

## We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Unless there is daily action of the liver, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Actively, all vegetables. The dose is only one pill at bedtime.

The gums and resins obtained from pine trees have long been recognized as highly beneficial in the treatment of backache, kidney and bladder troubles. He is a good fellow, and we hope he will succeed in finding work here.

The tar that is contained in Bee's Laxative Honey and Tar is harmless. It is not coal tar, but is obtained from the pine trees of our own native forests. Bee's Laxative Honey and Tar is the best remedy for colds because it acts on the bowels—thus expelling all colds from the system. Bee's is the original Laxative Honey and Tar, and is best for coughs, colds, croup, whooping cough, lung and bronchial affections. Sold by Elk Lick Pharmacy. 6-1

Mr. E. D. Miller, who has been mentioned in these columns as a candidate for representative in Congress from this district, was in town Monday greeting his old friends and making many new ones. Mr. Miller is proving a most formidable candidate, and everything looks most promising for his hearty endorsement by the Republican primaries May 28.—Quemahoning Sentinel.

This is the last week of the Republican primary campaign, and THE STAR is heartily glad of it. The candidates drew liberally on our space during the past few weeks to advertise their candidacy, but next week we can once more drop politics and devote more space to local and general news, and restore some valuable features of the "twinkle" that we had to abandon during the campaign.

A dose of Pine-ules at bed time will usually relieve backache, before morning. These beautiful little pills are coated with a soft, gelatine coating, and when moistened and placed in the mouth you can't keep from swallowing them. Pine-ules contain neither sugar nor alcohol—just gums and resins obtained from our own native pine forests, combined with other well known bladder, kidney, blood and backache remedies. Sold by Elk Lick Pharmacy. 6-1

A water plant will be one of Stoyestown's improvements, this summer, and the company putting it in recently struck a strong vein of water, in drilling at a point about 150 feet above the center of the town. The company and the town are both in great luck. Now, let Salisbury get a move on and put in a water plant. Old Meadow Mountain is so full of water that it is almost a mountain of water. There is little doubt that a well drilled almost anywhere on top of Meadow Mountain would bring forth a stream of water large enough to water a town twice as big as Salisbury.

A GOOD COMPLEXION.  
A good complexion is impossible with the stomach out of order. If pasty, sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexions. KODOL FOR DYSPEPSIA will digest what you eat and put your stomach back in right shape to do its own work. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc. Sold by E. H. Miller. 6-1

Another Pipe Line Heading This Way.  
Rights of way are being bought through this locality for another pipe line. It isn't the Standard Oil Co., this time, but a company known as the Superior Oil Company, we are informed. The new line will parallel the Standard line, and when the time comes for the trenching and laying of pipe, it will bring much activity and money into Salisbury and vicinity.

Kendalls Acquire Big Timber Tract in Garrett County, Md.

The Mackie Lumber Co., incorporated, of Piedmont, W. Va., recently closed a sale to the Kendall Lumber Co., of Pittsburg, Pa., now the largest operators in Garrett county, of the timber rights only to 800 acres of land situated on "Yough" river, about seven miles from Oakland, between Oakland and Kendall, in Garrett county, for \$10,000. The Mackie Lumber Co., reserved the surface rights, as well as the mineral rights to this land, which is underlaid with three veins of excellent coal. There is no doubt that a railroad will be constructed in the near future up "Yough" river to connect with the Baltimore & Ohio railroad at Oakland, Md. This land was formerly the property of Taylor and John Sine, and is covered with excellent timber, mostly hardwood, and the Kendall railroad, a narrow gauge branch of the Confluence & Oakland, extends nearly to the tract.

