CURES
RHEUMATISM
LUMBAGO, SCIATICA
NEURALGIA and
KIDNEY TROUBLE

"DROPS" taken internally, rids the blood of the poisonous matter and acids which are the direct causes of these diseases. Applied externally it affords almost instant relief from pain, while a permanent cure is being effected by purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. BLAND
Of Brewton, Ga., writes:
"I had been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could gather from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from 'DROPS.' I shall prescribe it in my practice for rheumatism and kindred diseases."

FREE

If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of "DROPS," and test it yourself.

"DROPS" can be used any length of time without acquiring a "drug habit," as it is entirely free of opium, cocaine, alcohol, laudanum, and other similar ingredients.

Large Size Bottle, "5-DROPS" (500 Doses) \$1.00. For Sale by Druggists.

CHARLEY RISHEBARGER.

Through the solicitation of my friends I have decided to become a candidate for the office of Assemblyman for Somerset county. My candidacy will be subject to the decision of the county primaries of the Republican party to be held Saturday, May 26, 1906. In submitting my name to the people for their consideration I desire to state that should I be nominated and elected to the office, it will be my highest aim to discharge the several duties of the said office in a way and manner which I hope will meet with the approval of all good, fair minded citizens of this Commonwealth, and especially the so-called "Frosty Sons of Thunder" of Somerset county.

Earnestly soliciting your vote and support, I am,
Yours very truly,
CHARLEY RISHEBARGER,
Addison, Somerset County, Pennsylvania.

PENNSYLVANIA has one of the finest state capitol buildings in the United States, and it is said that this state is the only one in the Union that has ever erected a building of that kind within the cost decided upon for the same, and within the time specified for its erection. Furthermore, Pennsylvania is entirely out of debt, which is a great drawback to the calamity howlers.

LAST week some of the big daily papers published under glaring head lines a half-column article concerning a litter of kittens that President Roosevelt's cat gave birth to. In a former issue of them published a society item concerning a cat party that was given by a female idiot in high society, who gave a party and requested all her fool female guests to bring their cats with them. Poor fools! How lucky they were to escape the fool-killer, and how weary some of the big dailies make a long-suffering public by giving prominence and publicity to things that are simply slobber and gush.

DOWIE, the self-styled Elijah, has come to grief at last. He is completely shorn of his power, suspended from the church he founded, and even his wife and son have turned against him. Dowie's case demonstrates how easy it is for a shrewd, designing scoundrel to found a church and get thousands of followers. His followers may all be fools, but many of them are very smart fools, and enjoy easy, and profitable positions at the expense of their dupes: The church Dowie founded is little better than its founder, but it will live and flourish, just as the Mormon church has done, and as long as time lasts there will be a big crop of fools ever eager to be imposed upon by false prophets and false teachers.

THE outcome of the great coal wage scale struggle is very satisfactory in Western Pennsylvania. In some regions the miners are striking, but throughout Western Pennsylvania in general the miners fare at work and making lots of money. The scale of 1903 has been signed pretty generally, and that insures peace and prosperity for at least two years. Over at Windber, however, the miners have been foolish enough to allow themselves to be led into a strike by a lot of worthless agitators, and they are now striking for recognition of the union. That is the most foolish kind of a strike, and the men who are not satisfied to let well enough alone, will richly deserve the defeat and loss of good wages that they are bringing upon themselves.

LOSES VACCINATION CASE. Health Department Falls in its Suit Against School Board.

The case of the State Health Department against the School Board of Jackson township, Dauphin county, ended last week when Judge George Kunkel instructed the jury that the prosecution had failed to make out a case. The School Board had instructed the teachers in the township to admit unvaccinated pupils to the schools, and the department charged the board with conspiracy.

This is indeed good news—the best kind of news. Old Doc Dixon, the tyrant who presides over the Health department of Pennsylvania, is not much to be feared after all. His threats and bellows should not be taken seriously by school directors and teachers anywhere. In most places his tyrannical orders are ignored, but some hysterical "sissies" here and there, become terribly frightened when the old fakir threatens to have all teachers and directors arrested and fined who refuse or fail to carry out his hideous vaccination edicts. However, those who ignore Dixon's orders have nothing to fear, and the present unjust vaccination law is becoming a dead letter. People are getting tired of having their rights trampled upon, their children's lives and health sacrificed to the greed of the medical profession, etc., and it is a hopeful sign for the repeal of the unjust law, when courts and juries are beginning to ignore it and show all manner of contempt for it.

DOES IT DO ANY GOOD?

What good does it do to you to eat if your stomach fails to digest the food? None. It does you harm—causes belching, sour stomach, flatulence, etc. When the stomach fails a little Kodol Dyspepsia Cure after each meal will digest what you eat and makes the stomach sweet. Kodol is a thorough digestant and will afford relief from any disorder due to imperfect digestion or mal-assimilation. Sold by E. H. Miller. 5-1

The Herald Called Down.

The Somerset Herald says the farmers scarcely know what a mortgage or a judgement looks like these days, whereas formerly Somerset county was plastered with them.

The sale of their coal lands has made Somerset county farmers rich. Instead of owing mortgages, they own them. With this prosperity heaped about on every side, The Herald opposed the building of a new court house. There was never a better time to build it and never perhaps will be. It is suspected that there was more politics than business in The Herald's opposition to the new Temple of Justice.—Connellsville Courier.

THE CARNEGIE KISS.

Southern Woman Tells of its Delights—A Pointer for Young Men.

Atlanta, April 8.—"The Carnegie kiss leaves nothing to be desired," is the verdict of Mrs. J. H. Eichberg, whose lips were saluted by the iron-master at the reception given him in Atlanta.

"The pressure of Mr. Carnegie's lips caused the most satisfying sensation I have ever experienced. The Carnegie kiss thrills, and it also soothes. There is a clinging quality about Mr. Carnegie's lips that make it perfect in an osculatory way. Mr. Carnegie may be old in years, but he is young enough in kissing ability.

"The Carnegie kiss is superior in every way to the kiss of Hobson.

"I was kissed by the Merrimac hero when he was here some years ago, but got little joy out of it. Hobson is too hasty. He just pecks at a woman's mouth and quits. That doesn't satisfy. Mr. Carnegie covers your lips with his and keeps them covered. The Hobson kiss is immature; the Carnegie kiss is mature."
