "drug habit," as it is entirely free of opium, cocaine, alcohol, laudanum, and other similar ingredients.

Large Size Bottle, "DROPS" (500 Doses) \$1.00. For Sale by Druggists.

SWANSON RHEUMATISM CURE COMPANY, Dept. 90, 140 Lake Street, Chicago.

For some time they have been having a smallpox scare at Lanark, Ill., and as a result the doctors have been reaping a rich harvest at scratching arms and poisoning blood at about 50 cents per scratch. But in spite of all the fool vaccination, the disease has been spreading right along, and the "successfully vaccinated" are taking it as readily as any other class. Mrs. C. Rowland is one of the latest victims, and some time ago her step son had it. He had been successfully vaccinated, too, says the Lanark Gazette. Great is vaccination, isn't it? It is the most gigantic humbug of the age, but some people wouldn't be satisfied to exist without having their necks in the galling and oppressive yoke of the medical profession.

WILL RECOGNIZE REGULARS.

President Roosevelt Says No Encouragement Will be Given Party-Wreckers. President Roosevelt has given prominent Republicans to understand that party-wreckers need look for no encouragement from the White House, this year. The President talked with a number of influential party men who attended the big reception given by the Pennsylvania Club, at Washington, last week, in honor of Gov. Pennypacker. To these men the President stated, in substance, that a repetition this year of the Democratic victory of last fall, in Pennsylvania, would be exceedingly distasteful to the National administration.

In fact, the President went so far as to intimate that Republican success in Pennsylvania and Ohio during the coming campaign might be regarded as necessary to the preservation of Republican supremacy in Congress. Some of the men with whom the President talked stated on their return to Harrisburg that the President looked to Pennsylvania and Ohio to preserve the party majority at Washington, and make possible the consummation of the administration legislative program.

It is apparent that the President will regard a bolters' movement in behalf of a Democratic candidate for Governor as an act of unfriendliness toward the National administration. The President is understood to regard the action of the Pennsylvania Legislature in its recent extra session as sufficient guarantee to the people of Pennsylvania that the Republican party may be depended upon to grant any reforms that may be desired by the people in addition to those adopted during the extra session. He, therefore, sees no reason why the entire Republican vote cannot be polled for the State ticket that is to be nominated next June.

The President's emphatic declaration in favor of party regularity is regarded as a stinging rebuke to those so-called Republicans who have been laying their plans to launch a fusion movement for the benefit of the Democratic State organization through the medium of the Lincoln party or some other mugwump organization. The men who talked with the President, and to whom he expressed his views on the Pennsylvania situation, assured him that so far as could be ascertained the Republican convention in June would nominate candidates for Governor, Lieutenant Governor, Auditor General and Secretary of Internal Affairs, whom no genuine Republican could find a reasonable excuse for not supporting at the polls. The President is understood to have expressed himself as very much gratified at such a prospect.—Somerset Standard.

Child With Three Hands. A freak of nature in the shape of a male child with three perfectly formed hands was born to Mrs. Charles Gelwick, West Church street, Hagers-town. The child weighs 12 pounds and is healthy in every particular. The third hand is attached to the right wrist, and is joined to the natural hand where the thumb should be. There are no thumbs, but eight perfectly formed fingers. The child is able to work all the fingers at one time, and does not seem to suffer any inconvenience. It is five days old.

THE RIGHT IDEA.

One would think the Laxative idea in a cough syrup should have been advanced long before it was. It seems the only rational remedy for Coughs and Colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the Original Laxative Cough Syrup, the best known remedy for Coughs, Colds, Croup, Whooping Cough, etc. Tastes good and harmless. Sold by E. H. Miller. 4-1

SKINFLINTS AND SOCIALISM.

While the coal miners and operators are struggling over their differences regarding the wage scale for the coming year, the railroads of the coal and coke producing regions in this section of the country are voluntarily and unobtrusively announcing advances in the wages of trainmen and other employees.

Without entering into the merits of the mining controversy, and discussing the question purely in the abstract, we quote, as a starting point, that well recognized principal of law, human and divine, "The laborer is worthy of his hire." The observance of this law, in letter and in spirit, would avoid many and most disastrous strikes. Strikes are of rare occurrences with the employer who is fair enough to voluntarily share with his employees a reasonable and proper proportion of his profits.

But so many employers are so consumed with greed as to be utterly unable to perceive the justice and the wisdom of dealing justly with their men or any other men. They lend all their exertions to the business of grinding wages down to the lowest possible point in order to accumulate to themselves the largest measure of gain.

This class of employers are responsible for labor unions. The latter have but sought to copy the methods practiced upon them. Unfortunately for the country and for themselves, they have succeeded too well in practicing moral obliquity and too ill in accomplishing good results. They have defied and trampled upon law and order, and the law's mailed hand has fallen heavily upon them.

Much of this trouble could be avoided by the exercise of common fairness on the part of the employer, but not all of it. The labor unions as a rule are even more unreasonable than the employers. They demand more than their just share of industrial profits. Capital has no rights which they deem worthy of respect.

Between a skinflint corporation and a militant Socialism there are irreconcilable differences that lead inevitably to irrepressible conflict, says the Connellsville Courier, and it's true as true can be.

GET THE RIGHT KIND.

