Mr. and Mrs. Levi Liehliter and their daughter, Mrs. Frank Farmer, who had been visiting friends in Illinois and Iowa for a month, returned home last week. They report a very pleasant visit, and all returned feeling that they were greatly benefited in health by the trip.

Last Thursday a 12-year-old daughter of Mr. and Mrs. George Stark, of West Salisbury, died. The child had been suffering with heart disease for about four years, and death was caused thereby. The funeral took place last Saturday, conducted by Rev. L. Z. Robinson, of the M. E. church.

William Wintzleb has in his yard on South Warren avenue a large apple tree in bloom. He says he never saw anything like it before, and as an evidence of good faith took to his barber shop a fine bouquet of the fragrant blossoms. Mr. Wintzleb is doubtful, however, about harvesting a crop of apples from the freak blossoms.—Apollo News-Record.

Think of Dr. Shoop's Catarrh Cure if your nose and throat discharges—if your breath is foul or feverish. This snow white soothing balm contains Oil of Eucalyptus, Thymol, Menthol, etc., incorporated into an imported, cream-like, velvety petrolatum. It soothes, heals, purifies, controls. Call at our store for free trial box. Elk Lick Pharmacy. 12-1

Our friend W. N. Michael, of Frostburg, Md., was a welcome caller at THE STAR office this morning. Mr. Michael will be remembered by many of our readers as the genial and popular manager of the Elk Lick Supply Company's store in 1898. He is now a commercial salesman, and he never comes to Salisbury without calling at THE STAR office, where he is always welcome.

Give children a remedy with a pleasant taste. Don't force unpleasant medicine down their throats, Kennedy's Laxative (containing Honey and Tar) is most pleasant to take. Children like it, and as a relief for colds, coughs, etc., there is nothing better. No opiates. Conforms to National Pure Food and Drug Law. Sold by E. H. Miller. 12-1

The Rev. Frank P. Saylor foolishly imagines that he bears a resemblance to Abraham Lincoln, and he took great pride in calling attention to that belief while stumping the county for office during the late political campaign. Well, the Rev. Frank P. looks more like 30 cents than anything else, since the election, regardless as to who or what he resembled before.

Dr. Wm. Collins, an old-time dentist who served as associate judge in this county from 1882 to 1887, died on Wednesday morning of last week at the residence of his grandson, Sheriff Wm. C. Begley. Deceased was in his 88th year. Dr. Collins was at one time a resident of Elk Lick township, and it is said that he was the first man to manufacture lime in this locality and use it for agricultural purposes.

Here is our condensed opinion of the Original Laxative Cough Syrup: "Nearly all other cough syrups are constipating, especially those containing opiates. Kennedy's Laxative (containing Honey and Tar) moves the bowels. Contains no opiates. Conforms to the National Pure Food and Drug Law. Sold by E. H. Miller. 12-1

We are very late in getting to press again this week, owing to one day's illness of Printer John Johnston and one day that the editor lost by missing a train in Pittsburg, first of the week. As a result, much interesting matter must again go by the board, owing to our inability to get it into type, under the circumstances, for this issue of the paper. We expect to catch up with our work again, next week.

We regret to announce that S. P. Young and family, who are engaged in the millinery business here, will move to Rockwood about Dec. 10th. Mr. Young has purchased a farm near Rockwood and will go into the dairying business. The Youngs are excellent people and did a good business in Salisbury. Their many friends here will all be sorry to see them move away, but all unite in wishing them much success in their new venture.

Preventics, as the name implies, prevent all Colds and Grippe when "taken at the sneeze stage." Preventics are toothsome candy tablets. Preventics dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. Preventics are thoroughly safe for children, and as effectual for adults. Sold and recommended in 5 cent and 25 cent boxes by Elk Lick Pharmacy. 12-1

Hon. E. D. Miller, of Rockwood, who is connected with the pure food department of Pennsylvania, has started a crusade against the Pullman Company for alleged violations of the pure food laws. Thirty-three cases have been instituted by him and several other agents in the western part of the state. The company is charged with serving with their meals milk and cream adulterated with formaldehyde, says the Somerset Standard.

