THE ELK LICK DRUG STORE.

DeWitt's Little Early Risers The famous little pills.

The Somerset Democrat is once more springing its favorite annual campaign assertion—that the Democratic party will sweep old Somerset county—but nobody is foolish enough to take Editor Grof seriously. When the sweepings are done, the sweepings will be the Somerset county Democracy, same as heretofore.

MEANS MUCH.

The Meyersdale Council also granted a new franchise to the said company, and practically all the preliminary details are arranged. Sleeping and boarding quarters are now being arranged for the graders, and grading will be in full operation at an early date. The franchise granted by the Salisbury Council appears in this issue of THE STAR.

AT PEACE WITH THE WORLD.

There is nothing so pleasant as that bright, cheerful, at-peace-with-the-world feeling when you sit down to your breakfast. There is nothing so conducive to good work and good results. The healthy man with a healthy mind and body is a better fellow, a better workman, a better citizen than the man or woman who is handicapped by some disability, however slight. A slight disorder of the stomach will derange your body, your thoughts and your disposition. Get away from the morbidness and the blues. Keep your stomach in tune and both your brain and body will respond. Little indiscretions of overeating can be easily corrected, and you will be surprised to see how much better man you are. Try a little Kodol For Dyspepsia after your meals. Sold by E. H. Miller. 9-1

Congressman Cooper.

Hon. Allen Foster Cooper is the right man to vote for this fall for Congress. He stands for the Republican tariff policy, the policy which, as pointed out elsewhere in these columns, stands for the prosperity of the nation in general and of Fayette county in particular.

Besides, he is an able and active member, ever watchful of the interests of his constituents, and his two previous terms have given him much experience. This experience is valuable to his constituency as well as to himself. It takes a few terms to fashion a useful member and establish him in business at Washington. His district then begins to get the value of his position and experience as an older member. A new member is practically "a dead one," while the older the service the greater the influence of an able representative.

Congressman Cooper's district will undoubtedly keep him at Washington, and they will be wise in so doing.—Connellsville Courier.

THE END OF THE WORLD

of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. Sure cure for all Stomach, Liver and Kidney complaints, Blood diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed at E. H. Miller's drug store. 9-1

Republican State Candidates to Visit Meyersdale.

Mr. Edwin Stuart, Republican candidate for Governor, also the other Republican candidates for State office, will be in Meyersdale on Thursday, Sept. 27th. They will speak on the issues of the present campaign, and everybody ought to go and hear them, especially those who need their eyes opened, the duped followers of Emery.

A MYSTERY SOLVED.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant, of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c. at E. H. Miller's drug store. 9-1

THE ISSUE IN A NUTSHELL.

The following from the Philadelphia Inquirer is a whole volume on the political situation in this state:

Lewis Emery advocates certain reforms. Edwin S. Stuart stands for every one of those reforms.

Emery is running on a ticket with three rampant Bryan Democrats and standing on a platform that acclaims Bryan as the next President.

Stuart is running on a ticket with three Republicans, who, like himself, are the sincere supporters of and sympathizers with President Roosevelt.

Pennsylvania is a Republican state, and the administration at Washington needs its endorsement and help.

It ought to be very easy for any real Republican to make up his mind what to do.

Congress and The People.

We believe there is not much ground for the fear that the next Congress will be Democratic. The reasons for this belief are:

1. The people are satisfied with the honesty and efficiency of President Roosevelt's administration. They have confidence in the integrity, and ability and in his purpose to serve the public interest, and they do not wish to handicap or embarrass him with a Congress politically adverse to him.

2. The people are satisfied with the work of the last Congress. It did not do all that was desired of it, but it did much, and has to its credit a larger amount of useful and needed legislation than has been enacted by any other Congress for years. The record of the 59th Congress is a good one on which to go to the people.

3. Democrats themselves are not anxious for any change or interruption in the present business policies of the country. Some politicians, of course, for party purposes, would like to see something doing politically, but the rank and file of the Democratic people are not concerned in this direction. They are busy making money, and have made more of it during the McKinley-Roosevelt regimes than ever before in their lives. They will not be moved by the cries of the politicians for the election of an opposition Congress whose only effect would be to create disturbance and distrust.

For these and other reasons it does not seem probable that the people will elect a Congress hostile to the Roosevelt administration, which has yet a tenure of nearly two years.—Uniontown News Standard.

THE GRIM REAPER.

Last night the death angel entered two Salisbury homes, taking from one an old man in the serene and yellow leaf, from the other a young man in the prime of life.

SAMUEL STANTON.

The subject of this sketch died at about 10 o'clock, last night, at the home of his daughter, Mrs. Aaron C. Maust. He was aged 70 years, and was a resident of Illinois, but came east to visit friends several months ago, being in poor health ever since arriving here. Deceased has two half-brothers, Eli and Uriah Stanton, residing near Grantsville, Md. The body has been sent to Illinois for burial.