If you are troubled with Piles and can't find a cure, try Witch Hazel Salve, but be sure you get that made by E. C. DeWitt & Co., Chicago. It is the Original. If you have used Witch Hazel Salve without being relieved it is probable that you got hold of one of the many worthless counterfeits that are sold on the reputation of the genuine DeWitt's Witch Hazel Salve. Sold by E. H. Miller. 4-1

Journalistic War in Berlin.

Some weeks ago war was declared in good old Berlin, between the Berlin Record on one side, and the Berlin Gleaner and Fred Groff on the other. At intervals the air is full of grape, canister and shrapnel, figuratively speaking, and while the bombardment has been heavy on both sides, the tried and true old Record seems to be more than a match for its antagonist and its backer. Following is one of the latest shots fired by the Record:

"And now the Groffized sheet insinuates that the Record is trying to pilfer the 'reputations' of the boogieboodlem and the 'editor.' Pilfer! Oh, ye jesters! What do you suppose we would want with such worthless incumbrances? We couldn't dispose of the reputation of the former to any self-respecting person, even if it had a goldpiece attached to it, while if that of the other were tied to the tail of a yellow dog, the canine would batter its brains out against a stone wall, for shame. But if they are afraid somebody might 'pilfer' them, they ought not be left lay around so loose."

Boom at Jennings, W. Va.

One of the largest sawmills in the country is located at Jennings, W. Va., on the Dry Fork railroad. Jennings Bros., who are the operators and owners, besides owning a large tract of timber land, have erected an entire town. Here you will find a company store, butcher shop, drug store, tailor shop, barber shop, hotel, restaurant, blacksmith shop, dentist, baker and milliner. B. W. Jennings and Wm. Jennings have fine residences which are occupied by their families. This mountain city is made up of other well-planned buildings, which are occupied by the office force. Numerous tenants who live on the vast holdings of improved land owned by this company do much toward furnishing this busy little lumber city with the necessities of life. The Jennings are largely interested in the lumber business at Lopez, Pa., and at Jennings.—Oakland (Md.) Journal.

BOYS MUST STAY OUT.

Unlawful For Those Under 18 Years to be in Pool Rooms.

Following is the law of 1905, for the better regulation of public pool rooms, billiard rooms, bowling saloons, and tennis alleys in Pennsylvania: "It shall not be lawful for the licensed keeper, proprietor, owner or superintendent of any public pool room, billiard room, bowling saloon or tennis alley, in this Commonwealth, knowingly to allow or permit any person under the age of eighteen years to be present in such public pool rooms, billiard room, bowling saloon or tennis alley; and that the keeper, proprietor, owner or superintendent of such public pool rooms, billiard room, bowling saloon or tennis alley, knowingly allowing or permitting any person under the age of eighteen years to be present therein, shall be guilty of a misdemeanor, and upon conviction thereof be punished by a fine not less than ten dollars nor more than one hundred dollars."

Officials of the state Factory Inspection Department, whose duty it is to see that children are not illegally employed, are also going about to ascertain whether the pool room law is complied with. The Altoona Times, after stating that several firms have been prosecuted for violating the law in hiring boys under 18 years of age, adds that it is the intention of the department in the near future to bring prosecutions against owners and proprietors of pool rooms and bowling alleys in Altoona and elsewhere for permitting young men under 18 years of age to be present or take part in the playing of games.

DOCTORS ARE PUZZLED.

The remarkable recovery of Kenneth McIver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the Throat and congestion of the Lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst Coughs and Colds, Bronchitis, Tonsillitis, Weak Lungs, Hoarseness and LaGrippe. Guaranteed at E. H. Miller's drug store. 50c. and \$1.00. Trial bottle free. 4-1

Believes in Advertising.

A clergyman who believes in advertising has just been installed in the First Presbyterian church at Leavenworth, Kan. "Run the church on a business basis and you'll get results," he says. "I am an advocate of advertising. I've tried all kinds—window cards, dodgers, handbills, billboards—but the best way to get to the people every time is through the daily papers. More people read a newspaper ad than any other kind. A theatre advertises its attractions; why shouldn't the church, to draw the attention of the people to the fact that the church is awake and doing business in the King's name? Advertising will draw the people, but only ability will hold them. The public soon finds out if a man 'can't deliver the goods.' A business man can't fool a customer twice; neither can a preacher."

Westmoreland Rumors of Wabash Projects.

A Greensburg, Pa., dispatch in the Pittsburg papers says that a rumor is persistent in that town that the Wabash system will cross Westmoreland county, touching Irwin from McKeesport, running south of Jeannette, thence near Youngwood and east to the Ligonier Valley. It is claimed that the Ligonier Valley railroad, owned by the Melons, of Pittsburg, has been taken over, or will be taken over by the Wabash people, giving them a line to Ligonier town. The Westmoreland and Somerset railroad, just completed, is said to be owned already by the Goulds. That line passes through the big Chestnut Ridge Gap, and on to Somerset.

For three months surveyors, mysterious in their movements, have been working on the course outlined. The Ligonier Valley people give great weight to the rumor, because it is known that right-of-way agents of the Wabash have been industriously working in that section.

A FRIEND THAT WAS A FRIEND.

Don't frown—look pleasant. If you are suffering from indigestion or sour stomach, take Kodol Dyspepsia Cure. Hon. Jake Moore, of Atlanta, Ga., says: "I suffered more than 20 years with indigestion. A friend recommended Kodol. It relieved me in one day and I now enjoy better health than for many years." Kodol digests what you eat, relieves sour stomach, gas on stomach, belching, etc. Sold by E. H. Miller. 4-1
