The Lehigh Valley Railroad Company will in a few days issue a formal order for every employe in the telegraph department and on trains to take the pledge of total abstinence and keep it in force during the time of their employment on the road. Henry Johnson, of Shade township, has withdrawn his indictment against the Putman brothers and John Sivits, whom he had arrested on the charge of having murdered Mrs. Catherine Stauffer, and the latter have since sued Johnson for defamation of character, false imprisonment, etc., and he is held in the sum of \$3,000 bail for his appearance at court. It is said that Johnson was recently treated to a shower of hen fruit at Hooversville, while trying to get witnesses against the Putmans and Sivits.

WANTED!—10 men in each state to travel, distribute samples of our goods and tack signs. Salary \$85.00 per month; \$3.00 per day for expenses. SAUNDERS CO., Department P. No. 46 Jackson Boulevard, Chicago, Ill. 3-28

It would astonish many of us sometimes if we could know what our neighbors think of us. Every man has some kind of a standing in the community where he lives, and he is sized up a great deal closer than he has any idea of. You may set it down as a fact that there isn't a twelve-year-old boy in the neighborhood who hasn't his opinion of you, and he wouldn't be slow about expressing it, either, if a stranger should ask him for it. Every man is always making character, whether he is doing anything else or not.

Willie wailed and Winnie wheezed, while wintry winds whined weirdly. Willie wriggled while Winnie wheezed wretchedly. Wisdom whispers, winter winds whir whistles. Wherefore we write, "Use Kenney's Laxative Cough Syrup." Nothing else so good. Sold by E. H. Miller. 3-1

In commenting on our editorial advocating the removal of ladies' hats in church, which was printed in our issue of Feb. 14th, the Oakland Journal says: "Hats off to Editor Livengood," and then adds that the Journal commends the article to the earnest consideration of the ladies of Oakland. And right here we wish to add that many people have told us in person since we published the editorial referred to that they most heartily approve of everything it contained, and all men will welcome the day when women remove their headgear while in attendance at church.

A liquid cold relief with a laxative principle which drives out the cold through a copious action of the bowels, and a healing principle which lingers in the throat and stops the cough—that is Kenney's Laxative Cough Syrup. Safe and sure in its action; pleasant to take; and conforms to National Pure Food and Drug Law. Contains no opiates. Sold by E. H. Miller. 3-1

The dog law is to be changed, in that it is proposed to register and tax all dogs, requiring a fee to be paid for each animal registered, and description given, the fees to be paid at the time of registry. Animals so registered must be tagged and kept under control same as other live stock. A fee of \$2 per head will be paid by the state to some authorized official for the killing of all dogs thus not registered. This movement is being pushed with vigor by those who regard the dog while running at large as a serious menace to human life, as well as destructive to live stock and other property.

J. R. Joy, who came here from his new home in Donora, Pa., last Thursday, was in very poor health when he arrived, and the same day he had to be put to bed. He was very sick, at the Valley House, for several days, but is again able to be about. On March 9th,

at 10:30 a. m., he intends to offer his desirable property in this town at public sale. It ought to bring a good price, for it is ideally located and comprises over three acres of land in the highest state of cultivation, on which is one of the "finest springs in the community, lots of choice fruit, etc. It is a property admirably adapted for the hotel, poultry, hot house or trucking business. Full description will be given on posters that will be issued from this office in a few days.

While George Woodward was running a sawmill in the mountains of Adams county, near Gettysburg, he discovered the petrified head and neck of a human being imbedded in a large oak log. Woodward removed the head and has shipped it to Dr. G. W. Tate, of Altoona, for examination. The head was of perfect proportions, the features being preserved to the minutest details. Ears, nose, mouth, eyes, eyebrows, and even the lines of the face were plainly visible. The unusual color of the face was the only thing which detracted from its lifelike appearance. The tree was cut near Lewis' (the robber) cave. It is supposed the head belonged to one of the victims of this noted outlaw. Lewis, the robber, committed many murders along the old Shippenburg road. Numerous expeditions were sent against him, but owing to his impregnable stronghold in South mountain, he always successfully resisted attack.—Hyndman Bulletin.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by Elk Lick Pharmacy. 3-1

A humorist has said that "the Mississippi River is so crooked in places that a steamer going south has been known to meet itself coming north, give passing signals, and narrowly escape a collision with itself." Because man has never been able to make the Mississippi obedient and content to stay in one particular channel, many interesting geographical situations have arisen. There are innumerable old channels threading back and forth through the forests of the lowlands, and whenever there is an overflow or a particular heavy freshet, the river is quite liable to wander off down one of these old channels and leave some shipping point high and dry. The town of Delta used to be three miles below Vicksburg, but a cut-off changed things so it is now two miles above that point. Another little place, called Blue's Point, was formerly located in Mississippi, but one spring when times were dull and the river needed a diversion, it changed its channel and transferred Blue's Point over into Arkansas. If the big river had taken such a twist between Missouri and Illinois, before the war, it would have removed slaves from one state to another, and thus set them free.

Nothing will relieve Indigestion that is not a thorough digestant. Kodol digests what you eat and allows the stomach to rest—recuperate—grow strong again. KODOL is a solution of digestive acids and as nearly as possible approximates the digestive juices that are found in the stomach. KODOL takes the work of digestion off the digestive organs, and while performing this work itself does greatly assist the stomach to a thorough rest. In addition the ingredients of KODOL are such as to make it a corrective of the highest efficiency, and by its action the stomach is restored to its normal activity and power. KODOL is manufactured in strict conformity with the National Pure Food and Drug Law. Sold by E. H. Miller. 3-1

## Ignored by Grand Jury.

The Grand Jury has ignored the indictment against W. V. Marshall, the new Berlin postmaster, who was recently caused to be arrested by his political enemies on a flimsy charge of having furnished liquor to influence votes at last fall's election.

And now Marshall will have his inings, and owing to information made by him, Constable Mays, of Berlin, in his quarterly return to the court on Monday morning charged P. J. McGrath and Robert S. Meyers with violations of the liquor laws of 13th May, 1887. The return says McGrath sold to persons of known intemperate habits, naming Charles Saylor as witness; that he sold to minors, naming Elmer Brant as witness; charges that he furnished liquor to Robert S. Meyers on Sunday, naming Weller Saylor, Peter Zimmerman, Ed. Kimmel, A. L. Dorn, Albert Sanner, Sam Knepper as witnesses. McGrath and Meyers are charged jointly with selling on Sunday and on election day.

## MURDER CASES POSTPONED.

The Miller and Flickinger murder cases have both been postponed, and will likely come up for trial at the May term of court. The Miller case was postponed at the request of District Attorney Meyers, who announced that the Commonwealth is now busy on very important evidence which cannot be gotten ready for admission to the trial at the present term. The Flickinger case has been continued on account of the sickness of Flickinger's principal witness.

# Cough keep you awake?

Our White Pine Cough Balsam with tar touches the tickle. It is very unwise to let it run on. Many times a cough is nothing more than a slight cold, and can be stopped by the use of our Pine Balsam. This is just the season of the year when the cool, blustering wind and nipping air are making coughs and colds pretty fast. If you are one of the victims, you need something, and we have that something. We are pretty positive about that.

A little alum and a little common salt in equal parts, pulverized and applied to an aching tooth with a little wet cotton, will in nine cases out of ten stop the pain almost instantly. This is worth remembering. It is far better than oil of cloves, creosote, etc., and no harmful results can follow, says an exchange.
