Here is our condensed opinion of the Original Laxative Cough Syrup: "Nearly all other cough syrups are constipating, especially those containing opiates. "Well, I may be mistaken," answered Mabel, "but I know it was either St. Paul or Minneapolis."

Give children a remedy with a pleasant taste. Don't force unpleasant medicine down their throats, Kennedy's Laxative (containing Honey and Tar is most pleasant to take. James C. Begley, of Somerset, has taken charge of the Berlin Gleaner as editor thereof. Sir Thomas Lipton, who visited Bridgeport, Conn., recently, made a visit to the factory of the American Graphophone Company, and was shown the manner in which records are made. He was so greatly interested in the operation that he made a cylinder record himself on which he related one of his inimitable stories explaining how it happens that he has not won the America's Cup. This was reproduced, immediately, on the Twentieth Century graphophone, very much to Sir Thomas's delight. Several artists from the Record Making Department of the Columbia Phonograph Company, in New York, were present, and Mr. Frank C. Stanley, the well known baritone, sang "Tommy, Tommy Lipton," a travesty of "Tommy Atkins," rendering it with fine effect, and to the great enjoyment of all who heard it.

Preventives, as the name implies, prevent all Colds and Grippe when "taken at the sneeze stage." Preventives are toothsome candy tablets. Preventives dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. Preventives are thoroughly safe for children, and as effectual for adults. Sold and recommended in 5 cent and 25 cent boxes by Elk Lick Pharmacy. 12-1

A Westmoreland county farmer predicts a hard winter ahead. Corn husks are very thick and the stalks lean to the west. Frogs are searching the hollows of mill ponds and mudholes to find the deepest places. Geese, ducks and chickens are growing a coat of fur under their feathers, and are rubbing their feet to harden them. All the one-eyed owls are leaving the country a month

earlier than usual. Bob-tailed squirrels are laying up extra provisions. Rabbit ears are shorter than ever because they expect them to be frozen. Fungus growths on old logs have wrinkles in them. The last time this happened it froze the handles off the plows. Groundhogs are sitting with humped-up look and tails. Cows' udders are full of pieces of flannel to wrap up their tails, and hogs are rotating their way to the middle of hay stacks. All these signs indicate 30 degrees below zero from November through to May.—Connellsville Courier.

"For years I starved, then I bought a 50 cent bottle of Kodol Dyspepsia Cure, and what that bottle benefited me all the gold in Georgia could not buy. I kept on taking it and in two months I went back to my work as machinist. In three months I was as well and hearty as I ever was. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper."—C. N. Cornell, Roding, Ga., Aug. 27, 1906. Kodol is sold here by E. H. Miller. 12-1

Rev. J. C. Mackey to Locate in Uniontown.

Rev. J. C. Mackey, who resided in Salisbury five or six years ago, serving as pastor of the Brethren church here for about two years, is soon to locate in Uniontown, Pa. Since leaving here, Rev. Mackey was located in Ohio, Kansas and Nebraska, his present charge being Carleton, Neb.

In a letter received from him bearing date of November 13th, Rev. Mackey takes occasion to say the following kind things concerning THE STAR:

"THE STAR comes regularly, and we are not tired of it, either. It is like an old friend who gets closer as the years go by. I am not watching the date when my subscription is due, but when your reminder appears it will be O. K. I have not yet reached the point when I can think better of myself for getting warm when told that the other fellow needs his money. So you attend to that, while I enjoy the paper.

"By the way, we expect to return to Pennsylvania, Jan. 1st, and make our home in Uniontown. Can scarcely wait to get back to the old Keystone."

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish, dry nose means sickness with a dog. And so with the human lip. Dry, cracked and colorless lips mean feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips, apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free trial box, at our store, and be convinced. Large nickel capped glass jars, 25 cents. Elk Lick Pharmacy. 12-1

Salisbury Now Has Six Hacks Per Day.

On Tuesday John Schramm and Frank Wagner started a new hack line between Salisbury and Meyersdale, thus giving C. W. Stotler's well established mail and passenger hack line pretty stiff opposition. The new line consists of two hacks daily, each way, except Sunday, and the proprietors advertise quick trips, owing to the fact that they have no mails to bother with.

However, Mr. Stotler, the mail contractor, has decided not to be outdone, and accordingly he has added another hack to his line, calling the new one the One-Hour Hack, and which is making two trips each way daily, except Sunday, and covering the distance between Salisbury and Meyersdale in one hour.

By the two lines we now have six hacks each way between the two towns, two leaving Salisbury at 8 a. m., one at 9 a. m., one at 1 p. m., one at 2 p. m., and one at 3 p. m. Returning they all leave Meyersdale shortly after the arrival of the passenger trains, both in the forenoon and in the afternoon.

There must be big money in the hack business to cause such activity in that line, and if the spirited competition keeps up, Salisbury will not need the trolley line.

The best treatment for indigestion and troubles of the stomach is to rest the stomach. It can be rested by starvation or by the use of a good digestant which will digest the food eaten, thus taking the work off the stomach. At the proper temperature, a single teaspoonful of Kodol will wholly digest 3,000 grains of food. It relieves the present annoyance, puts the stomach in shape to satisfactorily perform its functions. Good for indigestion, sour stomach, flatulence, palpitation of the heart and dyspepsia. Kodol is made in strict conformity with the National Pure Food and Drug Law. Sold by E. H. Miller. 12-1

Better Stay on the Farm.

Young man, do not take up the study of medicine unless you are certain that you are fitted for carrying out for yourself a brilliant future in that profession. About 12,200 medical graduates are being turned out by the colleges each year, while there is need of only about 2,500, according to one of our most distinguished practitioners. Better stay at home on the farm where brain, brawn and energy will always win its own reward. The well-to-do farmer of today is the most independent man on the green footstool.—Ex.
