SABBATH SCHOOL-LESSON CHRISTIAN ENDEAVOR NOTES | FINANCE AND TRADE REVIEW

DUN'S WEEKLY SUMMARY

Lack of Material Retards Building-All Branches of Industry Show Favorable Reports.

Stringency in the money market has caused no interruption of the wholealthough tending to develop conservatism in speculative departments Whether conditions accelerate the distribution of seasonable merchandise and retail business is of large volume outside the immediate vi-

volume outside the immediate vicinity of the coal mines and a few other places where local controversies have their influence.

Building operations are only limited by the supply of labor and material, which cause frequent delays, and the heavy consumption of all commodities is shown by the highest level of quotations since February, 1884. Dun's index number on April 1, being \$106,066 against \$104,204 a month previous and \$99,206 a year ago. Since the month opened there has been a further advance.

Manufacturing plants are fully engaged, pig fron production is at the miximum, shipments of footwear from Boston exceed those of any previous year and a stronger tone is reported at the textile mills. Railway earnings for the first week of April were 8.1 per cent. larger than last year's although prices of securities have weakened somewhat in response to the highest money market at this season in many years.

Official statistics of foreign commerce for the month of March indicate that exports of farm staples were valued at \$49,750,000, an increase of \$2,250,000 as compared with the corresponding period last year when the movement was exceptionally licavy. Structural shapes and steel rails continue the permanent features of the iron and steel industry, although every department has recently broadened in interest.

Leather is also more quiet but no less firm. Failures numbered 193 in the United States against 214 last year and 20 in Canada, compared with 20 a year ago.

You may add to your life "the spirit and power" of any man whose life you know and whose character you imitate.

Solit and power of a saloon in Portland, Ore, is the sign: "Drinks of all kinds, ten cents. The best drink in the house is cold water."

Nine assistant attorney-generals have been appointed by the Governor of Kansas to assist the local prosecuting attorneys in enforcing the State liquor law.

The Pullman Palace Car Company has promulgated a rule forbidding the sale of liquor to passengers not occupying seats in buffet cars.

D. L. Arey, of Greenboro, S. C., a wealthy Salisbury distiller, was recently sentenced to pay a fine of \$22,000 and serve three months in prison for defrauding the Government.

A complete prohibition map of these United States would surprise the friends of temperance as much as its enemies.

You may add to your life "the print and power" of any man whose languid, suffer back-ache and dizzy spells, should read carefully the experience of Mrs. Laura Sullivan, Bluff and Third Sts., Marquette, Mich., who says: "I then had be never been born."

The Chinese boycott upon the trade of this country is not so serious as it has been represented. According to the Monthly Summary of Commerce and Finance the exports of the United States to China in the seven months ending with January, 1906, amounted in value to \$28,862.880, against \$23,492,948 in the corresponding period of the preceding year. There is little cause to complain of that kind of a boycott.

FOUR YEARS OF AGONY.

Whole Foot Nothing But Proud Flesh-Had to Use Crutches — "Cutioura Remedies Best on Earth."

"In the year 1896 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. At last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. In two weeks afterwards I saw a change in my limb. Then I began using Cutioura Soap and Ointment often during the day, and kept it up for seven months, when my limb was healed up just the same as if I never had trouble. It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only \$8, but the doctors' bills were more like \$600, John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

Ravages of Gypsy Moth.
The report to the Massachusetts
Legislature is rather hopeless as to
checking the ravages of the gypsy
moth, which is now extended over
2,224 square miles of that State. The
automobile is accused of being a factor in the spread of the pest, as the
moths are most prevalent around the
roadhouses where the vehicles make
stops.
