We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

We are under obligations to Messrs. S. A. C. B. Dickey has moved onto the M. J. Beachy farm, which he purchased recently from John M. Wright. Several typographical errors appeared in the advertisements of Hay's Department Store, H. C. Shaw and S. P. Young, last week. They are all corrected in this issue, but as our attention was called to them by nearly every person we met during the past few days, it is very plain that the people read the advertisements in THE STAR. 6-1

"Mistah Edgah Showaltah" and family moved to Meyersdale or that vicinity, Tuesday. "Mistah Edgah" is very absent-minded, or rather very minus-minded, and, of course, he forgot to settle what he owes at THE STAR office and numerous other places about town, before leaving. "Mistah Edgah" is a first rate man for all people to deal with on a strictly cash basis. 6-1

Living indoors so much during the winter months creates a sort of a stuffy, want-of-ozone condition in the blood and system generally. Clean up and get ready for spring. Take a few Early Risers. This is a secret intended for employing farmers and not to be told to the "hands" under any circumstances. Out at Youngstown, Ohio, a farmer noticed that one of his men was getting a "jag" with great regularity, and finally the farmer laid a scheme to learn where the liquor came from. He then learned that the farm hand had been drawing the juice from the ensilage prepared for the cattle, which is said to give the same effect as that produced by highballs, says an exchange. 6-1

A portion of Salisbury presented an appearance about like the smoke district in Pittsburgh, Monday afternoon. Coming up Ord street while we were wide awake and perfectly sober, we couldn't see more than about 100 feet. We couldn't imagine what caused all the smoke until we walked far enough to recognize the dim outlines of our old friend and college chum, John Pacer Vogel, enjoying a quiet smoke with a pipe of massive proportions filled with tobacco of the strength of Samson. 6-1

A liquid cold cure for children that is pleasant, harmless, and effective is Bee's Laxative Honey and Tar. Superior to all other cough syrups or cold remedies because it acts on the bowels. Last Thursday evening Albert Lowry was surprised by the gathering of a large number of his friends at his home on Gay street. It was a birthday surprise in honor of his 47th anniversary. Friends to the number of several dozen were present, and Mr. Lowry was the recipient of some useful presents. It is needless to say that the guests were splendidly entertained, and all departed wishing the host many more years of happiness and usefulness. It was a very pleasant affair, and was greatly enjoyed by all persons concerned. 6-1

The tar that is contained in Bee's Laxative Honey and Tar is harmless. It is not coal tar, but is obtained from the pine trees of our own native forests. Bee's Laxative Honey and Tar is the best remedy for colds because it acts on the bowels—thus expelling all colds from the system. Bee's is the original Laxative Honey and Tar, and is best for coughs, colds, croup, whooping cough, lung and bronchial affections. Sold by Elk Lick Pharmacy. 6-1

Last Thursday the editor of this paper was agreeably surprised by James Mahaffey, of Salmon, Idaho, who stepped into THE STAR office and asked for work. We didn't recognize Mr. Mahaffey at first, but felt sure that he wasn't looking for a job, for he didn't have the appearance of a tramp printer. When he asked whether we ever knew "Jim" Mahaffey, we recognized him at once as a former employe who used to work for us on the Carleton (Neb.) Times. That settled it, and to keep from getting a good "licking" if he refused, James consented to remain over Sunday. It was a source of great pleasure and much satisfaction to talk over old times and scenes in the west, and we enjoyed the visit very much. So much, in fact, that we could hardly keep the tears back when we bade our old friend and employe goodbye. Mr. Mahaffey is interested in a group of gold mines in Idaho, and he came east recently to confer with other interested persons who reside in Philadelphia. He is prospering nicely in the far west, but was much pleased with our town and state. He returns thanks to S. A. Beachy and James Maust for courtesies extended at their sugar camps, and to John Rees for showing him through Tub Mill mines. Now he knows how Elk Lick coal is mined, also how maple sugar is made. He took 50 pounds of the latter with him. Here's hoping we'll meet again, "Jimmie." 6-1

A dose of Pine-ules at bed time will usually relieve backache, before morning. These beautiful little globules are soft gelatine coated, and when moistened and placed in the mouth you can't keep from swallowing them. Pine-ules contain neither sugar nor alcohol—just gums and resins obtained from our own native pine forests, combined with other well known bladder, kidney, blood and backache remedies. Sold by Elk Lick Pharmacy. 6-1

She Had to Wait a While.
 A Philadelphia photographer tells this as having actually happened. A woman entered his studio.
 "Are you the photographer?"
 "Yes, madam."
 "Do you take children's pictures?"
 "Yes, certainly."
 "How much do you charge?"
 "Three dollars a dozen."
 "Well," said the woman sorrowfully, "I'll have to see you again. I've only got eleven."—Philadelphia Ledger. 6-1