Last election day was the first time in the history of Salisbury, since the birth of the Republican party, that the Republicans did not have a representative on the election board. The board consisted of Oscar Wagner, Lincolnite,

Judge; P. M. Wahl, Democrat, Majority Inspector; Theoph. Wagner, Socialist, Minority Inspector; Ira Hay, Democrat, and Ben Wagner, Socialist, clerks. A combination of the Democrats and Sorehead Republican bolters are responsible for the strange make-up of the board.

J. C. Smith, who is a prosperous farmer, living near Luthersburg, recently saw an article in the Weekly Express to the effect that a gentleman in Westmoreland county had raised some apples measuring 12 3/4 inches in circumference. To show that Clearfield county is in the running, Mr. Smith brought three apples to this office today, each of which measured 13 3/4 inches in circumference. They are the product of Mr. Smith's farm near Luthersburg, and are certainly beauties.—Dubois Express.

"For years I starved, then I bought a 50 cent bottle of Kodol Dyspepsia Cure, and what that bottle benefited me all the gold in Georgia could not buy. I kept on taking it and in two months I went back to my work as a machinist. In three months I was as well and hearty as I ever was. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper."—C. N. Cornell, Roding, Ga., Aug. 27, 1906. Kodol is sold here by E. H. Miller. 12-1

That an apiary in connection with a farm can be made profitable is in evidence by the results attained at the home of D. A. Fulmer, of Breedtown. Yesterday Mr. Fulmer brought his honey to Titusville. The season's output weighed approximately 4,000 pounds. There will be no difficulty in securing an average of 15 cents a pound for it, and the net proceeds will be about \$600. This is more than the average farmer of Venango county makes in a year by tilling the soil. It emphasizes the value of specialization.—Titusville Herald.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish, dry nose means sickness with a dog. And so with the human lips. Dry, cracked and colorless lips mean feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips, apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free, trial box at our store, and be convinced. Large nickel capped glass jars, 25 cents. Elk Lick Pharmacy. 12-1

A wild goose weighing 33 pounds is about as big as any ever heard of in these parts, and those who have seen a number of such fowls say that this one is a whopper. A. T. Bagnall captured the bird and has it at his home on the East Side, where it is held in a coop. Bagnall was at work, Sunday, when he was attracted by a strange noise overhead. Looking up he saw a large bird flying low above his head. The bird flew directly into and against an electric wire, and the blow stunned it. It fell into the car on which the man was working, and he picked the goose up. He took the fowl home that evening, and many friends have called to see it, for when weighed it tipped the scales at 33 pounds, and is believed to be the largest wild goose ever seen hereabouts.—Conneaut Post-Herald.

The best treatment for indigestion and troubles of the stomach is to rest the stomach. It can be rested by starvation or by the use of a good digestant which will digest the food eaten, thus taking the work off the stomach. At the proper temperature, a single teaspoonful of Kodol will wholly digest 3,000 grains of food. It relieves the present annoyance, puts the stomach in shape to satisfactorily perform its functions. Good for indigestion, sour stomach, flatulence, palpitation of the heart and dyspepsia. Kodol is made in strict conformity with the National Pure Food and Drug Law. Sold by E. H. Miller. 12-1

The man who grudgingly gives his local paper an "ad." with the same spirit that he hands out a nickel to a tramp, while not altogether an extinct animal, is rapidly growing so, we are glad to note. The smallest circulated paper but very seldom fails to give many times the value of the price asked for advertising space, and the most successful advertisers in every moderately sized community are free to admit that the local weekly is one of the greatest factors which make for their success. Progressive men see in the columns of the home weekly a mine of great wealth, which is theirs when intelligently utilized. Failure in advertising is not so much the result of the medium used and the space occupied, as it is the lack of ability on the part of the advertiser to make his wants intelligently known.—Exchange.

Banking Commissioner Berkey recently appointed James M. Cover, of Somerset, to serve as one of the bank examiners which he has the power to appoint. The position carries a fine salary with it, and Mr. Cover is being congratulated by his many friends on securing the position. Mr. Cover has had considerable banking experience, and was also Register and Recorder of deeds in this county, from 1896 to 1899. He is a man of fine ability in mathematics, and politically he is a sturdy Republican. He used to train with the Scull crowd while they were loyal to the Republican party, but when the Scull brothers attempted to lead their party bodily into the Democratic faction, Mr. Cover was one of the many stalwarts who preferred to cut loose from Scull leadership and remain with the G. O. P. He acted wisely.
