#### First Class Getting Along.

Twenty years ago a discourag young doctor in one of our large citie was visited by his father, who came u from a rural district to look after his boy. "Well, my son," he said, "how are you getting, along?"

"I'm not getting along at all," was the disheartening answer. "I'm not doing a thing."

The old man's countenance fell, but he spoke of courage and perseverance. Later in the day he went with his son to the "Free Dispensary," where the young doctor had an unsalaried position, and where he spent an hour or more every day.

The father sat by, a silent, but intensely interested spectator, while twenty-five poor unfortunates received help. The doctor forgot his visitor while he bent his skilled energies to his task; but hardly had the door closed on the last patient, when the old man burst forth: "I thought you told me you were not doing a thing! Why, if I had helped twenty-five people in the month as much as you have in one morning, I would thank God that my life counted for something."

"There isn't any money in it, though, explained the son, somewhat abashed "Money!" the old man shouted, still scornfully. "Money! What is money in comparison with being of use t your fellow-men? Never mind about your money; go right along at this work every day. I'll go back to the farm and gladly earn money to support you as long as you live-yes, and sleep sound every night with the thought that I have helped you to help your fellow-men."-Weekly Witness.

#### THE BLANKS WE KEEP

The following blanks can be obtained at all times at THE STAR office: Leases, Mortgages, Deeds, Judgment Bonds, Common Bonds, Judgment Notes, Receipt Books, Landlord's Notice to Tenents, Constable Sale Blanks, Summons Execution for Debt. Notice of Claims for Collection, Commitments, Subpoe mas. Criminal Warrants, etc.

#### BUSINESS MEN ORGANIZE.

The Berlin Branch of the Retail Merchants' Protective Association was organized Tuesday evening by election of a president, vice president, secretary and treasurer. A committee on a constitution and by-laws for the government of the organization was appointed. The business men feel that such an organization should have been effected long ago, and the proposition met with the hearty approval of all of them. A local in every town in the county will be organized at the earliest possible date, and a county organiza-tion is also to be effected. One of the objects of the organization is to publish a complete list of names of persons in every town and surrounding territory who will not pay their bills, thus depriving them of credit with all the business men who are members of the organization. It was decided to give the delinquent debtors a chance to settle up before placing them on the "Dead Beat" list .- Berlin Record.

It is indeed time for the business men to organize. for deadbeatism has got to be a profession with a whole lot of people who carry all their surplus change, and a good deal of it that isn't surplus, to the saloon-keepers, while the merchant, butcher, baker, printer, blacksmith, shoemaker and about everybody else is supposed to wait until the deadbeats get ready to pay them. The thing to do is to compel the deadbeats and booze-hoisters to pay for the necessary and useful things of life, or let them look to the booze dispensers, where they blow in all their cash, to supply them.

#### Hoskins, the Injunction Violator, Loses His Suit Against the Somerset Coal Company.

This week Judge James W. Gailbraith, of Butler, is assisting Judge F. J. Kooser, and whenever it is possible to do so, sessions are held in both court rooms. Judge Kooser is determined to clean up the old cases.

Judge James W. Gailbraith ordered a non-suit in the case of John W. Hoskins, a Summit township miner, who was attempting to recover damages from the Somerset Coal Company in the sum of ten thousand dollars for alleged false imprisonment and de famation of character. His attorneys

-Alexander King and Valentine Hay -have asked for an exception, and it s said an appeal to a higher court will be made.

This action, so far as the Somerset Court is concerned, is the closing incident of the famous Elk Lick mining strike of 1904. It will be remembered that after the strike was declared in December, 1904, a number of depredations were committed upon the proper ty of the Somerset Coal Company, during the strike. An injunction was obained from Judge Kooser, restraining the officers of the miners' union and all others from going upon the property of t' e company to interfere with its oper-

ations. The Court's injunction was violated, nd it was alleged that Hoskins was among the offenders. Upon allega tions made by the coal company. Hos kins and several others were arrested upon attachment, which did not per mit of bail, and placed in jail until Judge Kooser found time to hear the

During the twelve days of Hoskins nearceration he attempted to give bail, but of course could not do so. It was for this imprisonment that he claimed damages

