A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

Thomas Eckerd, Jr., enlisted in "Uncle Sam's" cavalry service, last week. We believe the army is the best thing "Tom" could have gotten into, and we trust that he will make a good soldier, serving with credit to himself and to his country.

Someone let off the water in the large pond south of town, usually referred to as the Kantner dam, last week, when hundreds of fish—mostly catfish, suckers and carp—were taken without the aid of hook and line. The fishing was done at night.—Somerset Standard.

It is said that the best way to preserve apples in winter is to wrap them in newspapers so as to exclude the air. The exception is made, however, that the newspapers must be those on which the subscription has been paid, else the dampness resulting from what is "dew" may result in spoiling the fruit.

A drop of lemon in a cup of drinking water, it is said, will kill any disease germ. This is a simple remedy that all should heed, especially as the season for typhoid fever approaches. The disease is only communicable by eating or drinking the germs, and never by exposure to an infected patient, says an exchange.

Mrs. Noah Broadwater, of Grantsville, Md., died very suddenly at her home, Tuesday evening of last week, of paralysis. Her age was about 47 years.

Miss Sadie Smith, one of Salisbury's best educated young ladies, has been employed as one of the teachers in the Meyersdale schools for the coming term. Her salary will be \$80 per month. Miss Smith is a graduate of the State Normal at California, Pa. Genuine ability and thorough qualifications for teaching are much more appreciated in some towns than in Salisbury.

We are glad to note, however, that the operation was very successful, and Ellet is building up rapidly.

Look at the condition of the workman to-day! Where is he? The tinner is continually going up the spout; the plumbers are always in the gutter; the paper-hangers are up against the wall; bakers are compelled to raise the dough; the policeman has to be on the beat; the clock-makers run on tick, and are never on time; the wash-woman is always in the soak, and she is the only one you see hanging out on the line.—Ex.

Wm. H. Speicher, better known as "Risph" among the people of Somerset and Cambria counties, was a caller at THE STAR office, Tuesday morning. Speicher is a newspaper writer of fine ability, and writes much for the Johnstown papers, also for other papers. At present he is painting advertising signs on fences, barns, rocks, etc. At times he also "paints" a whole town, in the most lurid of red shades, and his mania in that direction is all that keeps poor "Bill" from soaring very high as a writer of humorous and other interesting matter.

A hundred years ago the best physician would give you a medicine for your heart without stopping to consider what effect it might have on the liver. Even to this good day cough and cold medicines invariably bind the bowels. This is wrong. Bee's Laxative Cough Syrup with Honey and Tar acts on the bowels—drives out the cold—clears the head, relieves all coughs, cleanses and strengthens the mucous membranes of the throat, chest, lungs and bronchial tubes. Sold by Elk Lick Pharmacy. 9-1

Christian Lee, one of the best known Amish residents of Elk Lick township, died on Monday morning last, after a long and painful illness. A post mortem examination of his body was made by Drs. Perry and Lichty, of Salisbury, and it was found that the deceased had a dreadful case of cancer of the stomach and liver. Mr. Lee was one of Elk Lick township's most respected citizens, and also one of the most progressive

farmers in this vicinity. He was aged nearly 45 years, and is survived by a wife and six or seven children. The funeral service was held at the Amish church, near Grantsville, Md., Tuesday afternoon, and was attended by a large concourse of people.

The old, original Fiddler George Walker, who is in a class by himself when it comes to sawing off all the good old-time violin selections in the most pleasing and graceful style, has been furnishing some very choice music about town during the past few weeks. He always draws listeners from all directions, and yesterday morning he and jolly old Griff Thomas did some lively stunts in Jer. J. Livengood & Son's blacksmith shop. Griff did the stepping while George did the fingering and bowing, and it did us much good to watch the performance. Griff told the truth when he remarked, after a hearty laugh, that old fellows should not be dead until after they have died.

A HARD LOT

They prevent Appendicitis and tone up the system. 25c. at E. H. Miller's drug store. 8-1

Crushed Under Locomotive.

He lost one leg and several toes on the other foot, but it is said that he will likely recover from his injuries. 8-1

Kind Words for His Somerset County Friends.

In a recent letter from our big, good-looking friend W. J. Chapman, the well-known Baltimore coal man, who used to have interests in this region, that genial gentleman says:
 "I read your good old lively paper with all my former interest, as I still retain the liveliest and kindest feelings towards all Elk Lick news items, I shall always remember my associations with the good people of Somerset county."

Two Interesting Grantsville News Items.

The two following news items from Grantsville, Md., appeared in last week's Oakland Journal:
 "William Broadwater, the venerable nonagenarian, has recovered from a serious illness and is now able to be about his place. Mr. Broadwater, who has been hale and hearty until a few weeks ago, has made a large garden, and is now able to look after it himself."
 "At the regular meeting of our Town Council, held on Monday last, Nicholas Murphy, of Elk Lick, Pa., was appointed Chief of Police. The question of building a Town Council chamber and lockup was taken up, and Mr. D. W. Dorsey offered to donate a lot worth \$250 for the purpose, which was taken under consideration until next meeting."

A TRAGIC FINISH.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at E. H. Miller's drug store. 50c. and \$1.00. Trial bottle free. 8-1