POSTMASTER ROBBED.  
G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At E. H. Miller's drug store, 50 cents. 6-1

**Of Importance to Fruit Growers.**  
Prof. H. A. Surface, State Economic Zoologist, in referring to the probable appearance of the seventeen-year locust in Pennsylvania, this year, says they will be particularly destructive to young trees. He further says: As prevention in this case is very much better than remedy, it is best not to trim trees until after the locusts deposit their eggs in June, and prospective planters should refrain from planting trees, this spring, on soil where trees or bushes were adjoining seventeen years ago, or which growing land that is now in forest, or was covered with woodland in 1888. Choice trees or shrubs should be covered with netting to prevent injury by the female locust.

**Another Big Lumber Deal.**  
This seems to be the age of big lumber deals. Several of our exchanges give the following as one of the recent big deals:  
The Anderson Lumber Company, which has been operating a large tract of timber land in Black Elk Lick and Addison townships, last week secured an additional six thousand acres adjoining the Somerset county tract and extending into Garrett county, Maryland.  
The principal stockholders of this company are W. B. Dibert of Johnstown, H. T. Newell of Pittsburg, James B. Anderson of Somerset. The company has a five-year contract with the Westinghouse Company, of Pittsburgh, to furnish 25,000 feet of lumber daily, and it has been operating a large mill at Pinkerton for more than a year. They expect to peel one thousand cords of bark next summer.  
The new tract acquired by this company consists of hemlock, pine and oak, and work in cutting it will start immediately. It has been decided to operate four mills, and employment will be given to a large force of men.

**A BAD BURN.**  
For a painful burn there is nothing like DeWitt's Witch Hazel Salve. There are a host of imitations of DeWitt's Witch Hazel Salve on the market—see that you get the genuine. Ask for DeWitt's. Good, too, for sunburn, cuts, bruises, and especially recommended for piles. The name E. C. DeWitt & Co., Chicago, is on every box. Sold by E. H. Miller. 6-1

**The Innocent Bystander.**  
When a riot is suppressed by officers of the peace using any extreme measures the resistance of rioters makes necessary, complaint is always heard that some "innocent bystander" has been shot. At a riot there are no "innocent bystanders" in the eye of the law. This is the declaration of the courts of this State, made more than sixty years ago. Said the Supreme Court at a point where a riot had endangered the peace of the Commonwealth:  
"In case of a riot, all who are present and not actively engaged in its suppression are, in contemplation of law, participants; passive conduct may be construed as an acquiescence in the offense, if not an approbation of it and a presumption of guilt may be drawn if not explained by other circumstances."

**A LAZY LIVER.**  
A torpid, inactive liver can produce more bodily ills than almost any thing else. It is good to clean the system by taking a dose of DeWitt's Little Early Liver. The best results are derived from the use of DeWitt's Little Early Liver. Reliable, effective, pleasant pills with a reputation. Never gripe. Sold by E. H. Miller. 6-1

**MEMORIAL DAY DESECRATION.**  
It is sad, but true, that Memorial day has lost its significance in most of the towns and villages of our great country. The G. A. R. is protesting, and justly, too, against the way Memorial day is observed in most places. In an able article on this subject, the Detroit News gets off the following, which should set people to thinking and cause them to govern themselves accordingly on Memorial day:  
"May not the heroes, battle-slain; or from their wounds of service, dead; or, none, long as they lie in the Detroit met in ghostly campfire on the other side and delegated some to visit earth, and in the silent midnight watches, say:  
"Old comrades, do it not again! For sake of blood we shed, and wounds we bore, and legs we left on fields of strife, for harmless sleeves we wore on earth in after years; yea, for the sake of God and native land, or land of our adoption, forbear the celebration! Memorial day! What is it now? A day of games, cockfights and ball; of booze and brawl and Bacchanalian mirth; a day when we are most forgot by those who most should have us in their thought—the generation born and blest since we fought and died—and died for them."  
"In God's name let us rest!  
"Let living comrades, with sweet flowers, lime to our graves and strew us o'er, and drop a tear. Brave boys were they—soon to join us! Ah, grizzled heroes—see how they grow old!  
"But make no gaudy day of loud display; of speeches grand, and blare of brass, with martial, aids, flags and a long procession."  
"Not Cicero, Demosthenes; not William Pitt nor Henry Clay; not 'Hank' nor William Alden Smith; nor Hamilton, nor Townsend; not Gardner nor even Lord, could tell our merits to the crowd, ere half—nay, full three-fourths of our race to rebel grand or bleachers stand to note the game and yell 'good eye' or otherwise to view or referee a fist fight, dog fight or a fowl dispute. Mock not our shades with crowds who care not why we fought, or how, when we died.  
"A flower, a tear from comrades dear who knew us best; then let us rest!"