After the testimony of the plaintiff vas taken, Judge Galbraith dismissed the case. He held that a court of common pleas could not review the action of a court in equity .-- Somerset Stand-

#### Telegraph Rates Increased.

Since April 1, when the new schedule went into effect, the public has to pay about 20 per cent. more for its tele graph messages over the Western Union and Postal lines than it did before that date. The senders of ten-word messages are the chief sufferers of the increase, as it does not affec the "extra" word patrons of the companies like newspapers and other large users of the telegraph lines. The nev schedule will increase the companies earning by millions. Their excuse is that they increased the wages of their employes 10 per cent. The increase of tolls offsets 30 per cent. increase in wages.

Q. Why should I invest in a lot in

Arlington Park

A. Simply because if you want to make money it is an exceptional epportunity.

Q. What guarantee have I that it will make money?

A. Its proximity to McKeesport and Wilmerding and East Pittsburg—the

greatest manufacturing towns in the Pittsburg district—makes it the best industrial cal estate in the United States.

Q. In the United States?

A. Yes, in the entire country there is not a manufacturing district that equals Greater Pittsburg and nowhere is realty enhancing so rapidly in value. Q. You say industrial realty-why?

A. Industrial realty is land either in manufacturing district or adjoining it and as the manufacturing indus tries enlarge they employ more help—the latter need homes—this creates a demand for the land and with the demand come increased values. short, no realty has made so many fortunes as has industrial real estate Q. Well, what will enhance the val-

of Arlington Park? A. Arlington Park adjoins Wilmerding, the home of the Westing house Airbrake company, and all the availa-ble building lots have been improved with houses. Arlington Park is but a short distance from East Pittsburg and Turtle Creek, the homes of the Westinghouse electric company's plants, and in both these towns every building lot has been sold—in fact, of the 22,000 workmen employed in the Westinghouse plants over 18,000 of them are compelled to live miles away from their work simply because they cannot find homes near their work. Until Arlington Park was divided into

lots these conditions existed.
Q. Then why do the workmen not buy these lots? A. Many of them have already done so and are erecting homes—but there are many who, working all day, do not have the time to undertake the building of a home and are waiting for some one else to take this trouble They will buy or rent but will not

Q. Why do you think they will buy

or rent?

A. The history of the surrounding A. The history of the same country proves it. There is not a vacant house in the district now. Every house being erected has buyers or a waiting its completion. The tenants awaiting its completion. The man or woman who buys and builds is assured immediate returns, or if they hold their property the surrounding improvements will enhance the value of their property.

of their property.

Q. Why do you not build yourselves?

A. We are building a number of houses—as many as our means will permit—but the demand is greater

than we can supply.

Q. Again I ask, what proof have I of this? of this?

A. Only a few years ago when the Westi rhouse plants located in the Turtle Creek valley an acre of land in Wilmerding was readily purchased at less than \$5,000. Today the major portion of the city is worth ten times that much per acre. In fact, six blocks away from Arlington Park acrese is held at from \$10,000 to \$25,000 age is held at from \$10,000 to \$25,000 for a 25-foot front lot, or from \$150,000 to \$200,000 per acre. You can buy an acre in Arlington Park for \$800 up and we can show you letters from customers who have realized handsomely upon their investment

Q. But how can one of moderate income take advantage of this opportu

nity?

A. You can buy an acre lot in Arlington Park on easy terms—\$25 secures any lot and \$8 up to \$25 a month pays for it. If you will write for our booklet, which tells all about John W. Brown, Jr., to Wm. A. Fry, this money-making proposition, and Confluence, \$730. Address

G. M. CYPHER & CO., McKeesport, Pa. Q. Well, I can buy here any time? A. That's a question. You may be able to buy later, but it is a fact that you will have to pay more. Those who act quick get the low prices as ullin, in Windber, \$1400.

A. J. Folk heirs to John Niner, in ulators get the lots you will pay more and the terms will not be so easy.

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That stablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalities the blood circulation.

If you have a headache it's blood pressure.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause.
If you are sleepless, restless, nervous, it's blood

If you are sleepless, restless, nerrous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.