JOHN PRYNN.

It is with much sadness that we chronicle the unexpected death of this most excellent man, for his death is a loss to the community as well as to his wife and three little children.

Deceased was a native of England, coming to this country with his family about two years ago. He decided to become a citizen of the United States, and accordingly he purchased a little home and settled down in Salisbury, where he was highly respected by all who knew him, for he was a man of most excellent habits, thrifty, honest, kind-hearted and gentlemanly.

Mr. Prynn followed mining for a livelihood, and some weeks ago sustained an ugly flesh wound by getting one of his legs caught between the bumpers of two mine cars. The wound was not considered dangerous, but it seemed to have affected the man's nervous system, and his death is attributed to heart-failure resulting from weak nerves.

He was feeling as well as usual when he went to bed, last night, but about 2 o'clock in the morning his faithful wife discovered that he was dead. The sad news shocked the whole community, and much sympathy is felt for the bereaved wife and children.

Mr. Prynn was a devout member of the M. E. church, and the funeral will take place Friday, at 2:30 p. m., Rev. L. Z. Robinson, the local M. E. pastor officiating. Deceased was aged 38 years.

C. H. Jennings and J. P. Shirk Hurt in Runaway.

Messrs. C. H. Jennings and J. P. Shirk, of Jennings, Md., were badly hurt in a runaway, yesterday evening, while driving from Grantsville to Jennings.

One of their horses stumbled and fell, and about that time one of the lines broke. Next the team ran against a fence, wrecking the buggy and throwing both occupants out.

Mr. Jennings is reported to be badly bruised and cut about the head, but by morning was able to walk about. Mr. Shirk is said to be far more seriously hurt, but we do not know the nature or extent of his injuries. We have but a meagre report of the accident as we go to press, but we hope to learn that neither of the gentlemen is hurt as bad as reported.

Mr. Jennings is the head of the well known Jennings Lumber firm, also President of the Pennsylvania & Maryland Street Railway Co.

Mr. Shirk is the head of the Garrett Lumber Co.

DON'T DRAG.

Don't drag along with a dull, bilious, heavy feeling. You need a pill. Use DeWitt's Little Early Risers, the famous little pills. Do not sicken or gripe, but results are sure. Sold by E. H. Miller. 9-1

Barn Destroyed by Lightning.

The barn on the old John Folk farm, near Springs, was struck and fired by lightning, last Friday afternoon. The building and most of the contents, consisting of hay, grain, implements, etc., went up in smoke. The owner, Mrs. Elizabeth Shoemaker, had \$500 insurance on the building, but nothing on contents. Her loss is quite heavy.

IN SUMMER.

Why does the sun burn? Why does a mosquito sting? Why do we feel unhappy in the Good Old Summer Time? Answer: we don't. We use DeWitt's Witch Hazel Salve, and these little pills don't bother us. Learn to look for the name of E. C. DeWitt & Co. on the box, to get the genuine. Should be kept handy. Sold by E. H. Miller. 9-1

Supervisors Must Look Out.

It appears to have been determined in Washington county that township supervisors who do not attend to their duty shall be made to by process of law. At the recent term of court various constables reported the roads in impassable condition in a number of townships. Ordinarily a proceeding of this kind does not attract much attention, but the court in this instance thought something should be done about it. The constables' reports were turned over to the District Attorney, and he has written to each delinquent Board of Supervisors to notify them that where an obstruction to travel exists on roads and is due to the neglect of the supervisors they are subject to indictment for a criminal offense, and "the order of the court is that unless repairs are immediately made an indictment will be laid before the grand jury." This is business. It is really what the law requires, but what is not generally done. If the action in Washington county were followed all over the state there would be much less complaint about bad roads.—Philadelphia Press.

Information Concerning The Pennsylvania State College.

In view of the conflicting statements relating to the Presidency and other important positions at The Pennsylvania State College, and in order to give the public definite information, the following official declaration is made:—

General James A. Beaver, the President of the Board of Trustees, has been requested to act as President of the College for the time being, and has signified his willingness to do so.

Dr. Judson P. Welsh, formerly Principal of the Bloomsburg State Normal School, has been elected Vice President and Financial Agent of the College, and also Registrar. He is already giving attention to the details of the College work, and will remove with his family to the College probably before the first of September.

Professor John Hamilton will retain his place as Treasurer of the College, and the details of the Business Office will, as heretofore, be in charge of Mr. John I. Thompson, Jr.

Every Department of the College is fully manned and ready for the usual work at the opening of the term, September 13th, 1906.

Present indications point to the enrollment of the largest Freshman class in the history of the College.

(Signed) H. V. WHITE, Secretary of the Board of Trustees. August 26th, 1906.
