EARTHQUAKE DAMAGES SOUTH AMERICAN CITY

disturbance was general hout Chile and was felt at some in the Argentine republic, of the disaster is extremely rowing to the fact that telecommunication is cut off, the having thrown down the telepines.

state of the decision of the subscription of the shocks having thrown down the telegraph lines.

The shocks seriously affected the towns of Rosaria Aranas, Rlo Ja San Luis and Tucuman.

From the few details obtainable it appears that there were five shocks, the disturbance passing south along the Pacific coast and crossing the Andes. The shocks were severe according to the registration of the seismograph instruments. The vproperty loss is enormous. Many houses were thrown down including government houses.

During the night the volcano of the Tupungato was heard roaring and R."

thrown down and the houses.

During the night the volcano of the Tupungato was heard roaring and the people fled to the churches to pray for safety. At San Juan de Andes high winds accompanied the churches to hooks.

MANY EARTHQUAKES IN CHILE

Valparaiso Was Wined Out in 1730 The Convention Endorses Him for

cars and all buildings near the erplosion were annihilated.

Valparaiso itself has been a severe sufferer from such disturbance on more than one occasion.

More than one occasion.

More than a score of great terrestial upheavals have been recorded in Chilean annals. In 1570 the city of La Concepcion was destroyed with a loss of 2,000 lives; in 1647 Santiago, the capital, was overwhelmed and 1,000 lives were lost.

The terrible earthquake of 1730 wiped out Valparaiso, La Senena, La Concepcion and Coquimbo, and every town and village on the coast between La Concepcion and Coquimbo, and every town and village on the coast between La Concepcion was again runed and five other cities were leveled to the ground. Other serious seismic disturbances occurred in 1837, 1851 and 1871.

Valparaiso itself was the scene of control of the controlling stock of the St. Lawrence County Electric & Water Com-

disappeared—all as the result of a collision between union and non-union miners of the Creighton mines of the Pittsburg Plate Glass Company at Kiskiminetas Junction on the West Penn railroad.

Disaster Falls upon Valparaiso With Terrible Effect.

SHOCK WAS FOLLOWED BY MANY

The Disturbance Was General Throughout Chile and Was Felt in Argentine Republic.

At 7.02 o'clock last Thursday evening Valparaiso, Chili, experienced an earthquake of great severity, and during that night \$2 shocks were felt.

Most of the buildings of the city either were ruined or damaged. The loss will be enormous, probably reaching \$250,000,000.

Two thousand persons killed is considered to be a fair estimate of the casualties. Most of the damage was due to fire, which started immediately after the first shock. The whole population is sleeping in the hills, the parks or the streets.

The towns of Vina del Mar, Petor ca, Eleriho, Viejo, Liai Liai, and Secupallar, Chile, have been destroyed the earthquake. In the city of Santiago much damage was done. Many public buildings, particularly churches, were dismantled. The buildings of Congress, the municipal buildings, the normal school the courts, the Peruvian legation, the restience of President Riesco, the central market, the prefecture of police and the National telegraph office all were seriously damaged.

A message from Buenos Ayres says:

The disturbance was general throughout Chile and was felt at some points in the Argentine republic.

CANNON RENOMINATED

President Also.

by Seismic Disturbance—An Important City.

Valparaiso is a fortified seaport of Chile and is the most important commercial town on the western coast of South-America. It is situated on a large bay in the Pacific ocean 75 miles northwest of Santiago.

An amphitheater of heights rising nearly 1,700 feet ascends from the bay and a considerable portion of the city is built on these heights. The lower central section of the city is constituted by the Almendral, with are the principal business houses, regular and attractive streets, where the city park, Plaza Victoria, and National Theater. Northwest of this section is the quarter known as the puerto or port. There are the greater number of public buildings and the vast warehouses which line the quays and docks.

The newer sections of the city liave
