Imery Gubernatorial Movement Loses Some "Heavy Contributors" and Hot Campaign Orators.

A severe blow was given to the men engaged in the campaign of false pretense which has been waged against the Republican party in Pensylvania for the last few years by the revelations growing out of the disastrous failure of the Real Estate Trust

trous failure of the Real Estate Trust company of this city.

It has developed that some of the heaviest contributors to the campaign funds that have been used to defeat Republican nominees and to promote the so-called cause of "civic righteousness" have been criminally responsible for the failure of this trust company, some of them have actually looted the institution, and there is reason to believe that part of the funds belonging to the depositors which were longing to the depositors which were thus stolen were turned over as sub-scriptions to the Lincoln and the City

Party treasurers.

During the recent political revolution in this city, members of the board of directors of this trust company were the most blatant orators among

wealth of Pennsylvania and the city of Philadelphia were being robbed right and left, that the taxpayers' money was being squandered, and that "the lid" must be lifted at Harrisburg so that all the rascality which they alleged existed in the management of the state treasury could be exposed footbuilth. forthwith

And Berry "Lifted the Lid."
They demanded the election of William H. Berry, a Democrat, to the state treasury, just as prior to the closing of the trust company, they were insisting upon the election of Lewis Emery, Jr., to the governorship, along with his three Bryanite Democratic colleagues, who make up the state ticket.

These "reform" leaders believed that they could continue to fool the people despite the fact that Berry was elected state treasurer and Berry had

"lifted the lid" at Harrisburg.

In the lifting of "the lid" Berry showed that the so-called reformers lied when they said the state treasury had been mismanaged and that the Williams Livery. All good travelers and suitable for either young or old persons. J. W. Williams, proprietor

Instead of protecting their deposits, he was engaged in promoting so-called reform ommpaigns, espousing the cause of men like Berry and Emery, serving on the "advisory board" of serving on the "advisory board" of Mayor Weaver, sending big checks to the City Party campaign fund, attend-ing their meetings, denouncing public officials and invariably making Repub-

when the Democrats demanded this place he was slated for the Lincoln Party nomination for the state senate

It is needless to say that Mr. Henry will not run for state senator this year. When the sensational charges were being made against Republican officials, there was none more vicious, none more vindictive among the Lin-coln Party leaders than Mr. Henry. He demanded the election of Berry and was to have taken the stump for Emery, but he and other members of his board of directors will be missed from the list of Emery spellbinders.

Stuart Meets the Issue. The speech of Edwin S. Stuart, the Republican nominee for governor, at the meeting in Lehigh county on Saturday last, in which he demanded that greater protection shall be given de-positors in banks and trust companies, has been widely and favorably com-mented upon. He declared that in the event of his election to the governorship he will urge the legislature to re-vise the state bank laws, to increase the number of examiners so that there shall be more frequent and thorough investigations of the condition of bank ing institutions, and that in order that this shall not be an additional burden upon the general taxpayers, he advo-cated a special tax upon the capital of such banking institutions, to meet the expense of these additional examiners and examinations.

Citizens Party In Allegheny and Many Members of City Party In Philadel phia For Republican State Ticket.

(Special Correspondence.) Harrisburg, September 11. Supporters of Edwin S. Stuart, the Republican nominee for governor, and his colleagues on the state ticket, have

had gratifying reports from two ends of the state this week. First, from Allegheny county came the news that the leaders of the Citi the news that the leaders of the Citi-zens Party, the local reform organi-zation which succeeded in electing George W. Guthrie mayor of Pitts-burg, have decided to support the en-tire Republican state ticket. They pro-pose to confine their independent po-liting overstions to local affects. In litical operations to local affairs. In the state campaign they will vote the full Republican ticket from Stuart down, and also for all of the Republi-

can candidates for congress. While State Chairman Wesley R. Andrews has been getting gratifying reports from all of the Republican ounty chairmen in the interior coun ties, the state committee leaving the management of the canvass in the counties of Allegheny and Philadelphia to the local organiations, he has not got better news from anywhere than he has received from both these

In Philadelphia, where former Mayor Stuart is best known, a strong move-ment has been started in his interest among the members of the City Party. Leaders in that party have formed an organization with the view to voting for the Republican state nominees and for Republican nominees for con-

gress.

The chairman of the movement was one of the most active men upon the stump for Berry and the fusion ticket last fall. He was counted upon by the Emery managers to accompany their candidate for governor on his tour of the state. Lincolnite Campaign Chair man Gable was chagrined a few days ago when he learned that this gifted spellbinder is going to speak for Ed-win S. Stuart this fall. His name is George W. Sturmer. He is styled "the locomotive engineer orator." and he is very widely known throughout Pennsylvania.

position to the City Party voters of Philadelphia, Mr. Sturmer, among other things, said:

"The City Party voters are going to confine their attention to local affairs this fall, that is, those of them who are Republicans. They believe that the mixing of state and nation politics in this, a semi-national election, is fraught with grave dangers to the cause of civic regeneration, and if carried further, means the total annihilation of the reform forces next February.

"The ticket nominated by the Democratic party and endorsed by the Lincoln party, which was led by many men high in the councils of the City Party, is not satisfactory to a large proportion of the City Party voters. The election of Mr. Emery, who, while an honest man, would carry into office the executive offices at Harrisburg. Suppose Mr. Emery, if elected, should die. The entire state administration of this rock-ribbed Republican state would be in the hands of the Democratic party.
