A son of Editor Bishop, of the Meyersdale Republican, is this week the guest of Wm. and James McClure. These young men are all students of Pennsylvania College, Gettysburg.

Last Friday evening twenty couples of Salisbury young people went to Grantsville, Md., where they had a swell private dance and a mammoth and superb supper at Dorsey's hotel.

The old time method of purging the system with Cathartics that tear, gripe, grind and break down the walls of the stomach and intestines is superseded by Dade's Little Liver Pills. They cleanse the liver, and instead of weakening, build up and strengthen the whole system. Relieve headache, biliousness, constipation, etc. Sold by Elk Lick Pharmacy. 9-1

We are under obligations to the Mountain Lake Park Association, of Garrett county, Md., for a season ticket that will admit us to any and all of the attractions at that noted summer resort during the season of 1906.

Albert Robinson went to Scotland, Pa., this week, to attend the commencement exercises at the Soldiers' Orphan's School at that place. Albert is a graduate of that school himself. He will return home on Saturday.

Mrs. Musser, a daughter of Mrs. J. D. Livengood, arrived in town last Saturday, accompanied by her husband, for a visit with her mother. On Sunday Mrs. Livengood accompanied Mr. and Mrs. Musser to their home, in or near Berlin.

Wm. K. Haselbarth's furniture sale was pretty well attended, Tuesday, but there was too much "in-bidding" for the good of a sale of that kind. What is commonly called "in-bidding" is invariably a hurt to a sale, and in the end it never pays.

Dr. E. H. Perry reports that there is an epidemic of diphtheria in what is known as the Ringer corner, up on Negro Mountain. There are from twelve to twenty cases there now, and one death is reported. The outbreak is of a rather malignant type.

John and Wm. Lichter were among the baseball enthusiasts who went to Berlin, yesterday, to see the Berlin team trounce the Somerset nine. They stopped at Hotel Fair, and report that Landlord John Fair is running a good hotel and doing lots of business.

The hay crop will be fair in this locality, this year, wheat extra good, oats poor, and apples very plentiful. Cherries and plums will be about a half crop, peaches will yield well, raspberries and blackberries very abundant, and the strawberry crop, which is now about harvested, was very good. Corn and potatoes promise to yield well.

John Hawn came down from Negro Mountain, several days ago, and he reported having caught three bushels of trout in one day, recently, just to show a party of Pittsburg anglers how to catch trout. He reported groundhogs rather scarce in his locality this year, but said there are still a few about, having counted 313 in one clover field, at one time, a few days ago.

Every form of distressing ailment known as Piles originates internally. The real causes of the trouble is in side. If you are suffering with piles you owe yourself the duty of trying Manzan. Sold by Elk Lick Pharmacy. 9-1

On Tuesday afternoon and evening Mr. and Mrs. D. Compton entertained all of Mrs. Compton's brothers and sisters, the children of the late John Stotler. Most of the wives, husbands and children of the Stotler family were also present, and the occasion will long be remembered by all present as a very pleasant affair. A fine supper was not the least portion of the enjoyment.

There is a dispute over the origin and destiny of two kegs of beer that arrived here one day early this week. One man says one keg was Lowndes, one Pearre. Each, however, fell into the other hands. Of 23 men in one case, 4 had to go and see a doctor, and of 32 in the other, the doctor had to go and see 5. It is very clear that what is one man's nectar is another man's naphtha. —Frostburg Journal.

You can see the poison Pine-ules clear out of the kidneys and bladder. A single dose at bedtime will show you more poison upon rising the next morning than can be expelled from the system in any other way. Simon Wagner, of Confluence, died of cancer of the stomach, Monday morning last, after suffering long and intensely with that dreadful malady. He was aged about 50 years, and is survived by a wife and a number of children. The funeral took place at Confluence, Tuesday afternoon, and was attended by a number of the relatives of the deceased who reside in this vicinity. Deceased was a brother of our fellow townsman, Mr. Dennis Wagner.

