Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Instead of being removed from the body daily as nature intended. Keep the bowels open with Ayer's Pills, liver pills. All vegetable.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of HAIR VIGOR, AGUE CURE, CHERRY PECTORAL.

There are now 47 prisoners in the Somerset jail; but if all the people were in that jail that ought to be there, the sheriff would have to pack them in like sardines in a box, and then there wouldn't be room enough for all who deserve to be there.

Luke Prynne and his little niece, Miss Myrtle James, started for New York, Monday evening, where they expected to take ship for England, yesterday. They will remain in England for an indefinite period, but expect to return to America again, we understand.

Singleton Kimmel, a well-known veteran of the Civil War, died at his home in New Lexington, this county, April 23d, 1906. During the war he served in Co. H, 142 Pa. Vol. Infantry, and also in the 6th Regt. Pa. Heavy Artillery. He is survived by a wife, three sons and three daughters.

May 9th and 10th, 1906, will long be remembered as two days when the ground was white with snow here "amongst the hills o' Somerset," and apple trees in bloom at the same time. It is now in order for some poet to arise and write a poem entitled, "When the Snow is on the Apple Bloom."

The gums and resins obtained from pine trees have long been recognized as highly beneficial in the treatment of backache, kidney and bladder troubles. Pine-ules is the name of a new medicine, the principle ingredients of which come from the pine forests of our own native land. Sold by Elk Lick Pharmacy. 6-1

The following conversation was overheard in one of our families a few nights ago. "Willie," said the little sister, "I prayed for you last night." "What did you say," asked Willie. "I said, O Lord, take pity on Willie, he's such a d—n little devil!" replied the little girl, solemnly. Lanark (Ill.) Gazette.

Mrs. Mary McKittrick, aged 108 years, the oldest woman in western Pennsylvania, committed suicide by cutting her throat with a penknife at the home of her son in Uniontown, Monday last week. She frequently expressed a wish that God would take her, saying that in her helpless condition she was a burden to herself and others.

One day recently a big, overgrown youth out in the Durst corner, near the Maryland line, went to Charles Durst's place and cut the tail off of a heifer. Of course the young fellow "just did it for fun," but it was most cruel and dangerous fun, and he ought to be sent to the Huntingdon Reformatory, where they teach such fellows a better code of morals.

A liquid cold cure for children that is pleasant, harmless, and effective is Bee's Laxative Honey and Tar. Superior to all other cough syrups or cold remedies because it acts on the bowels. An ideal remedy for Coughs, Colds, Croup, Whooping Cough and all curable lung and bronchial affections in child or adult. Pleasant to take. Sold by Elk Lick Pharmacy. 6-1

A western farmer claims that he is now operating a cement block machine which enables him to make tile at a cost of two cents each for the small tile. It's coming—the time when the farmer will make his own tile, tanks, barn floors, fence posts and lots of other things, and do it for less than he pays for the perishable things which he now buys and uses.

The community wastes little sympathy on those who are robbed by strange peddlers. A safe rule is to go to a legitimate dealer when you want to buy something. He is a permanent resident, and it is to his interest to give you the worth of your money. The peddler is here today and gone tomorrow. It is to his interest to rob you, and he generally does it.

Samuel R. Fike, an aged and respected citizen of Summit township, died very suddenly of heart disease, last Saturday evening. Deceased was aged 74 years. He is survived by his wife and two sons. He was twice married. The surviving wife is a daughter of Elias Peck, of Richardson county, Neb., but who lived in Elk Lick township before emigrating to the west, about 33 years ago.

The Quamaboning Sentinel, the latest publication born in the journalistic field of Somerset county, has reached our exchange table. It is a neat 8-column quarto, well filled with advertising matter and interesting news. The new paper is published at Boswell, by Chas. F. Overacker, founder of the late Rockwood Gazette. Boswell needs a newspaper, and we wish the Sentinel a successful career.

Walter Easton came home on Tuesday from Quebec, Canada, in which vicinity he was recently doing business for a New York Drill company in whose employ he has been for the past few years. He had been down in South Carolina, but was sent to Canada later, and next week he will go to Duluth, Minn. Some people blame Walter for bringing the cold wave with him from Canada that has been making us shiver this week.

N. E. Berkey, candidate for State Senator, was in town yesterday looking after his political interests. If Norman is elected he will make a good representative, as he is a young man of fine ability, energetic and honorable. When he was Frothington's agent in this county he made an enviable record in that office for efficiency and for the uniform courtesy and accommodation extended to all who had business to transact there.

The tar that is contained in Bee's Laxative Honey and Tar is harmless. It is not coal tar, but is obtained from the pine trees of our own native forests. Bee's Laxative Honey and Tar is the best remedy for colds because it acts on the bowels—thus expelling all colds from the system. Bee's is the original Laxative Honey and Tar, and is best for coughs, colds, croup, whooping cough, lung and bronchial affections. Sold by Elk Lick Pharmacy. 6-1

The wife of Col. Robt. P. Cummins, of Somerset, died at her home in that town on Friday, April 27th, 1906. She was aged 78 years, 9 months and 25 days, and is survived by three sons and two daughters. Her husband was killed in the battle of Gettysburg, July 2nd, 1863, while gallantly leading a charge across that historic field. Col. Cummins was colonel of the 142 Regt. Pa. Vols. at the time of his death, and when the Civil War broke out he was the Sheriff of this county.

In order for farmers to receive remuneration for sheep killed by dogs, according to the latest law governing that subject, they must qualify before a magistrate, justice of the peace or alderman that they made an effort to discover whose dogs were responsible for the mischief, and that the carcasses of the sheep were buried within twenty-four hours of the time the audit of the damage was made. It is provided, however, that owners of sheep killed by dogs shall be paid 50 cents for burying each sheep so killed.

