The newspaper is a law book for the indolent, a sermon for the thoughtless, a library for the poor and an admonisher for the lawless. It may stimulate the most indifferent, but it cannot be published without cost and sent free to subscribers. This is no joke.

It is only duty and justice to encourage your home paper, extend it to the nourishment to which it is entitled. Pay your subscriptions promptly, and send a few extra copies to your relatives and friends at a distance. They will appreciate the favor, and so will we.

This is just the right size town to settle down in and enjoy life. Everything for the comfort of life can be bought here, and \$10 will go as far as \$25 will in larger cities. When you want to leave the farm, come to our town, build a nice comfortable home and be among the best people in the world.

On Monday of last week the estimable wife of the late Dr. U. M. Beachley, of Meyersdale, Pa., passed peacefully away at her home in that town, aged 71 years. Mrs. Beachley was one of Somerset county's most noble women, loved and respected by all who knew her, and her death is a great loss to the community.

The gums and resins obtained from pine trees have long been recognized as highly beneficial in the treatment of backache, kidney and bladder troubles. Pine-ules is the name of a new medicine, the principle ingredients of which come from the pine forests of our own native land. Sold by Elk Lick Pharmacy. 6-1

Through the courtesy of T. Nevin Hay, of Meyersdale, the editor and wife acknowledge receipt of a neatly printed invitation to attend the First annual memorial ceremony of Meyersdale Aerie, No. 1255, Fraternal Order of Eagles, to be held in the Grand Opera House, Meyersdale, Pa., Sunday afternoon, May 8th, at 2 o'clock.

A liquid cold cure for children that is pleasant, harmless, and effective is Bee's Laxative Honey and Tar. Superior to all other cough syrups or cold remedies because it acts on the bowels. An ideal remedy for Coughs, Colds, Croup, Whooping Cough and all curable lung and bronchial affections in child or adult. Pleasant to take. Sold by Elk Lick Pharmacy. 6-1

In these days of strife between political parties, factions, etc., we must remember that after all we are just a band of brothers here on earth, traveling from the cradle to the grave. We live side by side, our children attend the same school, and after the smoke of the battle has cleared away, we will still be friends and neighbors. At best, life is short, and we get out of it a full measure of sorrow. Let us in our little city live as one big, good-natured family.

The tar that is contained in Bee's Laxative Honey and Tar is harmless. It is not coal tar, but is obtained from the pine trees of our own native forests. Bee's Laxative Honey and Tar is the best remedy for colds because it acts on the bowels—thus expelling all colds from the system. Bee's is the original Laxative Honey and Tar, and is best for coughs, colds, croup, whooping cough, lung and bronchial affections. Sold by Elk Lick Pharmacy. 6-1

The "Twinkler" is very late in making its appearance, this week, owing to the late hour of receiving copy for the Mercantile Appraisal list, which advertisement appears in this issue. By glancing over the list and comparing it with the Mercantile Appraisal list of 1898, we find that Somerset county has today more than twice as many business firms as it had then. That fact alone gives one an idea of the great increase in population and business in this county during the past few years.

A dose of Pine-ules at bed time will usually relieve backache, before morning. These beautiful little globules are soft gelatine coated, and when moistened and placed in the mouth you can't keep from swallowing them. Pine-ules contain neither sugar nor alcohol—just gums and resins obtained from our own native pine forests, combined with other well known bladder, kidney, blood and backache remedies. Sold by Elk Lick Pharmacy. 6-1

Letter from Henry Fresh.
Henry Fresh and family, formerly of Salisbury, are now located in Lancaster, Pa. They have many friends in Salisbury who will be interested in knowing that Mr. Fresh is the inventor of a street car brake that promises to put him on "Easy street," and right here we want to say that good fortune couldn't come to a more worthy man. Under date of April 27th, Mr. Fresh writes to the editor of this paper as follows:

DEAR SIR:—I have neglected from time to time to give you our new address for THE STAR. We have missed it very much since we have not been getting it, especially Mrs. Fresh, as she has always been very much interested in the Salisbury news.

I will say in conclusion, that the brake business is coming along nicely and has the promise of being a very good and profitable business. We are building a plant with all individual motor drive machinery, and installing a direct connected engine and generator, to furnish power and light for the plant. It will be a modern plant in every detail, and will have a large output for a small plant, which is economy of production.
Whenever you get down in God's country, drop in to see us, for we have a combination on our door that any friend can open. Yours very truly,
HENRY FRESH.

Wabash Railroad Movement.

The Wabash railroad movement in Somerset county is neither dead nor sleeping. They made quite a "find" in the vicinity of Wellersburg, in the southeastern part of the county, a week ago. They began to take up rights of way, D. J. Williams, one of the Wabash agents, secured rights of way through the Glosson, Berkey, Taylor, Geary, Fairweather, Ludue, Witt, Monaghan, Emerick, Cope, Kimberly, Pratt, Brooks, Trimble and Philip Engle farms.

There is to be a relocation of the line, 87 feet higher than the original location from a point below Frostburg to Cumberland.
Mr. Williams reports that with one or two exceptions all the rights of way have been secured from Meyersdale to the Maryland line, and that the remaining ones will be secured this week. Still further advice as to the effect that the new Pittsburg, Westmoreland & Somerset railroad belongs to the Wabash people, and that it will be extended from here to Meyersdale, where it will connect with the main line.—Somerset Democrat.

ON THE SIDE.

Coal Man Went to Heaven—No Cars, No Cars, No Cars!

A certain railroad official in this city received the following poem from a coal operator, the other day, no doubt due to that gentleman's suffering for the "Eternal Question" to the coal operators—coal cars:

A coal man went to heaven one day,
As coal men seldom do,
And they gave him a job at princely pay,
Of running a coal train through
From the Kingdom of Hell, with instructions to haul

All the railroad men he could recall;
But they gave him, oh, joy, no cars!

So a message was sent to the realms of hell
For the railroad men to be
On the watch for the train, and he rang the bell

With a chuckle of fiendish glee.
And the men lined up as they withdrew
In pain

On the fiery brimstone bars,
But when the coal man showed up
with his train,
By heavens, he had no cars!

Still back and forth with never a load
The coal man had to go.
It's reported now that "remarkable road"

Is leased to the B. & O.
And still it runs to the pearly gates
verge,
Down to the fiery bars,
Where those railroad officials are chanting their dirge

No Cars—No Cars—No Cars!
And so through the endless cycle of years
The railroad men line up,
With hope dispelled, with groans and tears,
As they drain their bitter cup.

While the coal man runs his train on time
From Gates of Pearl to the Fiery Bars,
And the railroad men in anguish chime:
No Cars—By Heavens—No Cars!