Harry Bepler was visited by his mother, several days during the past week. Mrs. Bepler resides in Allegheny, Pa. The editor was much pleased to meet and have a talk with Mrs. Bepler concerning the good old days of bygone years, when the parents of both resided in Grantsville, Md., and were next-door neighbors. Mrs. Bepler was formerly Miss Lydia Chapman, a daughter of Mr. and Mrs. Wm. Chapman, now deceased, but who resided in Grantsville for many years.

A hundred years ago the best physician would give you a medicine for your heart without stopping to consider what effect it might have on the liver. Even to this good day cough and cold medicines invariably bind the bowels. This is wrong. Bee's Laxative Cough Syrup with Honey and Tar acts on the bowels—drives out the cold—clears the head, relieves all coughs, cleanses and strengthens the mucous membranes of the throat, chest, lungs and bronchial tubes. Sold by Elk Lick Pharmacy. 9-1

An editor who attended church once has the following to say: "The sermon was a very good sermon, as sermons go. We enjoyed the singing and stood up with the brethren and sisters while they sang the good old hymn, 'Shall We Know Each Other There.' While the hymn was being sung, we looked about us and counted a dozen members of the congregation and of the church who do not speak to each other when they meet on the street, or elsewhere. The thought occurred to us, why should they know each other there when they seemingly do not know each other here?"

Mrs. E. E. Shaffer and a friend of her's, Mrs. Meyers, both of Pittsburg, arrived in Salisbury last week for a visit with friends. The two ladies were both welcome callers at THE STAR office, Tuesday morning, and Mrs. Shaffer added her name to THE STAR'S subscription list. Mrs. Shaffer is the youngest daughter of the late Mr. and Mrs. Arthur McKinley, and some 20 years ago resided here with her first husband, Elijah Fuller, deceased. She is one of the editor's old schoolmates, and we know that her husband will not feel offended when we say that she is getting better looking as she grows older.

That snakes are capable of continued existence without food has been clearly demonstrated by Emil Meurer, of South Franklin street, a snake fancier of more than local reputation. He has a black snapper rattlesnake bearing a dozen rattles, that has been in captivity 387 days. In that time it has never tasted food. He drinks plenty of water, but his appetite is apparently an unknown quantity. Food is frequently placed before him, but he disdain all such delicacies as frogs, mice and meat. A few days ago he gave evidence of his perfect health by shedding his skin, and how is a handsome specimen of his kind.—Titusville Herald.

Sh-h-h? The bass season opened Friday. To practically every man there comes a time when he feels that he must go fishing. It may come to a woman, too, but her horror of angle-worms and her inability to bait a hook have impelled her to keep her yearnings sub rosa. These moments come often to some men. They used to steal upon President Cleveland, and under their spell he would drop the rod of empire and seize the jointed one of bamboo. Problems of state were forgotten while Grover fished, and a nation searched the morning papers to learn what his luck had been the day before. The bass season extends from June 15 to January 1. Six days a week, and there are hints of Sunday editions. Lewistown disciples of Izaak Walton will be found at the end of a fish pole, waiting for that electrifying tug at the bait.—Lewistown Gazette.

AN ALARMING SITUATION frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by E. H. Miller, druggist. Price 25c. 7-1

Interesting West Virginia Letter. In remitting for THE STAR under date of June 18th, our friend Geo. S. Boucher, who is now located at Boyer, W. Va., writes as follows:

"This finds us comfortably located, and enjoying the pure air of Pocahontas county, West Virginia. This is certainly the place for those who wish to follow the lumber business. The town of Boyer is forty-eight miles below Elkins, on the Greenbrier river. This forty-eight miles has a sawmill for every mile. A great many of these are strictly up-to-date Band mills. One double Band mill just below us made a cut of 212,000 feet in eleven hours, a speed which only those interested in sawmills can appreciate. Three-fourths of these operations are owned by Pennsylvania lumbermen.

This country is just being opened up, the Greenbrier division of the C. & O. having been completed just four years. We are deprived of a great many of the luxuries we used to enjoy in Somerset county, yet the buzz of the saw has a particular attraction for us. There are abundance of fish in the streams, and plenty of game in the woods, which furnish plenty of sport for those who enjoy it."

DEATH FROM LOCKJAW never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaerville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures Cuts, Wounds, Burns and Sores. 25c. at E. H. Miller's drug store. 7-1