A dose of Pine-ules at bed time will usually relieve backache, before morning. These beautiful little globules are soft gelatine coated, and when moistened and placed in the mouth you can't keep from swallowing them. Pine-ules contain neither sugar nor alcohol, just gums and resins obtained from our own native pine forests, combined with other well known bladder, kidney, blood and backache remedies. Sold by Elk Lick Pharmacy. 6-1

The Pennwood Coal Company, recently granted a charter, has taken possession of 1,300 acres of coal lands in Black township, recently purchased by the said corporation. The land lies near Rockwood, and they soon expect to have an output of 1,500 tons each day. The line lies beside the main line of the B. & O., as well as that of the Somerset & Cambria branch. The officers of the company all reside in New York, while the manager, J. V. McKenna, has his home in Cumberland, Md., and is preparing to locate on the new field, says the Somerset Democrat.

Mr. John J. Keim brought a bunch of alfalfa clover to THE STAR office today that was sent to him from Kansas, by his son Harvey, to show his eastern friends the rapid growth of that kind of clover in the Sunflower state. Although it is yet very early in the season, the alfalfa was 18 inches tall over where the sample was plucked. Kansas farmers mow their alfalfa fields three times in a season, and California farmers raise five crops of it in a season. Several farmers in this locality have tried alfalfa culture, but not with much success. It requires a deep, loose soil, where the roots can grow to a length of several feet.

The J. L. Tempest Dramatic Co., now filling a week's engagement in Hay's opera house, is drawing good audiences. The company is composed of very nice people and most excellent actors. So far they have played "A Wife's Devotion," "Queen of the Harem" and "East Lynne." Each production was very good, and when the latter was rendered, last night, the house was so crowded that some people had to stand. The play tonight will be "The Vagabond's Wife." Interesting plays will also be rendered Friday and Saturday evenings, and a fine matinee will be given at 2 o'clock on Monday afternoon. Secure your seats early, for the house will be crowded.

Last Saturday evening Chas. Cochran, Jr., and W. N. Lenhart got into an altercation. Lenhart struck Cochran on the head with a beer bottle, inflicting an ugly scalp wound, and almost knocking Cochran senseless. Lenhart then took to his heels, but Cochran recovered from the shock of the blow in time to catch his assailant and give him a thorough manning. Both were arrested and put in the cooler, but were liberated before morning, and on Tuesday evening they appeared before Hoyer Collar Stephen, our Burgess, who fined them something like \$8.50 apiece. Lenhart will be very lucky if he escapes arrest for assault and battery with intent to kill, as in law beer bottles, stones, clubs, brass knuckles, etc., are all classed as deadly weapons, and many a man has been shot by persons sledged with such things, and a large number have been sent to penitentiary for resorting to such cowardly methods of fighting. No one can blame Cochran for defending himself.

DEATH FROM APPENDICITIS decreased in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ill growing out of it. Strength and vigor always follow their use. Guaranteed by E. H. Miller, Druggist. 25c. Try them. 6-1

Leased Highland Inn. John B. Schlosser, of Pittsburg, has leased the Highland Inn at Somerset, and has already opened it for the comfort and convenience of guests. He was formerly caterer at the Duquesne Club, and is well known by Pittsburg people, a large number of whom he hopes to entertain this summer, says the Connellsville Courier.

Strenuous Jenner. John Speicher and Noah Johnson, two old sports out near Glessner, worked up a wrestling match last Saturday, the stakes which were their watches, and the best two out of three falls taking the wager. John won the first round and Noah the second. The third was a bad one, for John fell and broke his right leg just above the ankle. Dr. R. O. Crist, of Boswell, being present, set the fracture, and Mr. Speicher is getting on reasonably well. Both men are above fifty years of age. Noah claimed the stakes.—Q. Sentinel.

FORTUNATE MISSOURIANS. "When I was a druggist, at Livonia, Mo., writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by E. H. Miller, druggist. 50c. and \$1. Trial bottle free. 6-1

Bad "Nigger" Shoots Rockwood Policeman. Edward Spangler, the Rockwood policeman, is at the Connellsville hospital suffering from a dangerous wound in the right shoulder. Monday morning a B. & O. brakeman complained to the Rockwood authorities that two negroes had boarded a freight train at Hyndman, and when the members of the crew attempted to put them off, they opened fire with a revolver. When Spangler attempted to arrest the "coons," one of them fired on him with a revolver with the result above mentioned. Although several reports have been circulated, they are still at large. Reports from the hospital are encouraging, and the wounded officer will recover.—Somerset Democrat.

Be Loyal to Your Own Town. The inordinate love of the dollar too often makes men unpatriotic and disloyal to the town and community in which they live. To save a little they will send away from home for supplies, refuse a dollar toward public improvements in their own town, belittle and degrade home enterprise, and yet be the first to advance the price of their property as a result of the patient, self-sacrificing work of others. Loyalty to your own town is just as commendable a type of patriotism as one can find, and no matter how much your patriotism boils over on the Fourth of July or a general day, if you are disloyal to little things to your own town, you are a poor citizen of the republic, you are like him who makes long prayers in the church, and jabs his wife and neglects his children at home.

And all this applies with as much force to the merchant who sends to another town for his printed matter as it does to the people who send their money to the city department store for goods they could and should buy at home.

All kinds of Legal and Commercial Blanks, Judgment Notes, etc., for sale at THE STAR office.