**DRESS SHIRTS!**—The finest line that ever came to town, at Hay's Department Store. Prices, 50c., 75c. and \$1.00. 6-1

### Barehus & Livengood.

### Fine Testimonial from Boswell for Hon. E. D. Miller.

The Sentinel hails with delight the opportunity to support a man of excellent ability, high character and ample experience in the position, to which the people of the county, appreciating his past excellent services and superior qualifications, are plainly calling him, and this notwithstanding the fact that he is not a resident of the County-seat nor a ring politician. We are aware that much pressure was brought to bear upon Mr. E. D. Miller by the plain people who knew him before he gave consent to become a candidate for the Republican nomination for representative in Congress from this district, and he acquiesced in the election when he realized that it was earnest, almost imperative.  
As we already understand, a public office is not a private snap, but is a public trust not to be doled out to politicians and ambitious upstarts who may think they have hereditary claims upon it, but ought to find an all-around man best qualified to perform the duties and serve the public. Why then should we retire a good and faithful servant, that another, untried, shall have an opportunity to draw the salary and share the honors only?  
These may not be times that try men's souls, as was spoken in the crises of desperate, bloody war, but surely these are times when the consciences of men are being aroused to a sense of the necessity of electing honest, capable men to office, and especially to great legislative positions, when mightly reformatory work is planned and executed, if we are long to preserve our National honor and existence. In Mr. Ephraim D. Miller, of Rockwood, we find this ideal of a candidate, and we shall make no mistake when we cast our votes for him for representative in Congress at the Republican primaries on May 28, 1906.—Quemahoning Sentinel.

### THE LINCOLN PARTY.

The ambition of the Lincoln party, composed of a coterie of would-be bosses posing as reformers, to nominate as their candidate Judge John Stewart and compel the regular organization to accept him in order to avoid a split in the party and the possibility of defeat, has come to grief by reason of the refusal of Judge Stewart to play the part of the stalking horse.  
Now there is talk of fusion between the Lincolnites and the Democrats. The cloven foot is revealed. The avowal of the Lincoln party seems to be anything to beat the Republican party. Colonel Guffey has declared against any fusion that does not include a Democrat at the head of the ticket. Will the Lincoln party leaders enter into a Democratic coalition on such terms?  
If they do, they will be politically damned, now and forever, says the Conellsville Courier, and every word of it is true.

### A MOUNTAIN OF GOLD

### BYRDON RESIGNS.

Supt. Brydon of Somerset and Consolidation Coal Companies Accepts Position with the Davis Coal and Coke Co.  
Mr. J. C. Brydon the popular and efficient general superintendent of the Somerset and Consolidation Coal companies, has resigned his position to accept the position of general manager of the Davis Coal and Coke Co. of West Virginia, and expects to take charge of his new position about July 1st, next. His headquarters will be at Cumberland, Md.  
Mr. Brydon is one of the shrewdest, most energetic and honorable men we ever knew, and it is with much regret that those associated with him in the coal fields of Somerset county will bid him adieu.  
Mr. F. R. Lyon is prominently mentioned as Mr. Brydon's successor with the Somerset Coal Co. for he, too, is a man of signal ability in mining matters, and furthermore, is a gentleman of great popularity. Mr. Lyon is at present assistant general superintendent of the Somerset Coal company.
